

HPER building continues to grow

In response to the concerted efforts of area legislature, community leaders and university officials, the 1979 Indiana General Assembly appropriated an additional \$1.1 million needed for enclosing the swimming pool; equipping the building; developing office space; providing storage areas; developing outdoor educational areas; completing interior painting and floor covering and landscaping.

Concurrently, the ISUE Foundation with support from the ISUE Varsity Club is raising approximately \$400,000 to provide seating for the multipurpose activity area. This area will provide an assembly for sporting events, commencements, concerts, public forums and other activities

which require large floor areas and spectator capabilities.

Construction began on the Health and Physical Education and Recreation Building with an anticipated completion date of January 1980.

The success of this project is important to the development of ISUE and the community it serves. ISUE has been able to grow into a full-service educational institution attentive to the needs of the people of this region and it has become an integral part of public higher education in Indiana. Completion of the HPER Building will add a new dimension to instruction and improve the quality of student life on campus.

ISUE Center to offer assistance to students

If an ISUE student should have the need for career information/guidance, academic counseling, or personal counseling, the ISUE Counseling Center has information that could be helpful in any of these areas.

Career Counseling is provided to assist students in clarifying personal goals and values, desired work environment, and specific vocational choices. Emphasis is placed on increasing their self-awareness in areas of interests, aptitudes and characteristics, and then relating these to career areas. A Career Interest Inventory is incorporated along with many different forms of current occupational information.

Academic Counseling is available for concerns relating to the students' choice of classes, study skill, and specific degree requirements. Assistance in choosing a major, obtaining graduate school information, and overcoming situations such as

What's All This Then? 'Hello Freshmen!'

By Kelley Coures

The play "Name" starts out with this gem of a line:

"Life is a banquet, and most poor SOB's are starving to death!"

This is a truth (you'll run into those now and then in college), and one that is worth remembering. Even during the all-night study session, even when that eighteen page term paper is due at nine a.m. and you're just looking for sources at nine p.m. the night before, life is still a big banquet table, all lined out for you. You can take what you like and spit out the rest.

ISUE is a great place to start. (Forget high school; you really didn't start anything there.) We have a lot of students here who are not your run-of-the-mill four-year type Joe College. Some stay and stay and stay, for years trying to figure out new ways to avoid getting out in the world. Some students go here for two or three years and then blast off for parts unknown. But there is a core of dedicated, hard-working people, who are trying to build something here.

It is not something concrete, that you can reach out and touch; nor does it have color and music (although that's a part of it). We are building traditions here: traditions that we can pass on to

next year's student body, and to students who haven't even been born yet. ISUE can grow and flourish, or it can wither and die, whatever we all decide.

ISUE is not Harvard or Yale. But then, those are just places, with buildings and people and trees. Yet, they have something we don't—a history. If you want to get into hackneyed cliches (which you will find in this space occasionally), you could say they have roots, which we lack. But that core of students I mentioned before is trying to spread out some roots. They are involved, trying to do great things for the campus so that a little bit of "us" is left behind. They are in the Student Government, the Union Board, of course the Shield, and even the Greek organizations, all trying to do something.

It's up to you. If you want to just come out here three days a week, take your classes and then split, fine. Just don't complain about there being nothing to do. If you want to get involved and join us in this effort, you are more than welcome. Your limits are only those you set for yourself.

This is a place you can be proud of, take an interest in, and help to grow. Or, you can ignore it, condemn it, use it, and forget it. Whatever!

Dr. Rice urges students to learn ISUE services

By Dr. David Rice, President of ISUE

Welcome to another eventful year at Indiana State University Evansville. The beginning of a new academic year presents many opportunities for students and the university community. As the year passes, you will find you are presented with more decisions to make which affect your life on campus. The Amigos are quick to remind us that there are many individuals and offices on campus to provide you with the information you need to make informed choices about your academic program and extracurricular interests.

