1987

a photographic safari

Dear Reader:

The album of our photographic safari covers the time span from August 1986 to May 1987. Our study examines an area called the University of Southern Indiana Campus and its inhabitants. We have documented all major events of this unique and intriguing group. A large section is donated to their social groups and activities with comments from the species.

The senior members are a special sub-species. Toward the end of the year they are commonly referred to as graduates. They go through a particularly mundane ceremony that is documented in the events section.

The community's chiefs are named Vice-Presidents with the head chief called the President. The tribal council has the title of the Board of Trustees.

The final sub-species documented in our pictorial account are given reverence by all other members of the society and are named faculty or administration depending on territorial control of the individual. Scientists have long known that the university setting is an excellent ground for study of the species known as college student. I believe that this study of the University of Southern Indiana will be of particular interest to you now and in the years to come.

# ACTIVITIES

Our expedition arrived in the territory called the USI campus just as a group named freshmen were going through the initiation ceremonies.

There was a group of elders called AMIGOs leading them in the ritual. They were given a number of training sessions and engaged in games of skill and chance while being entertained by a goodwill group of society members named feathershakers.

The extravaganza lasted two days. Our pictorial account shows the AMIGOs (the ones that are dressed in native costume) continuing their orientation and photos of the freshmen participating in the games of chance.

# ORIENTATION

# OPEN HOUSE

Festivities are held in the fall and the surrounding inhabitants are invited to join in. The campus welcomes the guests into each department. A group in the community called secretaries, make apple butter to sample and sell to the guests.

*Sherianne Standley*  
Vice-president for University Relations

Open House is held annually at the University of Southern Indiana to give families, community residents, and families of students an opportunity to visit campus on a weekend when all facilities are open. Students and faculty arrange displays in the various academic areas, the Mid America Singers perform in mini-concerts, American Food Management offers a rare buffet meal, intramural contests continue normally, all PAC recreation is open, and both walking and riding tours are conducted by student orientation leaders—AMIGOs. This year the Physical Plant staff offered a hayride for youngsters and it accentuated the pioneer setting staged by the Secretaries of USI at their annual apple butter stir and sale at Eicher Barn. The 1986 event was held on a beautiful autumn day and many of the visitors welcomed the opportunity to visit Indiana's newest state university when fall colors were resplendent, the climate invigorating, and the intellectual offerings stimulating.

