Historical Notes: Morninglory was established in 1969. We are a village of separate households of single people and families scattered over 100 hilly wooded acres. We homestead in varying degrees, use only solar electricity and wood heat, and grow organically most of our fruits and vegetables. We've spent 39 years learning how to be good neighbors, which has been a worthwhile process. Most of our children were home birthed and are homeschooled; ages two years to nineteen. Swimming in our pond, trampolining, tobogganing, snowshoeing, full-moon drumming, new-moon women's circles, music jams, and potlucks are some of the things we do for fun. We all share a love of nature and music making. We are all involved with the surrounding and supportive rural community in varying degrees.
