Dearest Ann,

How are you getting along by now I hope
fine like myself. Ann the first thing I
am going to tell you is that I am on K.P.
for a whole week and I am really pissed off
about it all I do all day long is walk
~~to the post office~~ + paper, Ann if you don't
think that this a job well you can
just try it some time.

Ann you said that you saw Alfred
Schilling how does he look in his Army
uniform, Boy I sure wish I could get to
wear a nice O.D. uniform again all
we have got over here is C.K.C. But
I am getting so used to them that I don't
care what the hell I wear.

Ann so you did go up to Siberia
again I thought you told me that you
would never go back up there again
Just can't stay away from there
can you?

Well I see were you are going to
quit school or go to work, Well

You might as well because I sure can't
save any money ~~we~~ maybe you could
save some, Then after I get back we can
at least have a couple of good night of
fun, Ann you asked why I can't
save any money well first of all I don't
get but 60 a month ~~now~~ you know
how I am if I got any money well I
am still the same old way, I guess after
I get back I will just have to let you
take care of my money "About I."

Ann you asked me what I would
like for Christmas well there are just
a lot of things I would like to have
for Christmas, "Most of all I would sure
like to be with you"

Ann I don't want you to send me
anything because it is hard to say if
I will be around he at that time, So
ann you don't have to send me any thing
but here is one thing you can do for me
an that is say a couple of prayers for
me & ann if you don't mind you can
get a mass said for me.
