

CAMP
CROWDER
MISSOURI

Monday Evening
6-3-43

Dear Jim,

Well if nothing happens, I will be home about the 1st of July. I signed for my furlow today and should get it as soon as I finish school the 29th.

Dont say anything to Mom as I really want to surprise her so what ever you do, dont tell her anything.

I want to find out about catching a plane home as a soldier can ride army planes for a dollar if you can find one going your way. It will make it worth looking into as it would save me a lot of money.

This sure is a lucky break as I wont get another chance for awhile to get home. You see when we get back from our furlows we are ready to be shipped to our tactical unit and it could be that I would be across before long.

Well June I am going to close for
now so will see you before long. Hope
this finds you all well. Let me hear
from you when you get a chance.

Yours
Owen.
