Hello sweetheart!

How is my little lump of sugar feeling by now? I hope that you have fully recovered from your illness and that you are now able to be back at work. I wish I could have been there to tuck you into bed because after all a person should know how to do those things in case some thing like that should happen later on in life. Tell me if you think I should have been there.

I was glad that you liked your box of candy I sent you for Easter. It wasn't much but, I just wanted to show you that I do have a heart. Especially when it comes to sweet little things like you.

Now about the ring Lovette asked you about. Don't get all hot and bothered over a little thing like that after all I couldn't even afford to buy a Liberty magazine let alone

a diamond ring and another thing if I ever do buy one I'll be there to put it on the girls finger. Cabish? (At least for understand)

I was just wondering if you were still coming out to Iowa when I get back? I've decided to go on a three day spree and I would like very much to have you along. Think you'd care to go? If so let me know and I'll get a reserved ticket for you.

I'm still looking for that picture and if it doesn't get here soon you and I will have a little talk over in the corner. (Of the tower). I still think you ought to get me a nice photo of yourself posing like the girls in the "Artists Sketch Pad" do. Let me know if I'm right or wrong about it.

By the way where's the boy friend you've been taking to Meinal over the week ends? I suppose by the time I get back he'll have an opinion on the state of

Indiana Dad I won't be able to set foot in  
it.

Dee Ann, this is about all I can  
think of to write now so I'll close and  
hope to hear from you soon. Please  
enclose <sup>your</sup> ring in your next letter.  
(Telephone number.)

Lots of Love  
"Cy"

P.S. You still didn't answer the question  
I asked you about collecting those pieces on  
the back of these letters when I get  
back.
