CHEERLEADING CLINIC TO BE HELD AT USI

The University of Southern Indiana, in conjunction with the National Cheerleading Association (NCA), will hold a cheerleading camp July 15-17 at the USI Physical Activities Center. Over 150 campers, ages 7 to 15, are expected to participate.

NCA instructors and USI cheerleaders will provide instruction for individual as well as cheerleading squads, from 9:00 a.m. to 3:30 p.m. each day. The cost of the cheerleading camp will be \$50 per child.

The National Cheerleading Association is the largest cheerleading organization in the United States, and is widely known for its outstanding instruction of cheerleading.

Those who are interested in participating in the youth camp may call Naomi Deal at 464-1949 for further details.