Of course, your first concern will be your academic program. Your faculty advisor and the chairman of your academic division can give you guidance in planning your academic program. Other staff members—such as those in the Library, Learning Resource Center, Math Clinic and Writing Clinic—stand ready to give you support and assistance as you pursue the academic goals you have set for yourself.

The University Counselor can provide help in deciding about your academic or career goals and in career and life planning, as well as help students with personal problems. You are already aware of the information available in the Admissions Office and should be aware that the Admissions staff works closely with the Financial Aids and Registrar's offices and University Counselor to help match your needs with the services of these offices.

This coordination is evident to those of you participating in New Student Orientation. If you are participating in Orientation, use this time to ask all the questions you have and learn about the services and resources of the University. Orientation is intended to give you a chance to sample all of the academic, social and cultural opportunities of the campus.

Your life on campus will be enhanced by your participation in social and cultural events coordinated in the Office of Student Activities. Beyond your academic pursuits, which are your primary emphasis at ISUE, you can broaden your education and your friendships by taking advantage of these events.

The University is seeking to know its students better, both individually and collectively, so that we may better serve you. To this end we may call on you for occasional help to give us direction in serving your needs and interests. We would appreciate your honest and constructive comments about our programs and services.

I urge you to take advantage of every opportunity offered you at ISUE and to use the resources the University has provided for you.

1.02 Application

Each person who becomes a student at Indiana State University Evansville has accepted conditions which are attached to his/her student status. This relationship between the student and the University is guided by some fundamental concepts:

A. Having been accepted for admission to the University, the student accepts the responsibility for utilizing the resources of the University in a positive and constructive manner for the purpose of achieving educational goals and without interfering with the rights of other students as they pursue their educational goals.

B. The University is enhanced by the contributions made by its students and graduates. Students have the opportunity as well as the responsibility to make positive contributions to the University through their daily interactions in the classroom and in campus life. In turn, the University provides opportunities for students to participate actively as members of the University community.

C. In any kind of human relationship, differences may exist. Members of a university community are committed to the use of intelligent, reasoned discussion as a means of resolving differences and problems.

By the time each student is graduated from this University, the taxpayers will have invested several thousand dollars in the student's education at this institution. The return expected by the taxpayers is not only technical knowledge, but also good citizenship and voluntary contribution in community service. If students are to realize these expectations upon graduation, they will offer to serve on committees, to hold elected offices, and to volunteer help in many valuable ways to make the University and the community better places in which to live and work.

Suspension means termination of student status for a period of time. No academic credit can be earned or accepted on a transfer basis while a student is under suspension.

Expulsion means permanent termination of student status.

Disruption: Situations will be judged to be disruptive whenever any person or persons by physical, auditory, or other means, prevent, impede, hinder, hamper, or otherwise interfere with the ongoing operation of the University or University authorized activities.

Reside is the act or fact of living or regularly staying at or in some place.

University activity includes any teaching, research, administrative, or disciplinary function, proceedings, ceremony, event, or activity conducted by students, faculty, staff, or administrators that is being held by authority of the University.

University property means property owned, controlled, used or occupied by the University, including property physically removed from the main campus but in the vicinity of Evansville, such as Central Arena, ISUE Play House, and/or leased property.

University officials are those persons who have been given responsibility and authority by the appropriate agency or person and who are acting in the performance of their duties.

The procedures, policies, and regulations described in SECTIONS II, III, and IV will apply to all student of Indiana State University Evansville and will be considered a part of the terms and conditions of admission and enrollment of all students. The violation of any policy or regulation listed in SECTION II and SECTION III may subject a student to disciplinary action up to and including suspension and/or expulsion from the University. The regulations and policies will be enforced by the President of the University or his designates.

The procedures, policies, and regulations contained herein, supercede any prior all university procedures, policies, and regulations regarding student conduct and disciplinary proceedings developed by the Student Life area of Indiana State University Evansville and are in effect as of June 1, 1979, and shall remain in effect, as from time to time amended, until rescinded or modified by the Board of Trustees.

