Dearest Anna

I was going to town an I got already
to go an I went an asked for my
pass an he said that I couldn't go
because I didn't have my bed made
up right this morning well I am
about mad enough to blow up
and if he every try that again
he will be wishing that he would
be over in Japan + Germany or some
place like that because there are
about fifty guys that are ready to
do the same thing that I am, Anna
I was going to have my picture taken
tonite but I don't know when I will
get it now but I am going to try
about Monday or Tuesday, Anna I am
getting a little more used to the army
life now I think it won't be so bad
after a couple more week but I will
never like it, Anna there was about
200 boys left here yesterday and they went

up to Ill. an if I could have got by with
it I sure would of went with them but
mayke they will ship me up there some
were at least I hope they will I could
come home and see you about every
two week because you can get a three
day pass every two weeks So Anna
you can say a couple of prayer so
I get some place near home becaul I
sure would like to see you just for
one more time because we went to a
meeting this afternoon and the way
they said it looks pretty bad for
us, but I hope I will be one of the
lucky ones he said that there will be
boys falling on both sides of us but
that we had to keep right on going
anna I am telling you if they go to
falling on both sides of me I am going
to find me a hole some were if I can
but he said that wouldn't help any.
He said that you had to have luck
Well I hope I am lucky don't you
anna I got a letter from Mart this
week and he said that he was up home
Sunday and he said that he had a good
time well I know he did because we
