Historical Notes: Realistic Living is a 501(c)(3) nonprofit organization incorporated in the state of Texas, USA in 1984. The mission of Realistic Living is to clarify the essential Christian heritage and to promote and inspire its practice through small groups. This mission is carried out by conducting research into the core challenges of our times; by writing essays, books, journals, newsletters, and manuals; and by organizing training events and small circles which meet weekly. We are involved in interreligious dialogue, solitary religious practice, innovative leadership and educational methods, bioregional organizing, and progressive social change. We view religion as an essential process in every society that can corrupt or enrich every other social process. We emphasize experimentation with the solitary and communal expressions of a Next Christianity which includes both personal healing and ethical implications for neighborhoods and the planet. **Sources:** [Realistic Living](#)