1.03 Definitions

Disciplinary action includes a range of sanctions up to and including Suspension and Expulsion.

SECTION II

MISCONDUCT ACTIVITIES WHICH SUBJECT A STUDENT OR STUDENT ORGANIZATION TO DISCIPLINARY ACTION

Students or student organizations proven guilty of a violation of these procedures, policies, and regulations will have disciplinary action taken against them.

The following regulations are necessary for the orderly operation of the University:

2.01 Misconduct Activities which Subject a Student or Student Organization to Disciplinary Action.

Any of the following activities, or the aiding, abetting, inciting, encouraging or by his or her presence supporting of any of the following activities, constitutes misconduct for which students may be subject to disciplinary action up to and including suspension and/or expulsion from the University in addition to any civil action which may occur. Student organizations may be subject to disciplinary action up to and including revocation of registration.

2.01A Disturbing the peace on University property or the obstruction or disruption of any University activity by any means including any physical or auditory methods.

2.01B Unauthorized use, entry, or occupancy of any University facility, structure, equipment, or property such as furniture, building, grounds, flagpole, or sidewalks. (See also 2.04.)

2.01C Misuse of safety equipment or engaging in activities dangerous to self or others which include, but are not limited, dropping objects from high places; tampering with fire equipment, exit lights, guard rails, elevators, or fire alarms; refusal to obey a fire alarm; initiating a false fire alarm; or submitting a bomb threat.

2.01D Unauthorized use, possession, damage, destruction, or theft of public property or personal property other than one's own.

Students must assume responsibility for their personal property while it is on campus. It is the obligation of each student, as a citizen of the University community, to assist in the protection of the property of the State of Indiana. Payment for any property loss or damages which may occur will be obtained whenever culpability can be assigned.

2.01E Failure to comply with verbal and/or written instructions of University officials acting in the performance of their duties and made within the scope of their authority.

University Requests and the Students Responsibility

Indiana State University Evansville faculty and staff members have been assigned specific responsibilities by the Board of Trustees. In fulfilling these responsibilities, faculty and staff members have the authority which is commensurate with their position in the University and necessary to accomplish the task at hand. Therefore, students should honor the official request of any staff or faculty member. In the performance of his/her duties, each staff or faculty member represents the institution and the attack or threat of attack upon an official is a threat against the University itself. Such action cannot be tolerated. The above is also applicable to student employees when acting in the performance of their duties and within the scope of their authority.

Grievances against a staff or faculty member may be filed with the department head responsible for that area of the University.

2.01F Use, possession, sale, or transfer of narcotics, drugs, or hallucinogens, except as permitted by law. (See also 2.01G)

2.01G Drinking or possession of alcoholic beverages on University owned or leased property is prohibited except for private non-student functions which have received approval.

2.01K Conduct that is a violation of the Criminal Code of the State of Indiana or of Federal law, or that by its nature poses a serious threat to the welfare or safety of persons or property.

Indiana State University Evansville is legally obligated to establish whatever policies are deemed necessary to carry out its educational mission and processes. This obligation has existed since the founding of the University. The 1969 General Assembly of the State of Indiana elaborated and explicitly amplified its efforts to safeguard the welfare of the University by passage of several new laws. One of these laws is presented here.

The law is reported in its entirety because it pertains to higher education and because it elaborates some expectations legally applied to student behavior. Students are expected to know the civil laws and the University policies and regulations which apply to their behavior.

Chapter 179 of the Acts of 1969.

Section 1. It shall be a misdemeanor for any person intentionally to damage any property, real or personal, of any institution established for the purpose of the education of students enrolled therein.

Section 2. It shall be a misdemeanor for any person to go upon or remain upon any part of the real property of any institution established for the purpose of the education of students enrolled therein in violation of any rule or regulation of any such institution for the purpose of interfering with the lawful use of such property by others or in such manner as to have the effect of denying or interfering with the lawful use of such property by others.

