Abstract: This collection consists of newsletters and conference information.

Historical Notes: in 1976, soon after the founding of what is now the Communal Studies Association, a group of scholars started a new organization with a broader focus, that of utopianism generally, including, but not limited to, intentional communities. That organization continues to promote utopian scholarship, holds an annual conference, and publishes a journal, *Utopian Studies*, as well as a newsletter, *Utopus Discovered*. **Sources:** Miller, Timothy. *The encyclopedic guide to American intentional communities*. 2nd ed. Clinton, New York: Richard W. Couper Press, 2015. pg. 412.
