Historical Notes: The Fellowship Community, founded in 1966, is a community of all ages, centered around the care of the elderly. About 150 elderly, children and coworkers live in a rural setting of farm, woods and orchards about 30 miles north-west of New York City. Working and learning together in service to others and in caring for the earth is the central motif of the community life. Those who are interested in a path of self-development in the process of building and maintaining community might find this a place of interest. The legal responsibility for the community is carried by the Rudolf Steiner Fellowship Foundation, Inc., a 501(c)(3) non-profit licensed by the State of New York as an adult care facility. **Sources:** [Fellowship Community](#)