Section 3. It shall be a misdemeanor for any person to go upon or remain within a public building for the purpose of interfering with the lawful use of such building by other persons or in such manner as to have the effect of denying to others the lawful use of such building.

Section 5. (See also: Chapter 273 of the Acts of 1969)

2.01L Conduct that is in contempt of the Student Court.

Contempt of Student Court

The Student Court has been established to help fulfill the administrative and educational functions of the University. Actions which hinder the court in fulfilling these purposes cannot be allowed and the following conditions may lead to charges of contempt of court:

A. The court shall have the power to summon witnesses. Students refusing to acknowledge a summons shall be deemed in contempt of court and charged under the appropriate University regulation. (See also 2.01E)

B. The court shall be empowered to charge any individual who disrupts a court hearing in any way with contempt of court under the appropriate University regulation. (See also 2.01A, E, H)

2.02 Failure to Abide by the Policies Guaranteeing the right of Expression of Students

The Board of Trustees of Indiana State University recognizes the students legitimate interest in the administration and management of the on-going affairs of this University, and recognizes their need to participate therein. To that end the University has established a legitimate student government with elected representatives of the student body and the various organizations on campus with whom the Administration and the Board of Trustees have worked in the past and will expect to work in the future. The board welcomes consultation with students and their participation in the administration of this University through the regular and orderly student channels.

The Board of Trustees has announced, approved, and published policies permitting peaceful demonstrations on the campus. The violation of these policies by the use of disorderly and unlawful actions as a method of presenting student demands to the Administration and Trustees of this institution will not be tolerated. Those students who engage in such activities will be subject to severe disciplinary action, including expulsion. Any requests, demands, or suggestions presented by such methods will neither be accepted nor acted upon by the Board of Trustees.

The University believes that the right of expression is as necessary as the right of inquiry and that both must be preserved as essential to the pursuit and dissemination of knowledge and truth. Consequently, students, individually and collectively, may express their views through the normal faculty, administrative, and student channels of communication. Students also may express their views by demonstrating peacefully for concepts they wish to make known, and the University will make every reasonable effort to protect that right.

The University also has equal and simultaneous obligation to protect the rights and freedoms of students who do not choose to participate in a demonstration. Similarly, the University is obliged to protect its property and to prohibit interference with scheduled activities of students, University personnel, and guests on the campus.

Indiana State University Evansville is aware of the need for forbearance on its part in tolerance of peaceful demonstrations, protests, or other expressions of student attitudes. The University recognizes the fact that expression of opinion through demonstration or protest may, on occasion, lead to inconvenience and interruption of University activities or functions; therefore orderly and peaceful demonstrations are not forbidden unless they disrupt, as defined later in this policy, University functions or activities. The University has an obligation to assure the safety of individuals, the protection of property, and the continuity of the educational process. The object of the statement is, therefore, to provide through explicit reasonable limitations on expression a context in which expression may be protected and in which violence are avoided.

In order to meet all of the above obligations, the actions listed below are defined as exceeding the limits of appropriate expression or peaceful demonstration and are in violation of University policy for individuals or groups:

- A. Actions which endanger the safety and well-being of individuals.
- B. Actions which destroy property.
- C. Actions which disrupt, by physical or auditory means the on-going operations of the University or interfere with the rights of other individuals in their exercise of expression. (This is designed to protect the administrative, faculty, and student functions such as classes, libraries, public and private meetings, health services, recreational activities, and on-campus recruitment. See also regulations regarding facilities priorities.)

The initial judgement of the permissible limits of student expression should be made by the faculty member, administrator, or other University representative in charge of a specific University facility or function. Any member of the University community who believes the permissible limits of student expression have been exceeded may lodge a complaint to the University official in charge of the specific facility or function determines that said situation is no longer peaceful and orderly, he/she should:

1. Request, not direct, the students to desist from the activities causing the disturbance and allow a reasonable amount of time for such action to occur. In the event of the failure of his/her efforts at persuasion, he/she should inform the Office of Safety and Security of the nature of the disturbance and remain on the scene, except for extreme duress, until the arrival of the Security police.
2. Elect, when he/she believes personal safety or well being will be endangered by direct involvement with the demonstrators, to inform immediately the Office of Safety and Security or the Office of the Vice President for Administration.