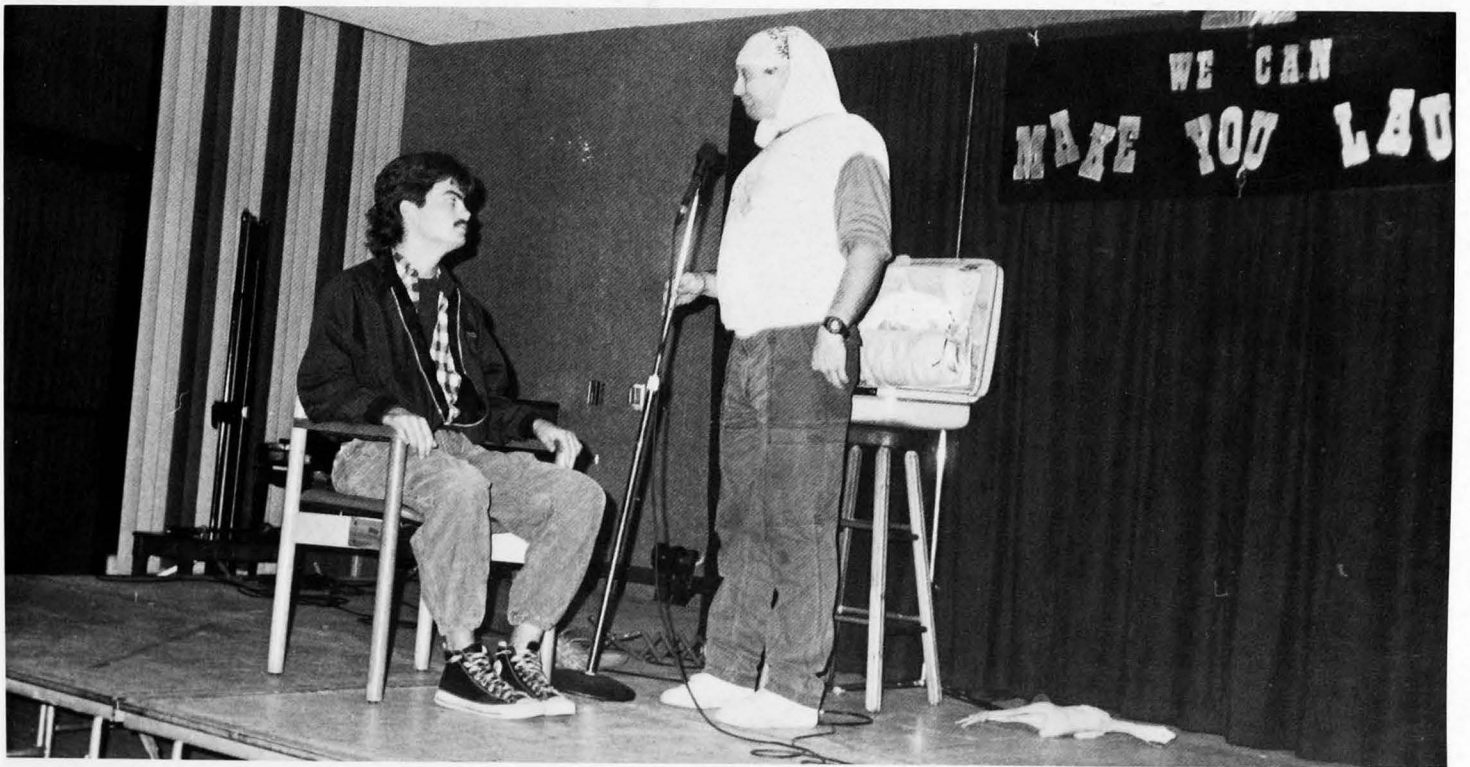

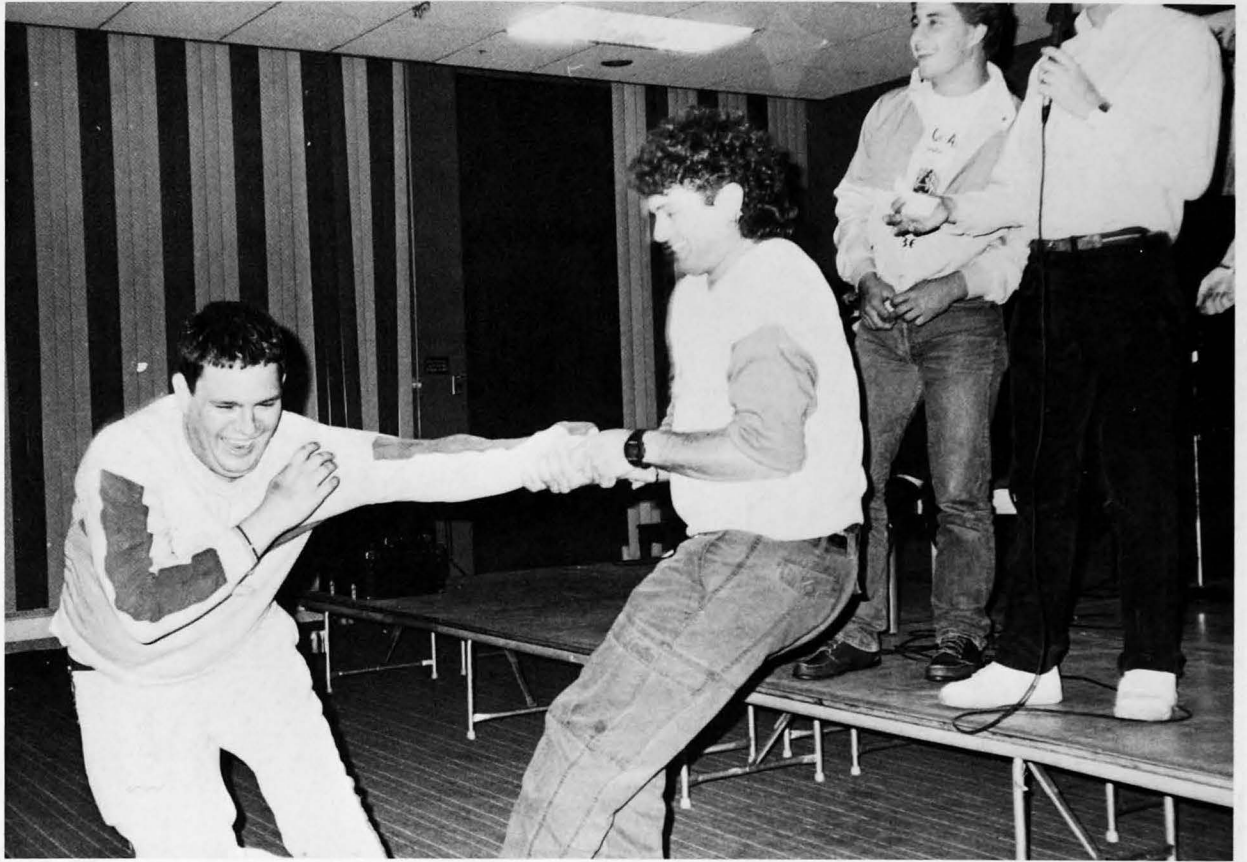

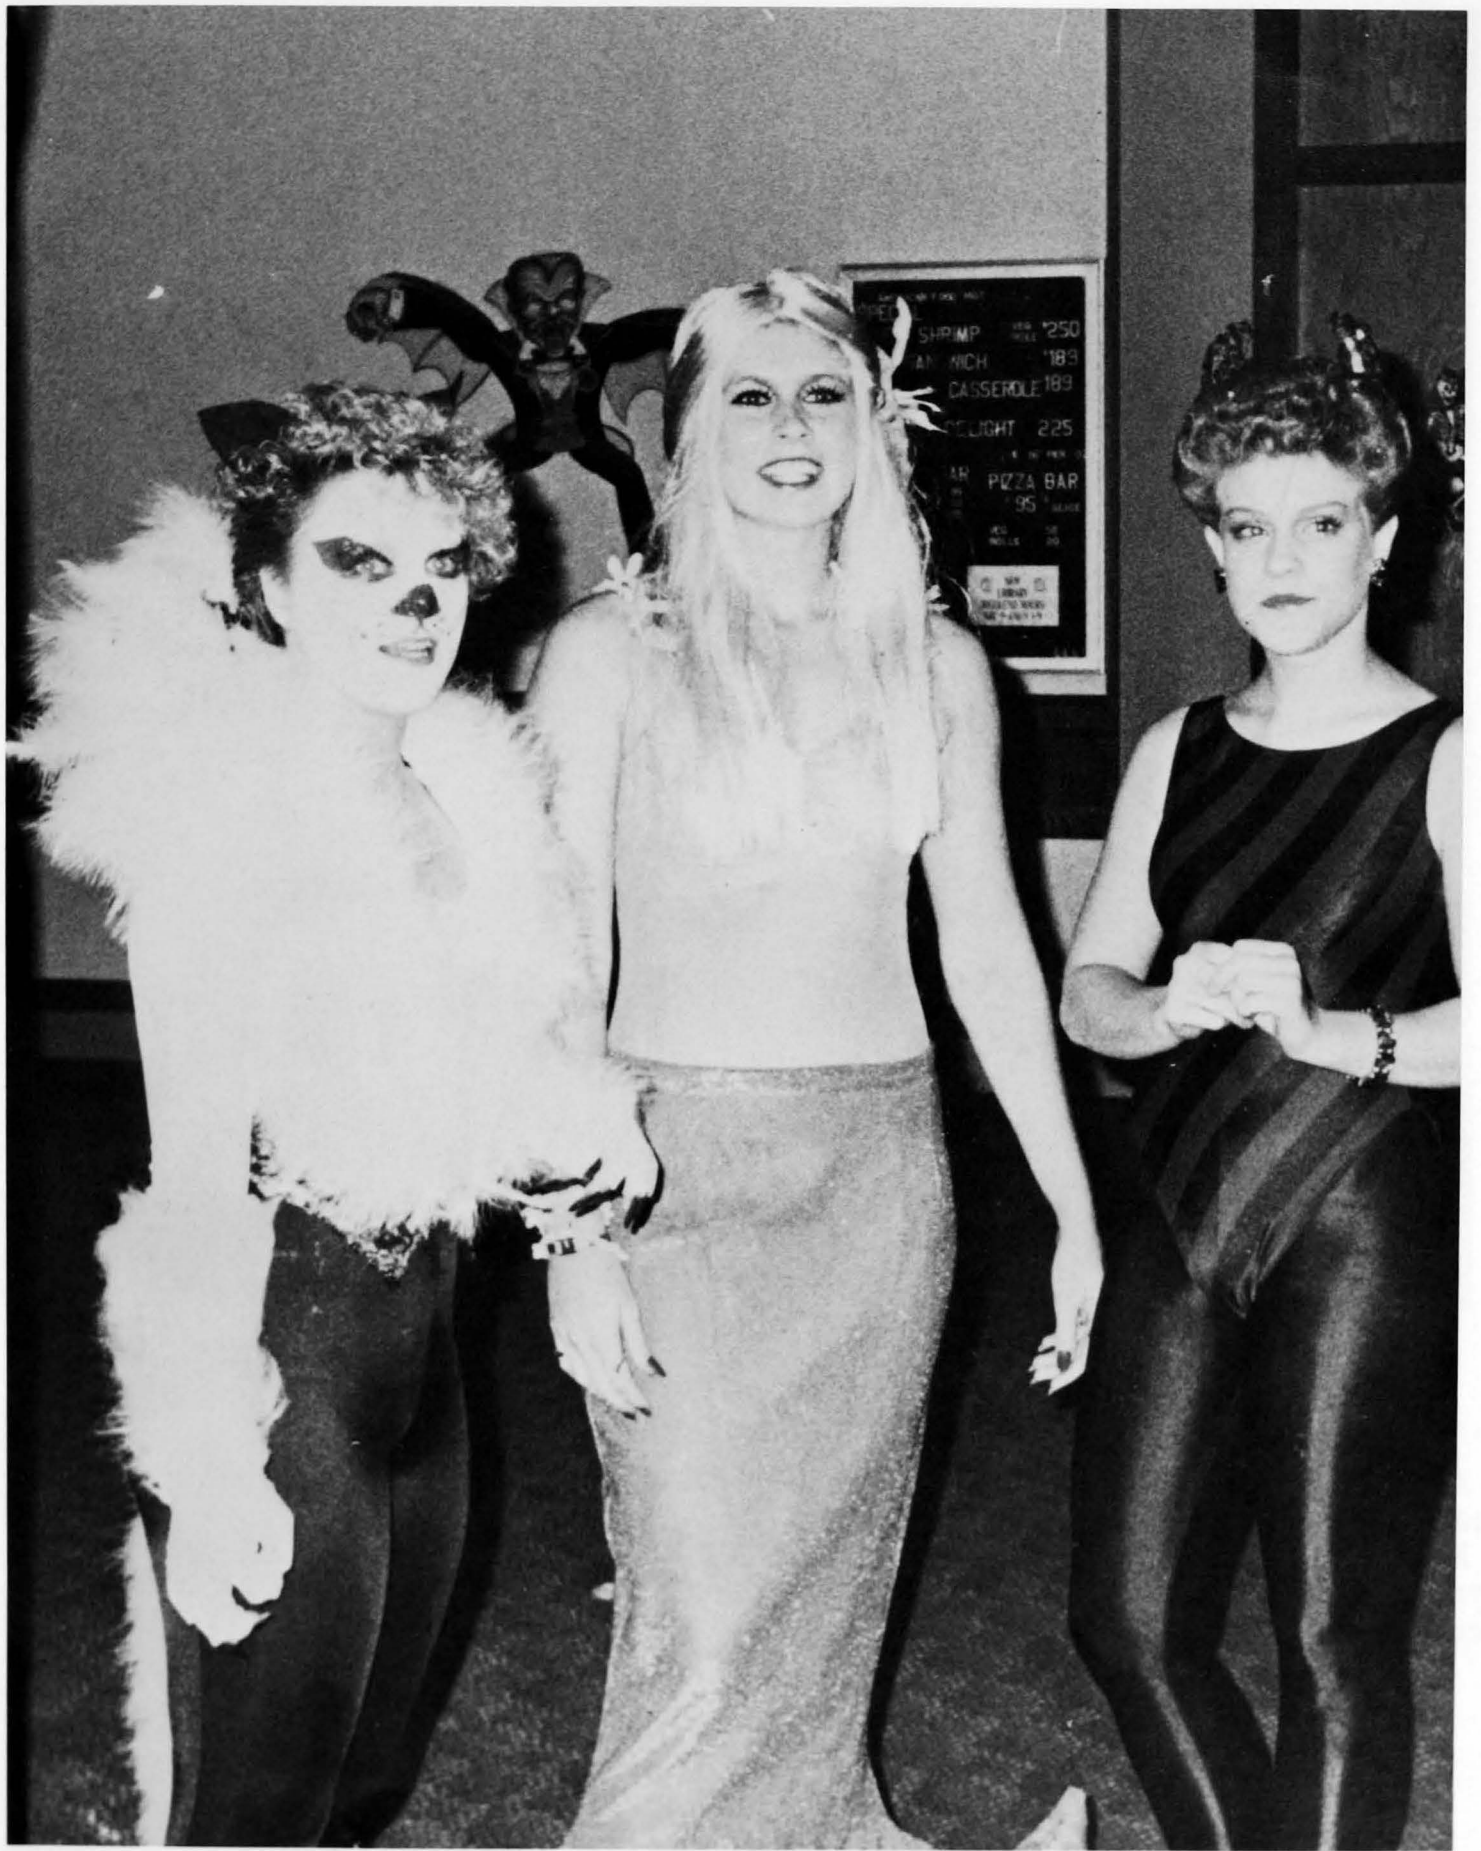

# HALLOWEEN MADNESS

Halloween Madness is a week long celebration put on by a student group called Activities Programming Board (APB). The inhabitants dress up in costumes. APB invited three visitors to provide entertainment for the group. The title of the program was "Make Me Laugh." I never quite understood the object, but it was very interesting. Our pictures document some of the costumes and entertainment.

