Dearest, Ann

Received your letter the other day,
and I really felt little about it
But Ann I was really pissed
off at the world, just came back
from my furlough & seen how the
people were living and I know
they are just the same way back
home they don't even know that
there is a war going on,

and then I had a letter
from Betty & she was trying to
~~tell~~ me how to write my
letters she told me to act like
a man & not a child, so I
wrote & told her what she can
do.

Ann, then you came along with
a letter which wasn't so good

you told me if I did care to
write to you that I should tell
you, Ann, so I was down
in the dumps

So I just wrote what I thought
of I didn't care what the hell
went on,

Ann I have told you before
I didn't care what you don't
because I would do the same thing,
that is up to you,

Ann about me writing you more
often I just can't think of a damn
thing to write,

Ann you asked me if anyone told
me something about you know they
didn't & I wouldn't even believe
them if they did. oh about Betty
why don't you tell her off if
she says anything to you

Ann, you can do just what
you please about this letter
I know I have don't some

dirty thing to you even when I
was back home, I don't know
but if it would have been any
body else, They would of really told
me off a long time ago.

Ann I know you were still going
to school when I have the first
date with you, so I guess I
am to blame for everything thing
you have don't,

Ann you said that you would
like to be with me, + you could
get everything straight with I wish
I could be with you once again.
do you know that it is two
years since we have been to
gether, now that is too damn
long, Don't you think so. and
it looks like it might be
two more.

So Ann if you answer this

letter I will keep on writing to
you but Ann I won't write until
I get an answer from this on.

Ann so until you do. I will
be looking for one. Until that
time I don't care what you do
to you know it An after this
war is over I will come & see
what you have to say.

Ann I can't think of any
thing else to write so I will
close. Wishing you a Merry
Christmas & a Happy New Year.

you know that it is two
years since we had our last
letter, now that is too long
long, don't you think so, and
it looks like it might be
two more.

So Ann if you remember this