2.03 Adjudication of Violations of Policies Guaranteeing the Right of Expression of Students.

- A. Violations of these limitations subject to disciplinary action by the University.
- B. The University disciplinary actions for students found guilty of disrupting legitimate University functions may range in severity from conduct warning to permanent expulsion.
- C. Students involved in disruptive behavior will have their alleged offenses adjudicated in the same manner as those of students involved in other violations of University policy. This includes the opportunity to appeal.
- D. Any charges by the University for violation of this policy must be made within six (6) months after the alleged violation.

2.04 Failure to Comply with the Policies Regarding the Use of University Buildings and Facilities by University Organizations and Groups.

Every faculty group and every officially registered student organization has the right to the use of University facilities on a space-available basis for the purpose of holding meetings or conducting activities consistent with the objectives of that organization. Use of any facility is determined by the President or University officials designated by him according to the following priorities.

A. General Buildings and Grounds Space

1. Every person with legitimate business at the University has the privilege of free access to the public areas of the buildings by the President or a University official designated by him. These areas are defined to include sidewalks, the campus mall, athletic lockers, Reflection Lake, entrances to buildings, corridors in classroom and office buildings, library reading rooms, parking lots and common areas in the University Center.

2. The President or a University official designated by him may deny this privilege of free access to an individual or group which disrupts the normal operation of the University.

B. Student Activities Space

Student Activities Space of a general nature is available in the University Center. Space for social events, such as dances, movies, organizational meetings, and other such activities will be reserved through the Office of Student Activities after securing approval of the event from the Director of Student Activities.

C. Right of Usage

1. Use of space for purposes other than those for which it has been designated will not be allowed.

2. Neither individuals nor groups will be permitted to interrupt the use of space after it has been duly assigned, without the permission of the President or a University official designated by him.

D. Procedure for Requesting Approval of on Campus Events by Registered Clubs and Organizations

a. Responsibilities of Student Chairmen, Sponsors and Directors of Student Activities.

1.) Student organizations desiring approval of an on campus social event will secure the SA Form, Student Activity Event/Room Registration, from the office of Student Activities.

2.) The student who is to act as Chairman of the event will contact the organization's advisor for approval of the event. If the advisor approves the social event, he will sign the form in the appropriate space.

3.) The chairman of the event will then contact the office of Student Activities in order to get approval to proceed and to have the office of Student Activities coordinate the room or space needed and advise on any special arrangements or equipment.

4.) The completed document is then forwarded to the Director of Student Activities

b. Responsibilities of the Director of Student Activities

It is the responsibility of the Director of Student Activities to consult with the Supervisor of Security to determine the number of officers needed at an event, and to notify, in writing, the Supervisor of Security as to the time and location of the event. It is determined that the number of security officers needed will exceed the number who are ordinarily on duty at the time of the event, the sponsor and the chairman of the event will be notified.

c. All social events on campus must be approved at least one week prior to the event.

SECTION III

MISCONDUCT ACTIVITIES WHICH MAY SUBJECT A STUDENT OR STUDENT ORGANIZATION TO DISCIPLINARY ACTION

Student or Student Organizations proven guilty of a violation of these procedures, policies, and regulations may have disciplinary action taken against them as well as any action specifically state in the regulation.

The following regulations are necessary for the orderly operation of the University:

3.01 Academic Dishonesty Including Plagiarism, Cheating, Submitting Another Person's Material as one's own, or Doing Work for Which Another Person will Receive Academic Credit

The benchmarks of any great university are directly related to high standards of academic endeavor on the part of both teacher and student. It is in this relationship that truth and honesty are recognized as fundamental to a university community. The University expects both students and faculty to adhere to these principles and in so doing to foster the ideals for which the University was founded. Put simply, this means that the student will do his/her academic work without unauthorized aid or recourse to unauthorized means of any kind.