## “GOODBYE PEOPLE”

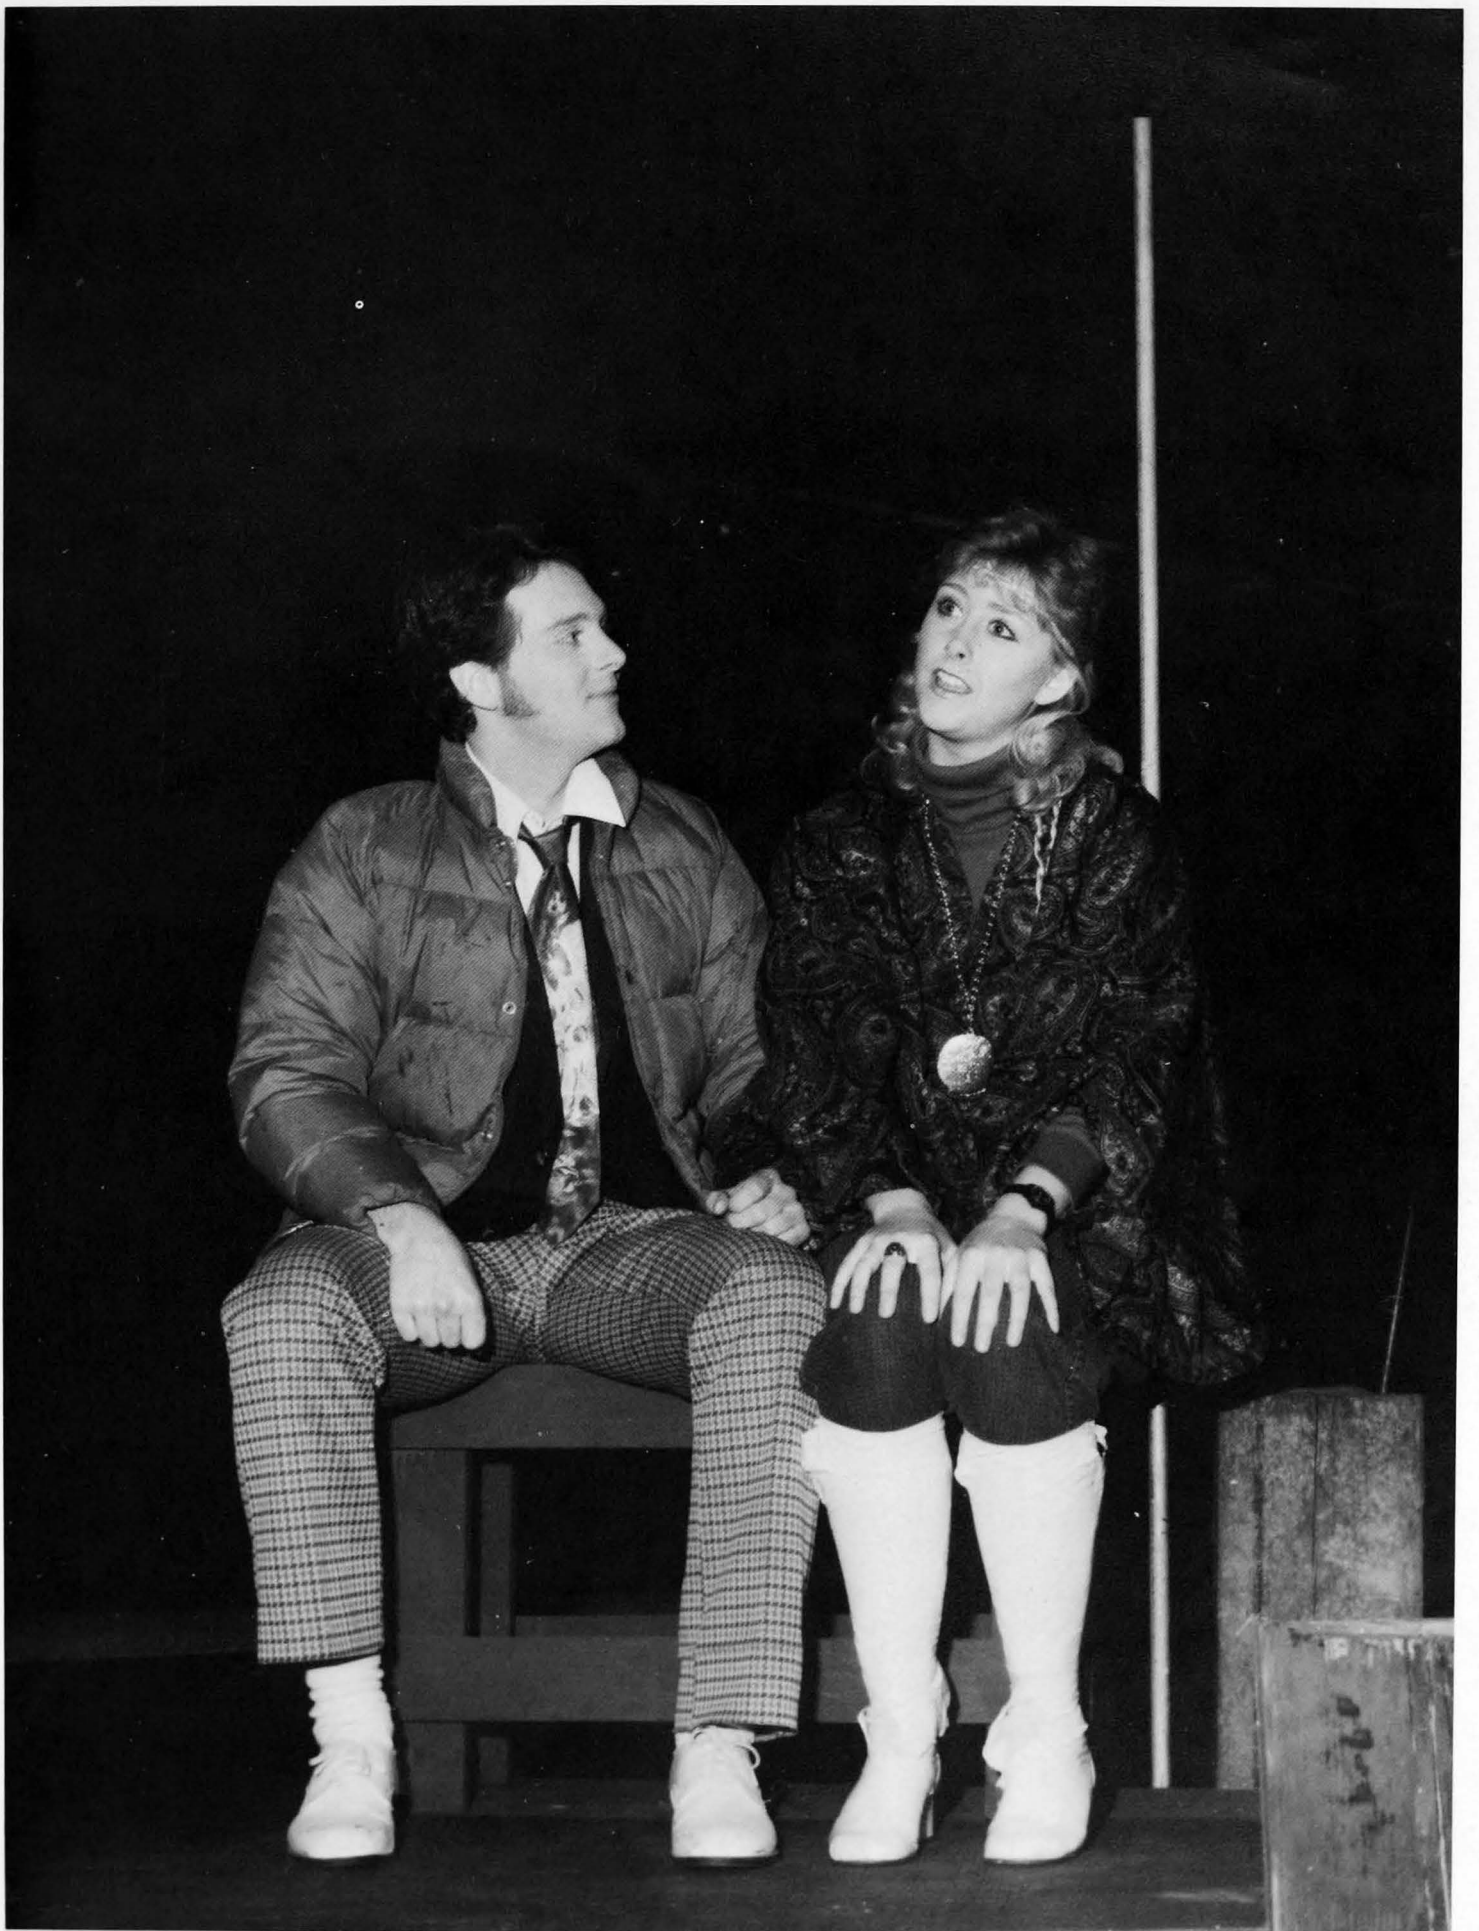

As we spent more time with the tribe we were accepted. We were invited to a special performance of their theatre group in the late fall. They performed “The Goodbye People.”

Mr. Douglas Hubbell directed this mixed group of participants. Mr. Hubbell made special arrangements for us to photograph the group during a rehearsal for inclusion in our journal account. The documentation is of the cast in costume.

**MADRIGALS**

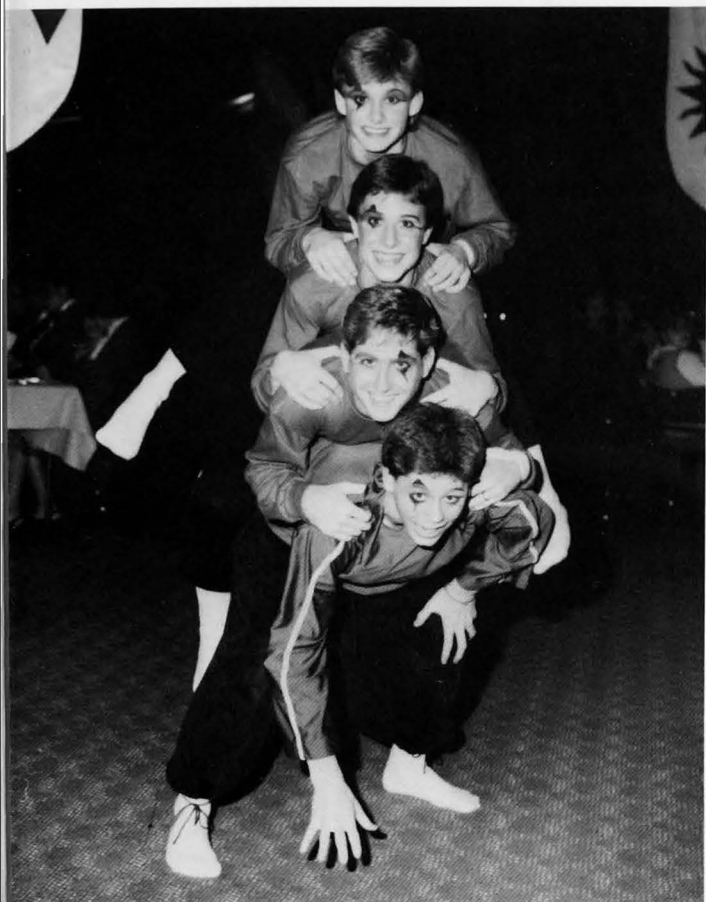

In December, the group celebrates by joining for a feast and entertainment. The entertainers wear Elizabethan costumes and perform 14th-16th century music for their annual Madrigal Dinner.

The menu included wassail, soupe of beef and barley, baran of beef and plum pudding. The entertainment included court jesters and acrobats.

# CHRISTMAS AT NEW HARMONY

The tribal members are closely associated with a nearby community called New Harmony. At Christmas time we were invited to join the tribe in visiting the nearby community.

The streets and homes were decorated. As we walked through the town, it was as if we belonged there. It was pleasant to feel at home during the holiday season.

The photos show street scenes and local inhabitants displaying how they celebrate the yuletide.

# BASKETBALL HOMECOMING

The tribe engages in games of sport with teams from surrounding areas. During one of the games, a special celebration is held. A honorary king and queen are picked from selected candidates to preside over the celebration. The ruling couple were Todd Duncan and Tammy Burris.

The night was a true success. The tribe won their battle with the visiting team and the celebration lasted well into the night.

The photos include some of the contest, the ruling couple and the court of dukes and duchesses.

