To Miss Ann Ruser  
St Meinrad  
Indiana

Dearest Ann,

I am off for this afternoon so I will try  
and write you a couple of lines. But sure don't  
know of a damn thing to write. You said  
in your last letter that you didn't get  
to go no place. Well I guess it is kind of  
hard to get to go places with nobody  
around there but Ann you ought to  
be please to stay at home. I know the  
boys that are in the army would like  
to stay at home if they could only  
get there on the way it looks to me  
it will be a couple of years before  
they will every see home again  
So Ann you might as well get used  
to it. You said that if I would  
join the army with slender of  
winter I would still be back in the  
states yes I think I would and the  
way every thing turned out after that  
But that is the way girls are "and you  
know it" You thought you could make  
that Joe well I could of told you that  
in the beginning. But I couldn't tell you

anything, I got paid today and that \$6.00 didn't look  
so bad I am going to town tomorrow on a three  
day pass so after I get back I will let  
you know just how these kula gals  
are. Ann I don't know of any more news  
for this time I don't know if I will be  
here very long but keep on writing Amen good  
Bye & lots of good luck to you

As Ever Yours

Leo

One sheet of paper Sir.