Although most students have well developed concepts of honesty, professors may need to explain carefully to them the special hazards to academic honesty that work in a given discipline may present. Professors should also exercise care in the planning and supervision of academic work so that honest effort will be encouraged.

Such breaches of academic honesty as may occur will be handled in the following way. In instances of cheating that appear to warrant a failing grade in a course, the professor will notify the Division Chairperson and the Vice President for Academic Affairs, in writing of the circumstances. The student shall have the right of appeal of the professor's decision to both the Division Chairperson and the Vice President for Academic Affairs. After such an appeal, the student's grade will be determined by the instructor upon the advise of the Division Chairperson and the Vice President for Academic Affairs.

In instances of academic dishonesty in which the professor feels that action stronger than a failing grade in the course is indicated, the professor will report the situation to his/her division chairperson, and the Vice President for Academic Affairs. When in their judgment such action is warranted, the student may be referred to the Office of the Vice President for Administration, which will determine appropriate disciplinary action in keeping with the procedures utilized in the handling of student conduct situation.

3.02 All University Social Policies

- A. The use or presence of alcoholic beverages or illicit drugs at student functions is prohibited.
- B. All on campus social events of student organizations must be approved and calendared in the Office of Student Activities (See section 3.03)
- C. One member of each couple attending a student event is to be a student of Indiana State University Evansville, unless arrangements have been made to invite special guests.
- D. At student events sponsored by student organizations, the officers of the group must assume the responsibility of representing the University and its social policies.

3.02A Required Procedures for Social Events

I. Approval and Calendaring

A. The purpose of approval and calendaring social events is fourfold in nature:

- 1.) To avoid or become aware of conflict of dates and places.
- 2.) To receive assistance in planning both individual and overall programs.
- 3.) To receive information about all University policies which might affect the planned event.
- 4.) To allow the outside public to attend the event if so desired.

B. Approval requires obtaining permission from the Director of Student Activities. This applies to fraternities, sororities, Student Union Board, and all other student organizations (departmental, honorary, religious, etc.)

C. Calendaring of an event will be coordinated by the Office of Student Activities through the appropriate calendaring procedures.

II. Approval and calendaring should be completed in ample time for the preceding purposes to be met.

III. It is the responsibility of the officers, members, and advisor(s) of an organization to establish specific hours at the time of request for approval for their social event. These hours should be based upon the educational mission of the institution, the type of activity, and the location of the activity.

3.03 Policy on Sales and Solicitations

Sales and solicitations may be made only by an officially registered campus organization and only if they are for the general benefit of the University and/or the community. Permission must be granted by the Director of Student Activities.

Solicitation is defined as "that for which something is obtained, but nothing of equal value is given in return." (Examples: Homecoming Booster Buttons, etc.) Approved applications for sales and solicitations events must be on file in the Office of Student Activities. Application for approval for sales and solicitations events may be initiated in the Student Activities office.

Space in the University Center lobby and the Pyramid Lounge may be used by registered student organizations for conducting campus-wide elections distributing literature relating to student organizations, recruiting membership for student organizations, and activities, sales, and solicitations.

3.04 Failure to Comply with the Motor Vehicle Policy

All students who drive, operate, possess, or have the use of a motor vehicle of any type must register it with the University Security Office at the time they register as a student at the University. An annual registration fee of \$5 has been fixed by the University Board of Trustees, and is payable when the vehicle is registered.

Traffic regulations are enforced by the Office of Safety and Security by the authority granted by Indiana statutes and the Indiana State University Board of Trustees. Copies of current Traffic Regulations are issued to students registering cars at registration, or may be secured at the University Security Office. Monetary assessments are made for failure to obey the Motor Vehicle Regulations and continued violations may result in disciplinary action up to and including suspension of Registration Privileges.

Summons may be appealed by written application to the Security Office, if requested within seventy-two (72) hours of the TIME appearing on the summons.