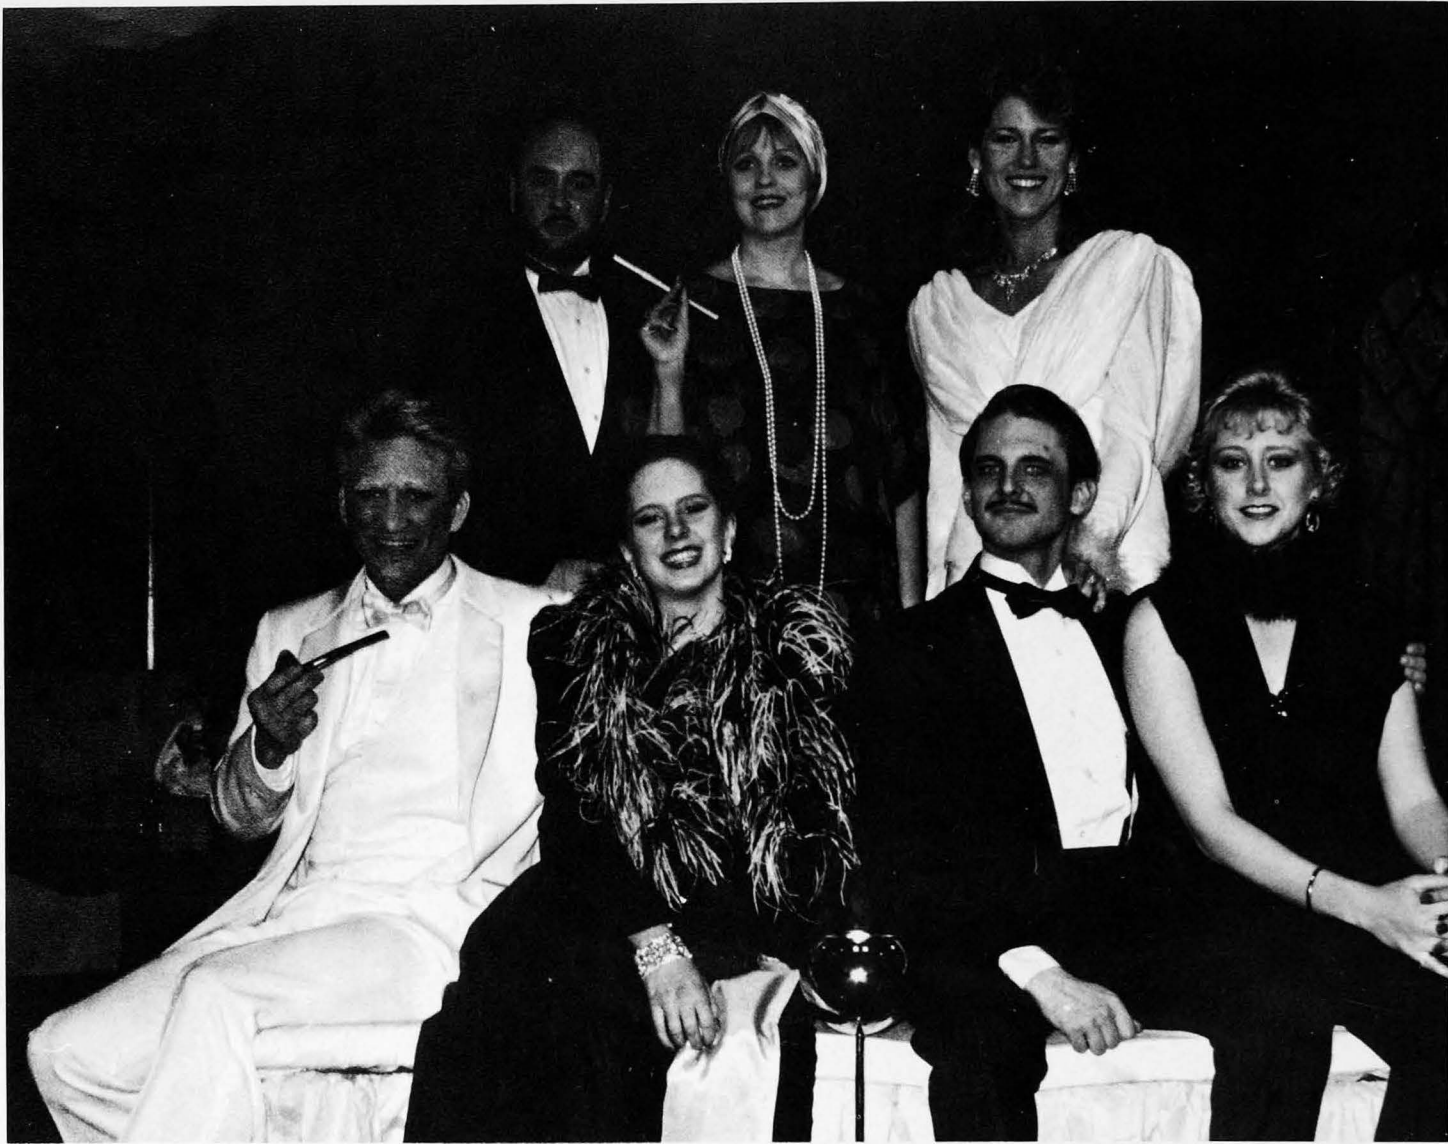

# “DANGEROUS CORNER”

Springtime arrived and with it another production done by the theatre group. This one was titled “Dangerous Corner.”

Laura Dunlap Hubbell directed this show with the assistance of Judith Beck.

In our documentation of this production we included the persons responsible for the set and special effects. The cast and crew were:

