

Oahu, Hawaii
July 4th

Dear June,

I meant to ask in my last letter for Bob's address but forgot it. I received a letter from him a while back and somehow misplaced the address so I have been unable to answer. When you write him the next time let him know the story in my delay and send me his address so I can answer.

Today is the 4th of July and I have the day off, so I am taking full advantage of it. Just laying around and writing a few letters. This afternoon I am going to a beer party so it looks like a pretty good day.

Yesterday I had quite a time, went deep sea fishing for the first time. I was out in one of these [redacted] but I think the fish were out in the Atlantic Ocean as I didn't see a one. That didn't bother me though as I never have gone fishing and caught anything. The coxswain let me steer the boat so I had quite a time just driving around in the ocean and riding the breakers.

At meal time we took the small boat back to the
and ate there. No wonder they get fat
in the navy as they get all the food. That
afternoon I went swimming awhile so all in all
it was quite a day.

Tell everyone at home and for God's sake
don't tell me that Dinny is going to have red hair.
Dye it or something, may be even cut it off and see
if it won't come in a different color. If theres any
thing I don't like in a girl, its red hair.

Well I just wanted to let you know
that I am thinking of you and that I can write
more than once a week (sometimes) Write when
ever you can and tell Mary hello.

Your brother
Carm.
