

Jan. 11

Sunday Afternoon,

Dear June,

I am sorry that I haven't answered before now but when you are on this 3:15-12:00 shift you don't get a chance to do anything.

I went to a Signal Corp dance last night and as a result I am not feeling so sharp today. They have a dance for us about every month and they are quite the thing.

Mother, I guess, has told you that I moved the other day. Well I am really in a swell place now and located in a good part of town. You should see it as there are a lot of trees and sort of a park behind our house. I get room and board for \$35 a month, which is some cheaper than I was getting & by looking at the two places I can hardly see how I can get this for less.

They started us drilling the first of last week and we spend a half hour a day doing close order drills, etc. I am really glad as I like to march & the training will come in handy when we go into active duty.

Things are really going along at school & it does seem possible that we have good as far as we have. We go through the course studying army equipment & we only have 3 more items to study although we will spend quite a bit of time on those 3. I guess we will be about 7 more weeks in this course.

(over)

It sure was swell being home over Christmas
& it really was swell of you & Morgan for the
presents and good time you showed me.

Well June, I am going to else for now
& try to get my letter writing caught up. I
haven't written anybody for over a week and
I now owe everybody a letter. Take care of
everything and tell Morgan hello. By the
way, how is Mac's cold?

Love,
Owen.