# MUSICMANIA

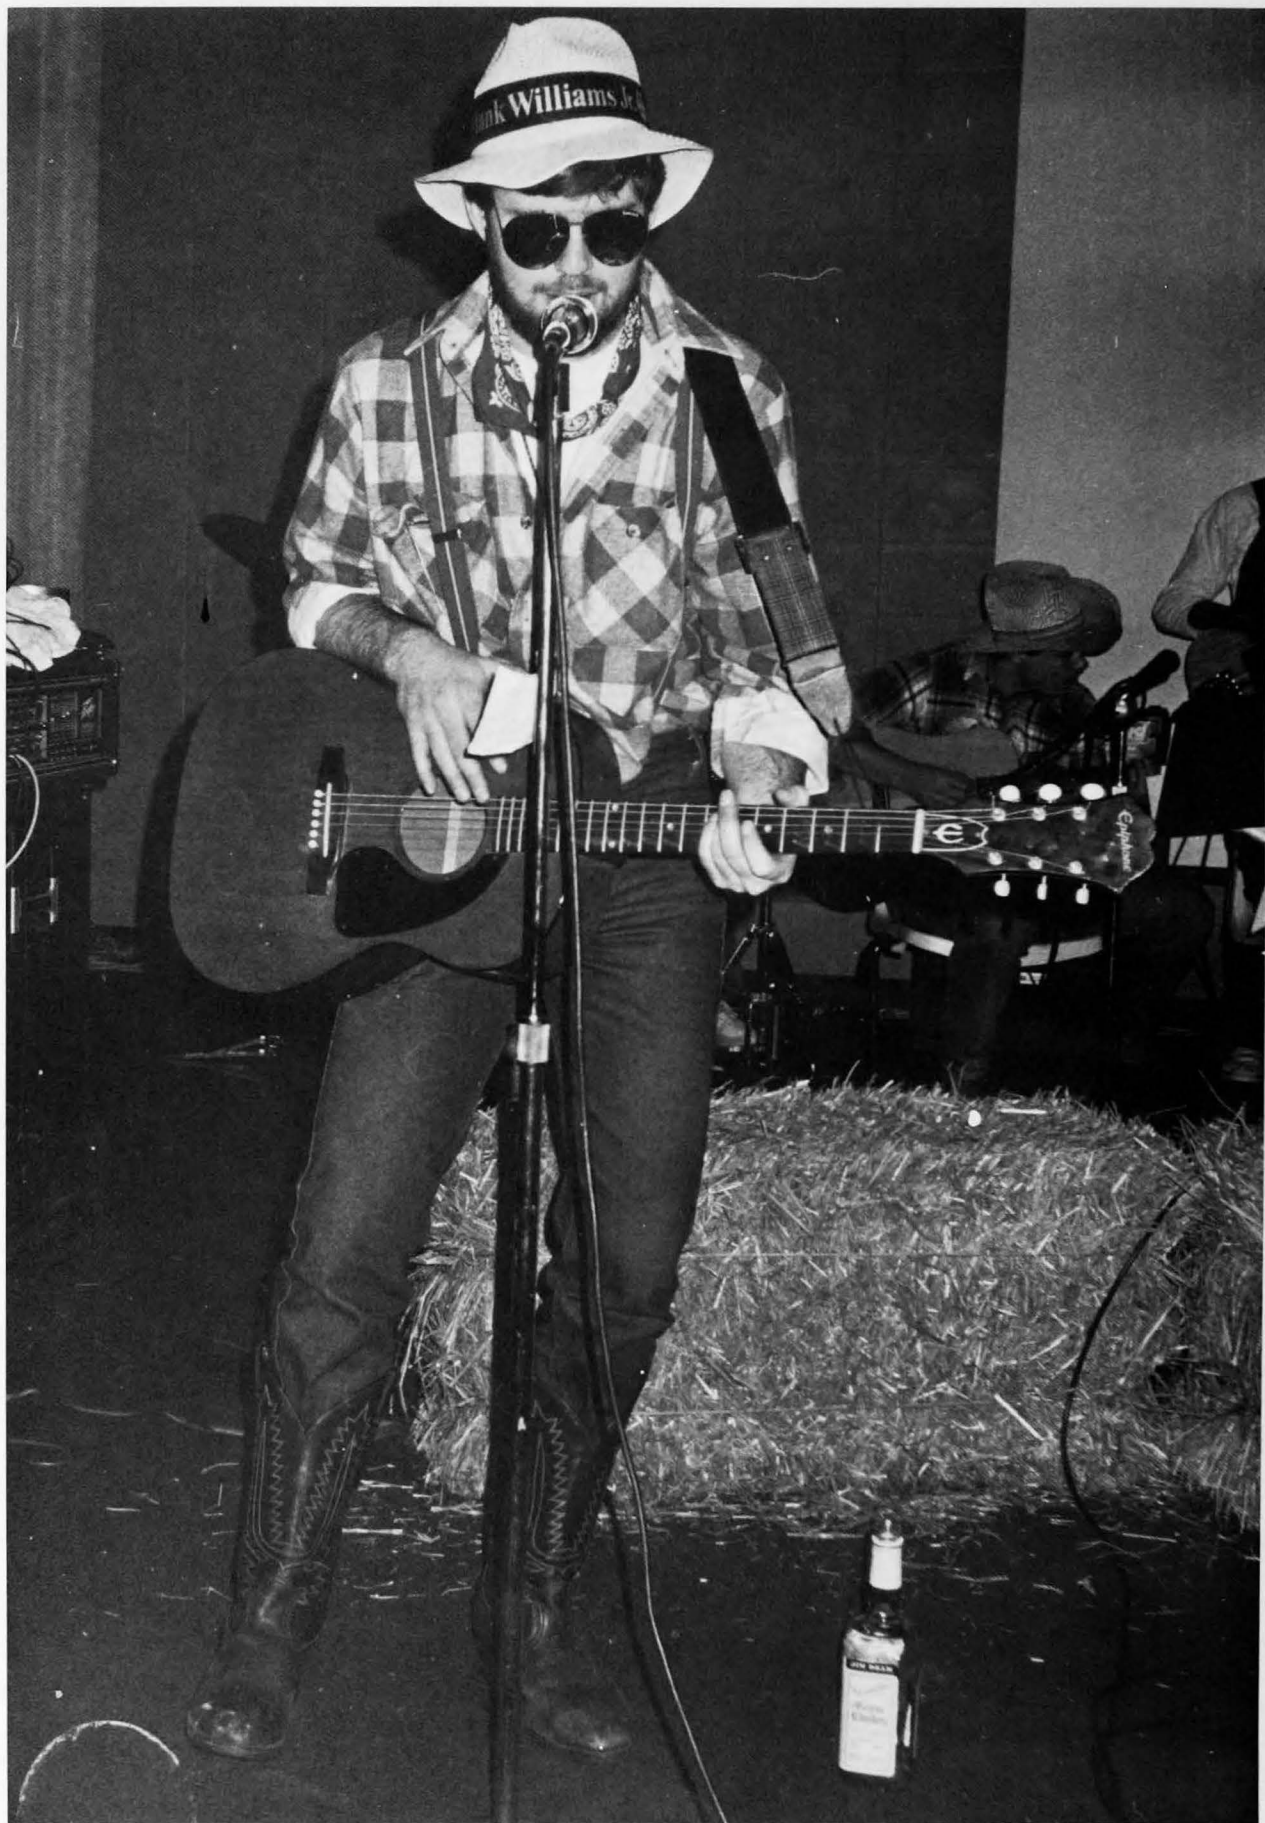

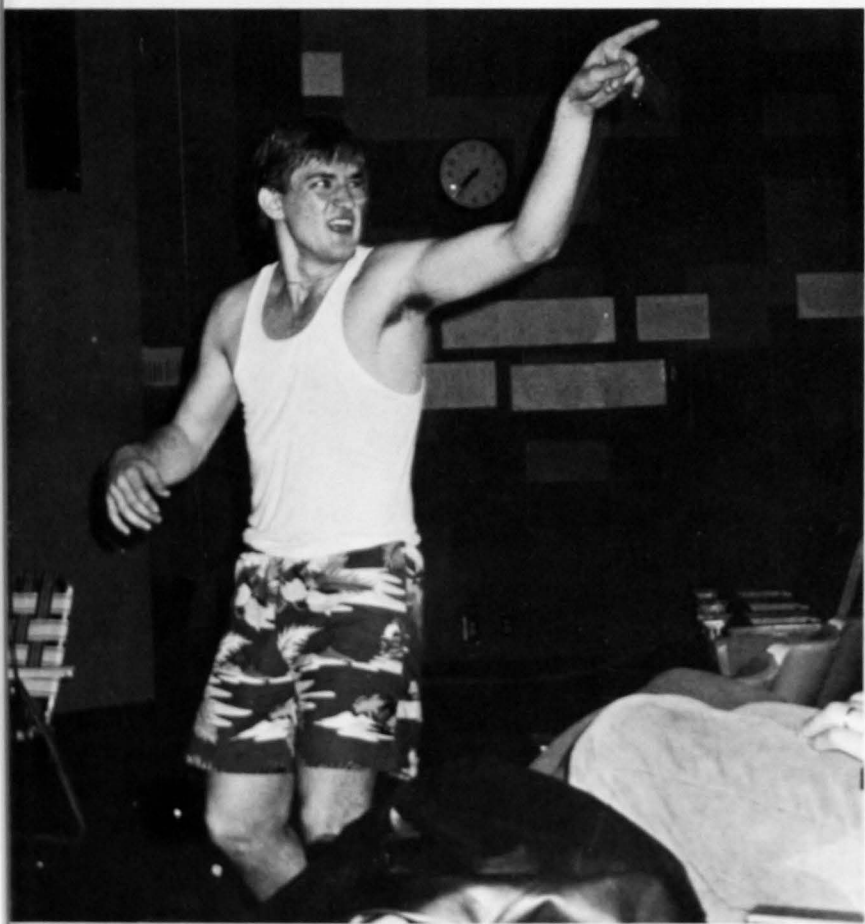

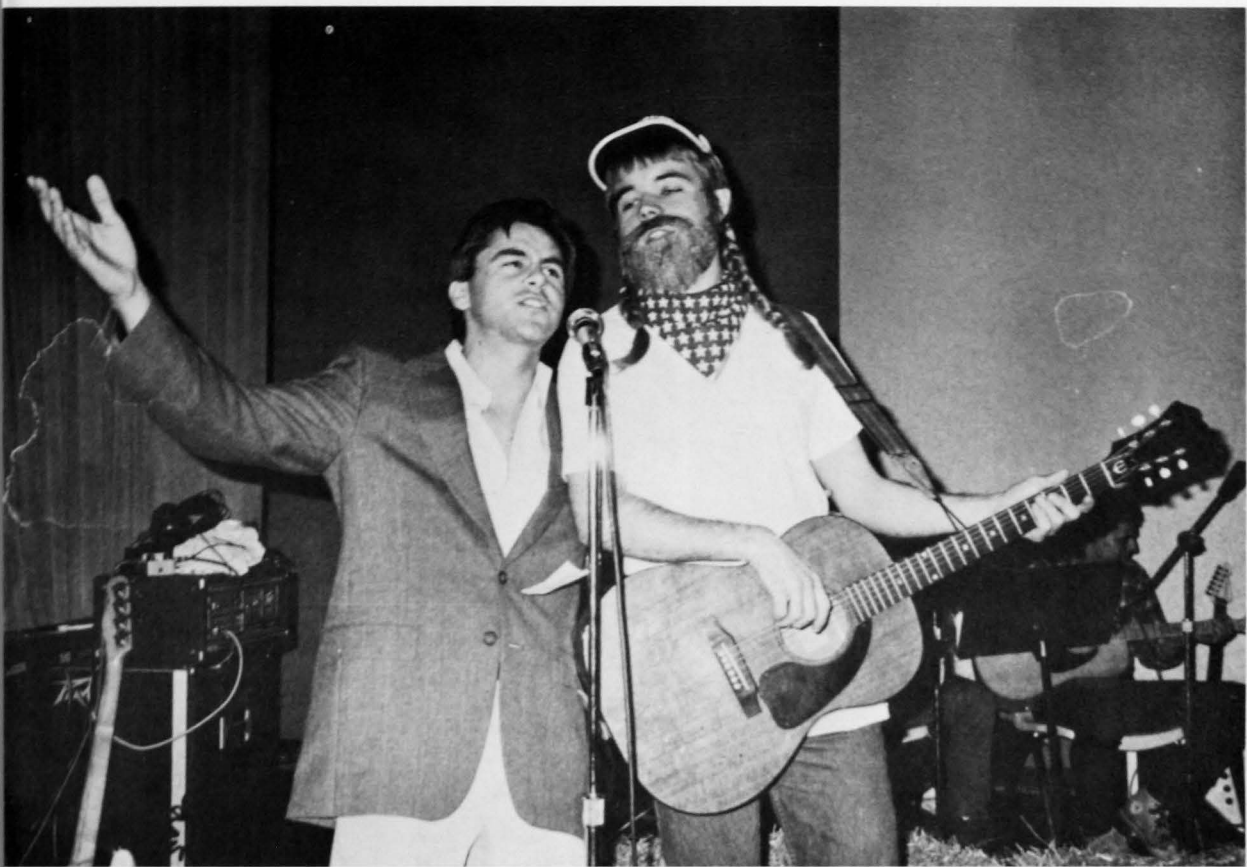

This tribe seemed particularly fond of celebrating at every possible opportunity. If there was not an official reason they simply created one. This explains the occurrence of Musicmania. Groups assemble to dress up and sing.

The acts celebrated everything from the music of World War II to a country and western act. A group called Tau Kappa Epsilon won the contest by creating a beach party on stage complete with jocks and nerds.

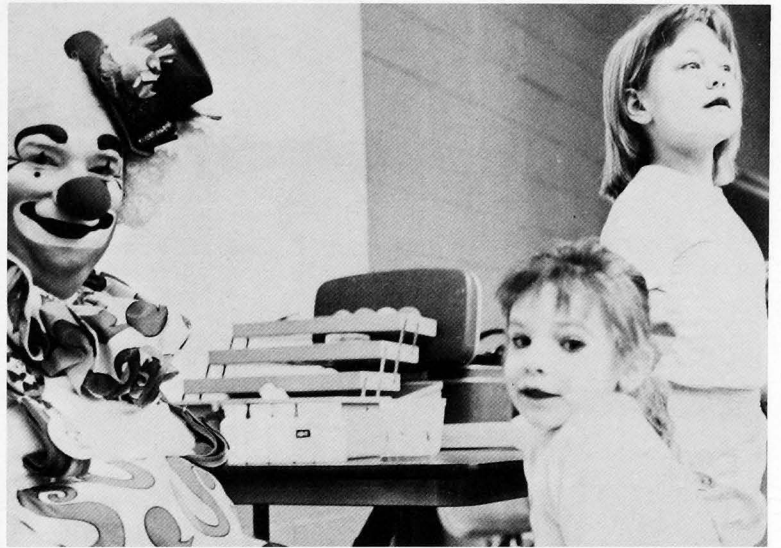

# NEW HARMONY HERITAGE WEEK

Once more we traveled to the nearby community of New Harmony to join in on a celebration of their ancestors' way of life. They recreated how their founders cooked and entertained themselves. The community members worked to show visitors how their forefathers lived on a daily basis.

# EASTER EGG HUNT

The Activities Programming Board puts on a special celebration for the tribal members' children. The party's main feature was an easter egg hunt. The children were visited by clowns and cartoon characters.