3.05 Failure to Comply with the Provisions of the Outside Speakers Policy

Indiana State University Evansville considers freedom of inquiry and discussion essential to a student's educational development. Through open discussion of ideas and exchange of opinions, one can become informed, can test, and give expression to values as they relate to issues concerning society.

The University recognizes its responsibility to provide students with the opportunity to develop themselves as responsible, thinking individuals. Further, the University endeavors to develop in those students a realization that all citizens have not only the right, but also the obligation to inform themselves regarding various issues, views, and opinions. The appearance of visiting speakers is encouraged by the University as one means by which members of the University community are provided with an opportunity to explore a variety of views and opinions.

The University recognizes that any subject or view may be repugnant or distasteful to an individual or group holding divergent views. The University further recognizes that the question of appropriateness is not determined by the subject matter as such, but by the method of presentation and the extent to which there is critical examination through disciplined inquiry by faculty and students.

Restraints on activities connected with learning should be held to that minimum which is consistent with preserving an organized society in which peaceful democratic means for change are utilized. Each individual has the right to express his/her ideas and opinions; however, he/she must recognize that those who have different opinions have the same rights. Exercise of rights involves acceptance of responsibility. And, true to the University's norms of advancing inquiry, a visiting speaker should expect and be prepared for critical examination of his/her presentation.

On the basis of these premises, Indiana State University Evansville will encourage any University-registered group of students, faculty, administrators, or staff to invite speakers* to the campus subject only to the following provisions:

1. That the speaker not advocate violation of any Federal or State law and that the speaker be aware that any personal violation of any Federal or State laws.
 2. That following the speaker's presentation adequate time be allowed and opportunities provided for questions and criticisms from members of the audience. The speaker must be made aware of and agree to this condition.
 3. That neither the sponsoring group nor the speaker attempt to indicate University support of his/her ideas.
 4. That a member or members of the sponsoring group be on the platform with the speaker to present the speaker and his/her topic as well as to conduct the question period.
 5. That in order to schedule properly the event, to assure adequate facilities, to insure the necessary publicity, and to assure proper procedure, the sponsoring group wishing to invite a visiting speaker to the University will make all arrangements for reservation of space with appropriate University officials seven days in advance of the speaker's appearance.**
 6. That violation by the sponsoring group of the provisions or intent of the state policy and procedure will subject that group and its members only to those sanctions which are applicable in cases of violation of other University rules.
- * These provisions do not pertain to speakers participating in regularly scheduled classes or University programs nor to persons seeking State or Federal offices as these speakers are covered under other provisions.
- ** Exceptions to the seven day advance notice may be given by the President of the University or some other official designated by the President.

3.06 Failure to Comply with the Procedures for Implementation of the Outside Speakers Policy

In order that the provisions and intent of the Outside Speakers Policy of Indiana State University Evansville be implemented, the following procedure has been instituted. This procedure is intended to assist the sponsoring organization, the speaker, and the University community to receive maximum benefit from the presence of the speaker on campus.

To make this assistance equal and understandable to all concerned, the following steps have been established:

A. The Student Activities Event/Room Registration Form must be completed seven days in advance of the speaker's appearance.

B. Scheduling forms may be obtained from and completed forms must be submitted to the appropriate office as determined by the nature of the sponsoring organization:

1. Office of Student Activities - SGA, fraternities, sororities, Union Board, and all other student organizations (departmental, honorary, religious, etc.)
2. Office of the Vice President for Academic Affairs - faculty, administration and staff.

C. Publicity by the sponsoring organization may be released only upon the completion of the Scheduling Form, and after approval by the appropriate office.

Should the student admit to the violation and the disciplinary action will not result in a change of student status, a record of the incident is maintained in the administrator's file for one (1) calendar year. If, during that year, the student becomes involved in another incident and is found guilty of a violation the Conduct Discussion record will be utilized in determining appropriate action.

