#### THE GRADUATE

*All of the drudgery  
Is over at last --  
Homework and quizzes  
Are things of the past,  
But I'm wondering, now  
That I've finally made it,  
Who will they get  
To play guard like I played it?  
Who'll sing first tenor  
In glee club next year?  
Who'll write variety shows  
Around here?  
Who will the paper's  
New editor be?  
How will this school  
Get along without me?*

Edward Cunningham

**PRESIDENT FORD SENDS CONGRATULATIONS.** In a letter from President Ford sent to 1975 college graduates, President Ford addressed the graduates:

"You are graduating in a particularly difficult year. You will be faced with many uncertainties. But the opportunities that await you are even greater than the challenges. It will indeed be within your grasp to enlarge and enrich life in our society. As you make the decisions that will shape your course and that of your country, I hope you will keep in mind that one person can make a difference.

Times have changed greatly since I went to college. But looking back on those days in the context of today's world, I know that the same optimism and hope I shared with my classmates is very much alive in you today. I want you to know how much I admire your enthusiasm and determination, and how convinced I am that you will make a difference for America.

I wish each of you the satisfaction that comes from doing your best at something you believe in."