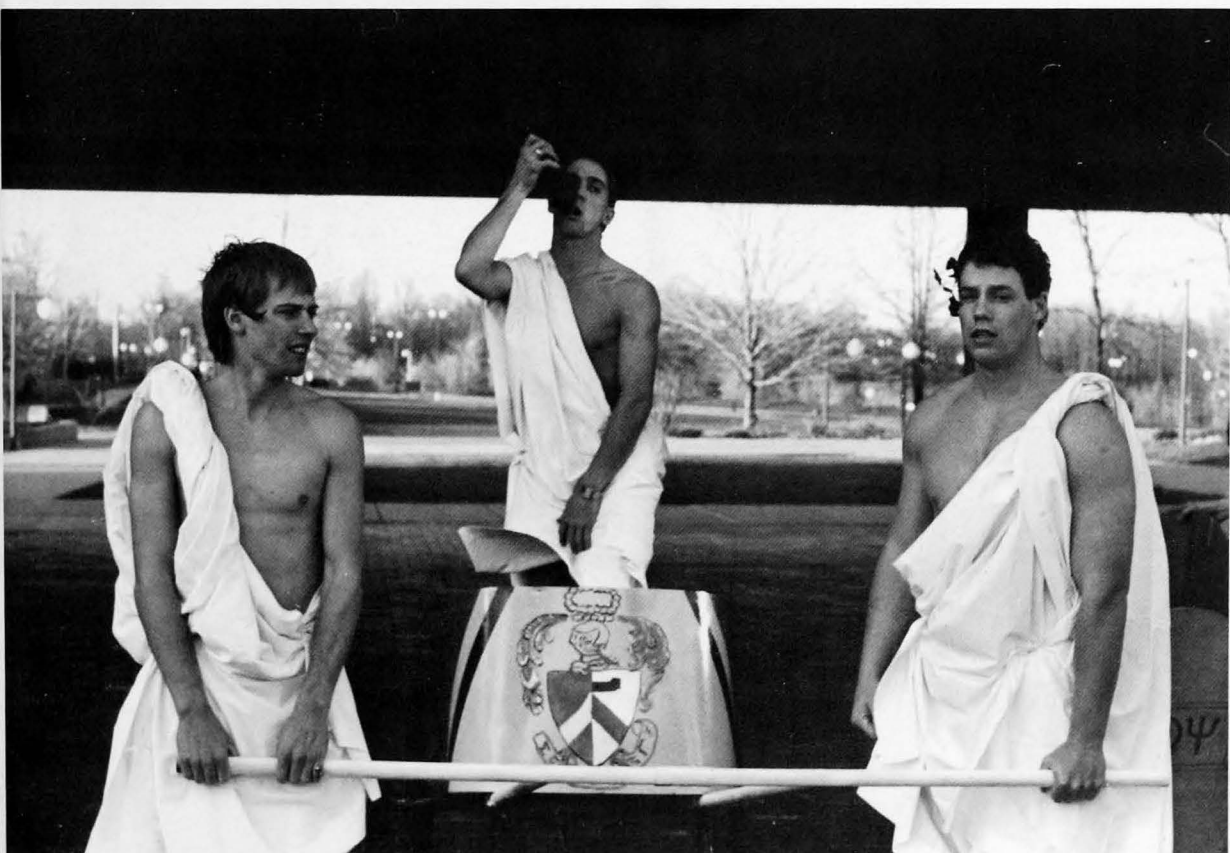

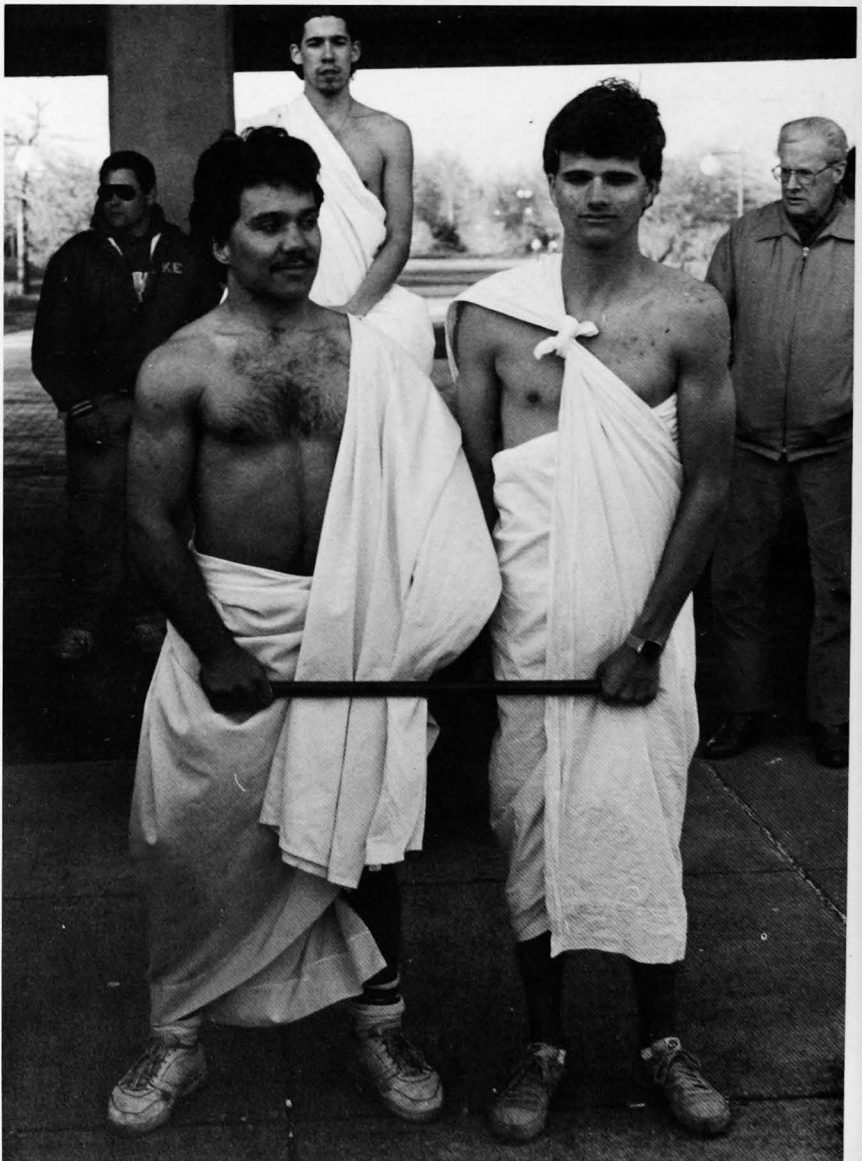

# GREEK WEEK

The tribe has a group that call themselves Greeks. The greeks are seperated into even smaller sub-groups. These sub-groups are highly competitive among themselves. They dedicate a week to contests of skill. They engage in everything from leap frog to chariot racing. The winning teams this year were Alpha Sigma Alpha and Tau Kappa Epsilon.

Once more they select a reigning royal couple. For this week, God Rob Zigenfus and Goddess Jackie Clark ruled.

# EAGLE GRAN PRIX

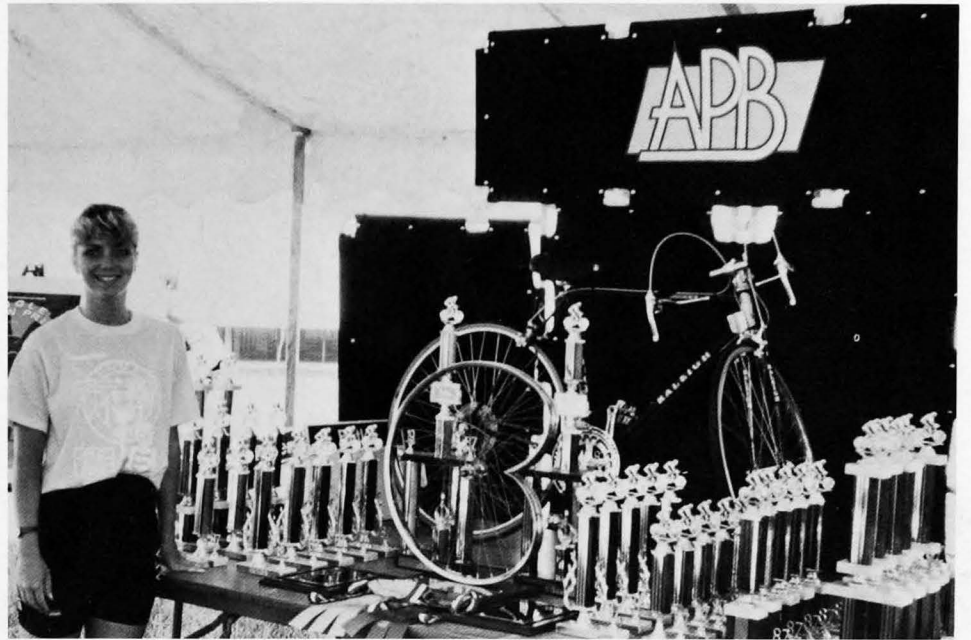

The Activities Programming Board sponsored another week long celebration as our expedition was drawing to an end. The royal couple for this celebration was Bill Carlson and Paula Dossett.

At the end of a week of sidewalk surfing and barbecue, the competitive nature of the tribe comes to a glorious end in a contest called Eagle Gran Prix. The participants form teams and race bicycles for trophies and glory. This year's race was won by the Sigma Tau Gamma team and the Sig Tau Little Sisters.

# SPRING WEEK

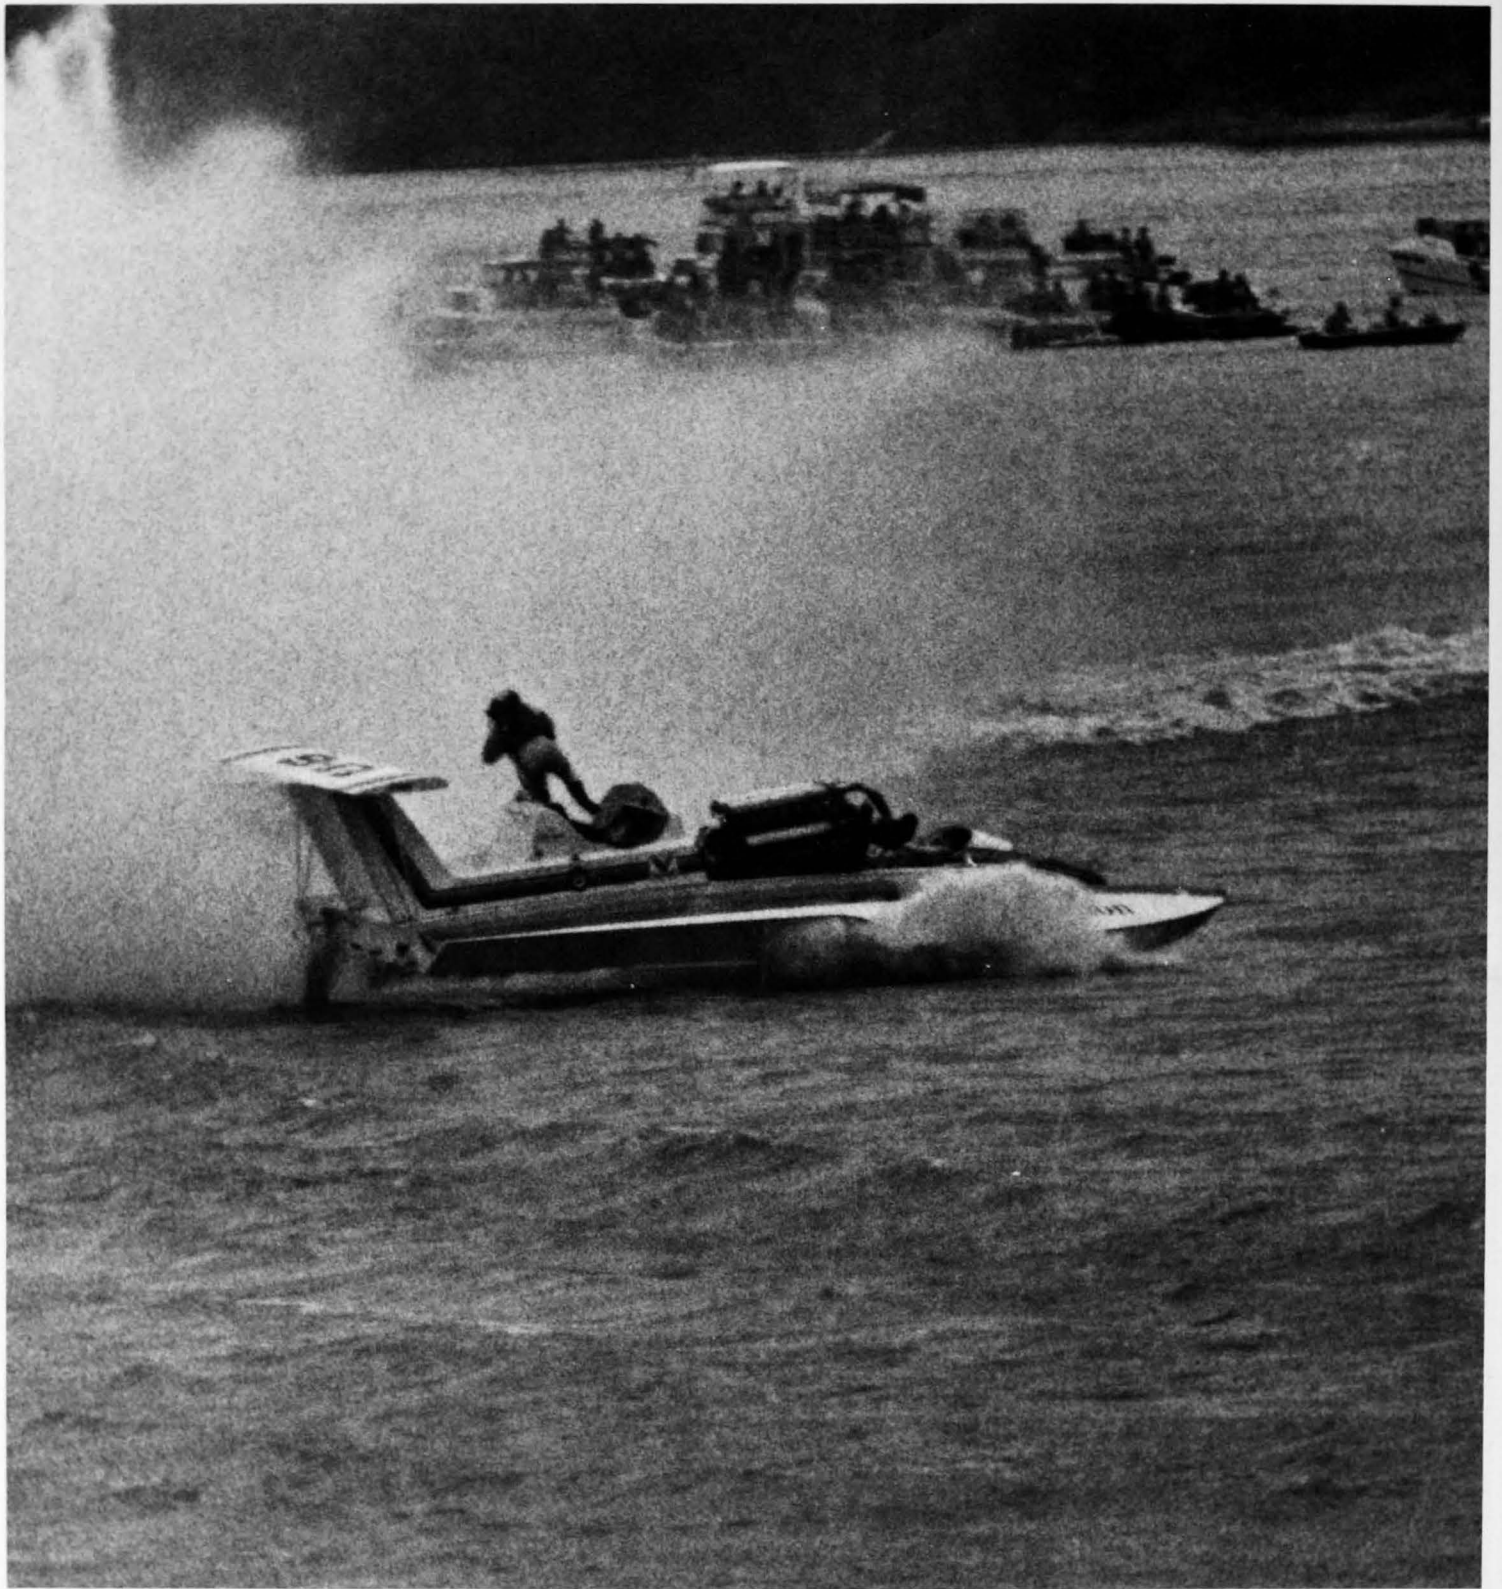

# MID-AMERICA SINGERS

The MID-AMERICA SINGERS have entertained schools, churches, businesses and civic organizations throughout the Tri-State. The enthusiastic style of this group has delighted audiences in New York, Hawaii, Florida, Mississippi and Louisiana. The Singers have performed for several special events including Governor Orr's 1981 and 1985 inaugurations and the 1985 and 1986 Indiana State Fairs. The contemporary show includes pop, country, jazz, and middle-of-the-road selections. The Mid-America Singers, under the direction of Mrs. Sue Schriber, serve as a performing public relations group for the University of Southern Indiana.

