

Dear June,

Sunday Morning

Just a line to let you know I am alright.

I had been planning to meet Bob at Montgomery for the past 3 weeks but at the last minute I was unable to get out. It sure is hard to get used to not being able to live your own life and come and go as you please.

Mother told me that John Burns is overseas now. That sure was a surprise as I thought he was still at Crowder. By the way did Bob make the flying cadets?

I haven't heard from Mother yet and sure wish they would hurry because I don't have to much time left down here.

I sure would hate to miss my  
third degree being this near to  
it.

Well June will close for now  
and hope you and May are well.  
I got those pictures we took my  
last day home and sure do like  
them a lot. How was the movies?  
I sure wish I could see them.

Well write soon.

June  
Owen
