

800TH
SIGNAL TRAINING REGIMENT
CAMP CROWDER, MISSOURI

Monday Evening,
8-17-43 (F.F.S.H.)

Dear June,

Preserve the stationery but I am out of the other end don't want to buy any more this late in the day.

I will be ready to pull out Friday and I sure hope it is home for a few days. I won't know definitely till Sat though but will let you all know right away.

Went down to Dallas over the weekend and sure had a swell time. By the way I got those matches when I came in last night, I thank a lot. To get back to Texas, I got a good home cooked meal, the first I have had since coming in the army and boy it sure hit the spot.

You should see the place I went to. It is just like I had away paternal Texas, a Mexican styled house out in the open country with a few hills in the back ground. The house is new and one of those

kind that covers a lot of ground and
is just one story high. It had a
red tile roof and the floor where
tile and each room on different elevation.

Also meet some good looking gals
and if I get back that way I will
sure want to see Dallas.

I started to call the Joneses
but I couldn't think which one
did so to save my self some
unpleasant I let it go.

Well Jones will love for now
and ~~sure~~ hope I see you soon.
Tell Morgan hello.

Jones
Over.
