Dearest Ann

Well Ann I guess you think that I forgot about you well I didn't forget you that would take more then what I have been through. But Ann I almost forgot everybody last week I went to sick call last Wed. and the first thing they done was to take me to the hospital and they took my temperature and it was up to 104 they said boy it was time you got here the time you did but I didn't feel so bad at the time but after I was in the hospital for about 40 or 5 hours I really begin to feel bad. Ann I just hurt all over I didn't care for nothing anymore Ann they really take care of you in the hospital I had to stay in there for a week I still don't know what was wrong with me they never did tell me. all I know I was sick as "hell." and what I mean sick. Ann when you get this letter I guess you

will be sore at me but just take it
easy because I couldn't write because
I didn't have any paper or nothing.
and in this army life you can't tell
your brother or sister to get you this
or that you just got to do without and
in the hospital when body come to see
you you just lay there and wait
till you get better Ann so much for
that hospital life I don't want no
more of it. Ann you said that
Louise Sahn died well isn't that too
bad I sure don't know how the Siberia
boys will get along without her not
being there. Ann you said that you
had an other appendix spell hear last week
well you better take care of it before it
is to late because you know what it
will do for you if you don't so the
next time you get an attack why don't
you go an have then taken out because
they will have to come out sooner or
later. Ann you said that you would
like to send me a box of cake or coffee
well you don't have to send them