The nearby city of Evansville holds a summer festival which includes a hydroplane race. Many of the USI inhabitants attend the annual event. In 1986, Rae Shoemaker took this award winning photograph of Pilot Toy Snyder being thrown from his vehicle.

This photo won the Unlimited Racing Commission Photographer of the Year Award for Rae Shoemaker.

# FUTURE CLASSROOM BUILDING

The new general purpose classroom building, for which \$7.8 million bonding authorization has been sought, will provide classrooms, faculty offices, and centralized student services.

Since 1977, when the last building for the University was authorized by the General Assembly, the enrollment at the University of Southern Indiana has grown steadily, increasing more than 25 percent. This pattern is continuing as the University increases the participation rate of adult students and students previously underserved in southwestern Indiana. Norms used by the Indiana Academic Facilities Advisory Committee would call for 330,000 assignable square feet to accommodate the 1986 fall enrollment at the University of Southern Indiana, but only 242,348 assignable square feet — 74 percent of the requirement — were available. Since 1985, there has been maximum scheduling of available classrooms during peak class times. Additional academic space needs are critical.

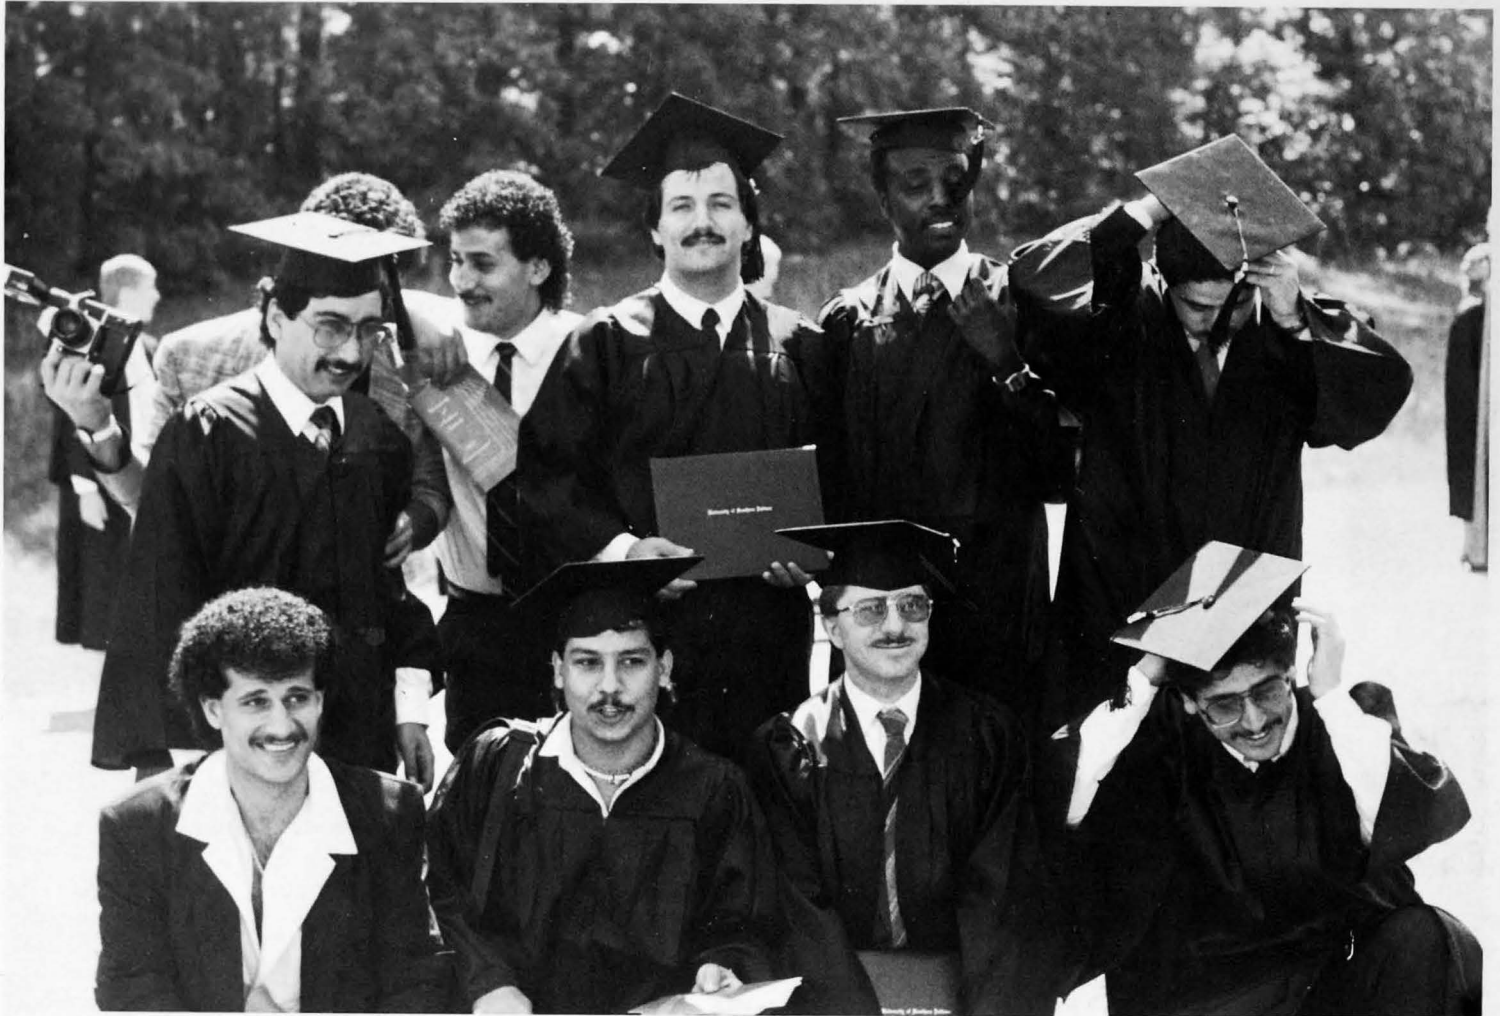

In the preliminary design of the new general purpose classroom building, there are 66,800 gross square feet, of which 44,658 are assignable. The building will provide 15 general classrooms, four lecture halls, two microcomputer laboratories, two seminar rooms, one accountancy laboratory, space for faculty offices, and centralized offices for student services. This project also will allow the University of Southern Indiana to replace six unsuitable portable classrooms and to convert four general classrooms in the Science Center to needed science laboratories.

# GRADUATION

As we bid a fond farewell to our companions of the last year to return to our home, another group moved on to other areas. This group, commonly referred to as seniors or graduates participates in a ceremony during May. This ritual seemed to be a mix of great joy and sorrow. Joy to have completed a successful stay at the University of Southern Indiana and sorrow at leaving the well known and hospitable country to travel into the unknown.

Our final documentation of activities list the group of graduates and a pictorial account of their final celebration at the University of Southern Indiana.

# Men's Basketball

This year USI's Screaming Eagles accomplished many goals. The eagles soared to a school record—24 wins this season. The Screaming Eagles shared the Great Lakes Valley Conference championship with Kentucky Wesleyan. Two of USI's senior players, Stephen Jackson and Julian Hall, were chosen for all conference and All Region GLVC Teams. This season, the Eagles went 24-6, was ranked number 18 in the final Division II Poll, and finished third in the NCAA Great Lakes Region Tournament. To top all of this off, Coach Mark Bial was voted GLVC Coach of the Year by his league peers.

The fans here at USI have made my last two years here fun and exciting. They are one of the many reasons why I'm glad that I chose USI to finish up my college career.

I feel that the 86-87 year was the most satisfying since I have been here. The year provided a lot of great opportunities for the up coming years.

# Women's Basketball

USI's Lady Eagles put their best foot forward this year with a season record of 12 wins and 15 losses. Despite the many injuries that inflicted the Lady Eagles, they stuck with it and did the best they could. Their biggest game this year was against the University of Evansville on home court; with three overtimes the Lady Eagles were defeated with a score of 93-91. Senior player, Penny Dietz, was named to the Women's All Conference second team. The senior players that graduated this year were: Janet Braun, Penny Dietz, Debbie Frank, and Connie Van Meter. Also leaving this year is Coach Shown. Coach will be missed by his players and the University community.

## Soccer

The Soccer Team enjoyed a trip to New York this year, after many fundraising projects formulated by Coach Mike Ferrell. In New York one of the teams they played was New York Tech., ranked #2 in the nation. The score of the game was 2-3, USI lost. USI Soccer Team finished with a record of 9-7-4 after conference.

# Volleyball

The fairly young Volleyball Team finished this season with 16 wins and 16 losses. The coach, Monica Dimmett, feels that this year is a good stepping stone for next year. For a young team to play so well together, and the fact that they're only losing one player, Mona Callis (due to shoulder injuries), next year is reason enough to expect for a more prosperous year. Look for this team to do even better than this year, in the years to come.

# Women's Softball

This year the Softball Team has been rebuilding their team. After a large turnover of players last year, the team was made up of mostly freshmen and sophomores, some of which had never played fast pitch softball. The softball teams season record was 3 wins and 31 losses. Beware though, in the following years the team will be developing their skills to their fullest, and become a tough team to beat.

**FOURTH ROW:** Glen Mathews, Brian Fiscus, Patti Rust, Kim Lamb, Patty Gowdy.

When a team loses a majority of the starting unit to graduation and work commitments, some rearranging has to be done. However, I'm optimistic for several reasons—the quality of recruits making their debut this season and the boundless enthusiasm and dedication the team has shown during early pre-season practice.

The key to how successful we will be depends on how quickly the team concept is comprehended and applied and how rapidly the pitchers and catchers develop.

## Men's Baseball

The Men's Baseball team ended their season with a record of 17 wins and 22 losses this year. The Eagles Baseball Team will be losing four of their senior players this year, they are: Rob Badar—Catcher, First Base, Outfield; Tim Fehribach—Pitcher and Designated Hitter; Harold "Buddy Swift"—Catcher; and Eddie Waters—Outfield. Also leaving is Coach Shown. Again, he will be missed by all.

