

Hawaii, Island
June, 7, 1942

Dearest Ann,

Well at last I got a letter today and that was the first one in six weeks so you can see how I felt. I sure was glad to hear from you. Ann I wrote you a letter last Sunday and I told you that I wouldn't write again until I got a letter from you. So Ann just forgot that letter and I haven't heard from home yet sometime I just think that they have forgot me altogether. So Ann I guess you are the only one who think of me after all. Ann I got some pictures so I am going to send them to you. You can have them enlarge. And keep the ones you want and give them to Laura and tell her to give some of them to ~~the~~ my mother because I know she wants some of them. Especially the ones I am on. So Ann will you please do that for me. I know you will. Well Ann we really are ~~really~~ going through a big job now just ~~is~~ waiting for the damn job to come I sure hope they don't come I guess you heard that they are

trying to take midway now that is getting
closer to this place. But if they ever
do try to take this place they will
really find out something because
we are really ready for them. Ann
you said that Martin left for the
army the 22 of May do you know where
he is at I sure would like to get
his address and tell him how the
army life is over here. It sure is
a lot of difference over here. Ann
did Raymond Ernst ever go to the army
yet. I Ann the next time you
write how about you telling me
all the news back home. Well Ann
I sure don't know of any more news
so I will close for this time hoping
to hear from you really soon. So if
them picture get to you will you
please do this for me. Ann Good Bye
am lots of good luck to you. and I
hope the I will get to see you soon
