UNITED STATES SIGNAL CORPS

OWEN M. HAMILTON
LEXINGTON, KY.

Sat. A.M.

Dear June,

It is Sat. morning and I find myself unable to sleep so I thought I would catch up on my letter writing.

I have been sleeping so much out at school lately that I can't sleep when I get home. It has really been a joke the way things have been going on out there. The instructor we had claimed that he liked the night shift. His reason for thinking that I guess is because he can sleep 24 hours a day. No sooner than he would come to class he would be asleep. It was really comical the way things went on. He would sleep and the class would yell and throw paper wads. It was remarkable the way he could wake up just before smoke periods and lunch time. At any rate we weren't learning a thing so some of the fellow complained about it to the office. As a result they fired him and we now have a fellow that knows his stuff. So we will start learning down again and try to learn something.

I got a letter from mother yesterday and she seems to be getting along pretty good.

(Over)

I know that she must get pretty lonesome at times so I try to write her as much as possible. Do you tell her often? I remember that she always looked for you to call her every morning and when you wouldn't she would wonder what was the matter. We should really do all we can to make her happy as she has had a awfully hard time.

I will be home Thanksgiving if nothing unforeseen comes up. As yet I haven't got my home sick mainly because it wouldn't do me any good as there would be nothing I could do ~~but~~ about it. Lexington is a pretty fine town though and doesn't give you a chance to think about home.

I attended church last Sunday and think I will start going every Sunday as that wouldn't be a very bad idea.

Well I am going to close for now as it is about time to eat. Let me hear from you when you get a chance.

Love,

Orson