## ACCOUNTING CLUB

The Purposes of the USI Accounting Club are:

- To exchange information, experiences, ideas, and methods relating to accounting.
- To provide outside speakers for the members of the organization, as well as the student body of this university.
- To provide a better understanding of the accounting profession and promote high ethical standards.
- To provide programs to promote interaction among students and other interested parties.

## APB

The objectives of the Activities Programming Board are:

- to strengthen the bonds of the fellowship among the University community.
- to accentuate a student's academic training by further developing and refining those skills learned in the classroom.
- to enrich a student's university experience by offering social, recreational, and educational programs.

## AMS

### Administrative Management Society

— is an organization designed to help business majors effectively become business leaders. The senior chapter, comprised of prominent Evansville business people, serves as a guide and sounding board to the USI sponsored chapter.

This year, the club sponsored a \$1000 bond raffle, toured area businesses and hosted various speakers. We helped our community through participation in the Channel 9 auction and the March of Dimes Walk-a-thon.

# GOLDEN KEY

There is a new organization on campus called Golden Key. Golden Key is a national academic honors organization dedicated to achievement and recognition of scholastic excellence. The Society is interdisciplinary, and unites the talents of the very best undergraduate students, outstanding faculty, and university administrators.

Some of the basic principles by which the Society is distinguished include:

**OBJECTIVE MEMBERSHIP CRITERIA:** Membership is by invitation only and is limited to no more than the top 15% scholastically of the juniors and seniors enrolled at USI. Each chapter has the right to determine the specific grade point requirement. Part-time as well as full-time students qualify: thus, membership is open to both traditional and non-traditional students.

**SCHOLARSHIPS:** Two scholarships are awarded annually at each chapter to the outstanding junior and senior initiates. Over \$200,000 in scholarship awards have been presented to outstanding Golden Key members through this program.

**ANNUAL RECEPTIONS:** Receptions are held to honor Golden Key members with the presentation of certificates. They are generally conducted during the fall functions. Fall receptions also provide each member an opportunity to use Golden Key as a reference throughout the year when applying to a graduate school, law program, or for interviewing.

**CHAPTER ACTIVITIES:** The Chapter plans a vigorous program of service to the USI campus and community.

**LIFETIME MEMBERSHIP FEE:** The one time membership fee is the only economic compensation required of members.

**CAREER ASSISTANCE:** Corporations recognize that Golden Key members are distinguished nationally for their academic excellence and seek to recruit them. The "Career Assistance Reference," listing these corporations, is featured annually in Golden Key's high quality magazine *CONCEPTS* to provide contact for career opportunities. An article on USI's newly organized Golden Key will be featured in the magazine and also an article by Dr. Dan Scavone. Chapter Adviser of USI's Golden Key, on the Shroud of Turin, will be included.

**HISTORY:** Golden Key National Honor Society was founded at Georgia State University on November 29, 1977 by a group of outstanding undergraduate students. Since that time Golden Key has established itself as a positive force in higher education. The Society has chartered over 100 chapters from coast to coast, inducted over 100,000 lifetime members and 2,000 honorary members, and awarded over \$200,000 in scholarships. Golden Key is proud to recognize the scholastic achievements of students who otherwise would not have recognition. In this it performs a sorely needed service in the USI campus community.

A reception was held at the University Student Center on April 12th. Ninety-two members were initiated into the new Golden Key Chapter. Chief Justice of the Indiana Supreme Court, Randall T. Shepard, was the Keynote Speaker. The chartering officers are Peggy Stone, President; Linda Leigh, Vice-President for Chapter Activities; Denny Roth, Vice-President for Publicity; Debbie Long, Corresponding Secretary; Bobbie Hendrickson, Recording Secretary; and Historian Kathy Brauer.

**PERSONAL COMMENT FROM PEGGY STONE, PRESIDENT OF GOLDEN KEY**

I am very proud to have served as the President of Golden Key; I have worked with an excellent group of officers. They have kept me on my toes, reminding me to get things done. We've all worked hard to get the chapter organized, we're proud of our accomplishment and have bright hopes for the future. Our goal is a vigorous program of service to campus and community. We want to make this the best organization on campus. I know the new programs that are in the planning stage will be beneficial to our members. The fact that so many joined up indicates the need for this chapter. I'm committed to working for a strong chapter and with continuing support, it will remain an outstanding organization. The first thing I'm going to do when I get to Law School is to join Golden Key.

## AMERICAN SOCIETY OF CIVIL ENGINEERS STUDENT CLUB

Club Officers: President—*Gary Kercher*  
Vice President—*Misty Brittingham*  
Secretary—*Pam Block*

The objectives of this club are; to encourage the development of a professional consciousness, to provide an opportunity for Civil Engineering Technology students to become acquainted and practice working together effectively, and to provide friendly contact with the engineering profession. The club becomes involved in local activities by donating engineering and surveying services to worthy causes. The club attends many professional seminars within the state and is recognized by the American Society of Civil Engineers as an official Student Club.

# LEAGUE OF PROFESSIONAL WOMEN

## MARKETING CLUB

The objectives of the club shall be:

- Afford college students the opportunity to gain knowledge and promote the understanding of the importance of marketing in the business world.
- Promote the exchange of the experience of area businessmen with the theoretical and academic approaches of the student members through free association.
- Broaden the overall knowledge of the marketing concept of the members.
- Encourage the growth and continuation into our respective careers of the knowledge, comradeship, respect and mutual confidence as gained from practical experience and guest speakers.

## SHIELD

The Shield is a bi-weekly publication put out by students. Members of the Shield staff work to further enhance their journalistic skills by writing, editing and laying out the paper.

This year The Shield published 13 editions with the help of a new advisor, Ron Roat.

Technological advances were seen at The Shield office as the staff received a new computer and printer. Next year another computer and printer and a light table plan to be added to the office.

The ambitious staff is making plans to go weekly in the 1987-1988 school year and expanding the staff to cover wider campus and community happenings.

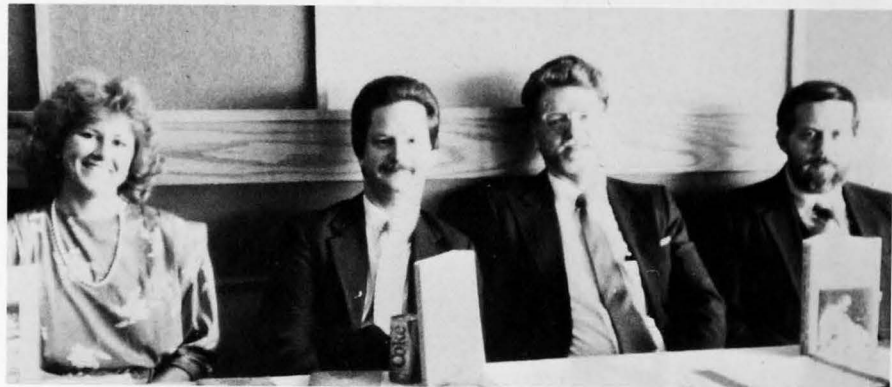

## SOCIAL WORK CLUB

The purpose of this club shall be to:

- To help prepare members to bridge gap from academics to practical application of social work.
- To increase knowledge and awareness by attending and promoting seminars, workshops, etc.
- To provide an organization to students for involvement in social work activities.
- To sponsor humanitarian activities within the community and to advocate on behalf of meaningful causes as the club sees fit.

## INDIANA STUDENT EDUCATION ASSOCIATION

### Goals:

- to bring future teachers into closer relationship with each other and with the state and national education association.
- to extend the spirit of professional unity and purpose.
- to develop leadership.
- to interest the best young men and women in education as a career.
- to secure increased public interest in support of education.

UNIVERSITY  
OF  
SOUTHERN  
INDIANA

## President's Medal

Staci Friedman Armstrong, a 21-year-old Gibson County native who completed work in December, 1986, on an accounting degree at the University of Southern Indiana, was selected as the recipient of the 1987 USI President's Medal.

Mrs. Armstrong, a staff accountant at Gaither Koewler Rohlfer Lockett & Company, Evansville, left the University with a 3.89 grade point average (out of 4.0). She was on the dean's list each semester of her university career but found time for intra- and extracurricular activities that made her a leading candidate for the President's Medal honor which is based on commitment to excellence on the academic level as well as service to the University and community.

Consistently lauded by nominating professors for her "warmth of personality" and "willingness to serve others," Mrs. Friedman had served as a mathematics and English tutor for other USI students the past two years. "Her accomplishment is the ability to translate complex ideas to simpler ones without losing sight of the original idea," stated one professor. "I've never trusted a student to teach excellently and kindly as much as I trust Staci."

Mrs. Armstrong, daughter of Carole and Gary Utley of RR3, Owensville, Indiana, was an honor graduate (fifth in a class of 170) of Gibson Southern High School. Her pursuit of an accounting degree from USI was aided by a USI academic scholarship, a National Association of Accountants scholarship, and an Indiana CPA Educational Foundation grant.

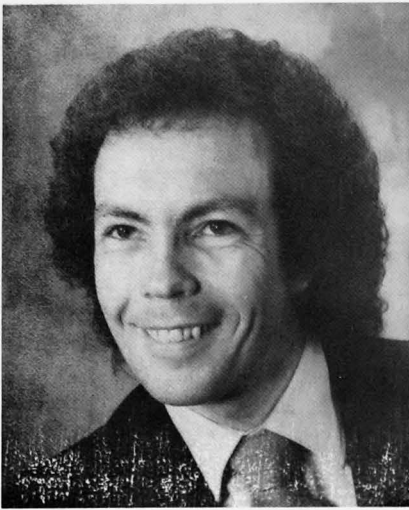

She was member of the USI Accounting Club, serving as senior representative in 1986; the Administrative Management Society student chapter, serving as president in 1986; the League of Professional Women; and National Association of Accountants. She became a charter member of USI's Indiana Iota Chapter, Alpha Chi National Scholarship Society, serving as its first treasurer and now, as vice president. She also is a charter member of the recently organized Golden Key National Honor Society at USI.

Mrs. Armstrong is a member of Immanuel Lutheran Church, where she is secretary this year and a member and vice president of the Aid Association for Lutherans. In addition to her tutorial work at USI, she participated in the Volunteer Income Tax Assistance program and was part of an Academic Affairs group that adopted two needy families in the community at Christmas 1986.

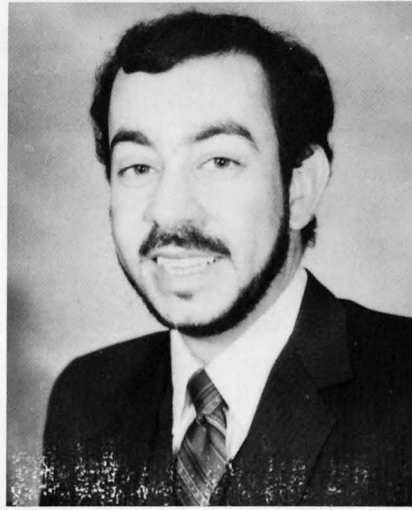

Mrs. Armstrong also worked as a secretary in the Academic Skills Department at USI prior to joining Gaither Koewler Rohlfer Lockett & Company in December, 1986. She and her husband, Tim Armstrong, a 1983 USI accounting graduate who is employed at Grasso, Ind., live at 16820 Old State Road, Evansville.