Should the student admit or deny involvement and, through the discussion process the administrator finds the student is innocent or there is no basis for complaint, the complaint is destroyed and no record of the discussion of kept.

3.07 Policies for Posting Notices

All posters, banners, handbills, notices, etc. other than those distributed by University offices must be approved and distributed via the Office of Student Activities. Poster areas are limited to 12 and are placed in high traffic areas. Additional posters are recommended for replacement of lost or damaged ones. Posters will be removed the day following the event by the Student Activities employees. It is requested that poster size be limited to 14" x 22" because of space limitations. All questions, problems, or special requests should be directed to the Office of Student Activities.

SECTION IV
PRECEDURES FOR ADJUDICATION OF VIOLATIONS OF CODE OF STUDENT CONDUCT

4.01 General Overview of Process for Handling Conduct Situations

The State of Indiana has charged Indiana State University Evansville with the responsibility for providing and orderly campus environment conducive to learning in which persons and property are protected from harm. As a state institution, Indiana State University Evansville has further responsibility for upholding the laws of the State. A priority is inherent among these responsibilities.

1. protect persons and property;
2. uphold state law;
3. provide an orderly environment conducive to learning;
4. encourage the personal growth of students.

The Board of Trustees of Indiana State University Evansville has adopted University policies and procedures in exercise of the above responsibilities. The University administration is responsible for providing the process for dealing with violations of the policies.

The process which has been developed for handling conduct situations contains two components: conduct discussion and conduct adjudication.

A. Conduct Discussion

Conduct Discussion is a process which may be utilized by an administrator when complaints are received for alleged violation. The accused student is informed of the complaint by an administrator and is given the opportunity to discuss the alleged violation. The student may admit to the violation, may deny involvement, or may request to have the complaint transferred to the Conduct Adjudication process.

Should the student deny involvement and the administrator does not agree, or should the student request it, the complaint may be transferred to the Conduct Adjudication process.

B. Conduct Adjudication

Conduct Adjudication is a process which is used for all alleged violations which may result in a change of student status. The process contains three fundamental steps: (1) presentation of charges, (2) hearing, and (3) decision and action by an administrator. An appeal opportunity is available to the student upon receipt of the decision.

4.02 Description of Rights in Disciplinary Situations

Students have been accorded rights in disciplinary situations by the Board of Trustees in keeping with procedural due process guidelines. These rights may be found in written detail in the Student Government Association Constitution and in the Conduct Adjudication Information pamphlet, which is given to a student at the time of presentation of written charges. Basically students have the right:

1. to examine all written information pertaining to the alleged violation;
2. to a fair hearing;
3. to know whether statements made in disciplinary situations can be used in student courts, administrative procedures, or civil courts;
4. to the choice of hearing body, when Student Court is in session;
5. to bring an advisor from the University community to a hearing;
6. to appeal decisions of the hearing body.

4.03 Conduct Adjudication Process

A. Presentation of Charges

A student who is accused of an alleged violation of a University policy meets with an administrator. The purpose of the meeting is to apprise the student of all written information which constitutes the complaint and charges. The student receives a thorough explanation of the Conduct Adjudication process which includes a review of rights in disciplinary situations, a comparison of hearing bodies, a detailed explanation of possible actions, and a description of the preservation of and release of information from the conduct records. The student is given forty-eight (48) hours to make a choice of hearing body, when the Student Court is functioning.

B. Hearings

All hearings provide the opportunity for the accused student to respond to the charges, to present witnesses, and to raise questions. Hearings provide the opportunity for the complainant to amplify the allegation, to present witness, and to raise questions. The hearing officer or Student Court justices will, through questioning, seek to arrive at the truth. Should a student fail to appear at a scheduled hearing, after proper written notification, the hearing will be conducted in his/her absence.

C. Decision Giving Interviews

Student Court System

1. In this interview the student has the opportunity to read the continuity which is written by the court reporter and which is a compilation of the material available in reports and from the hearing. The student may make corrections pertaining to material presented in their defense at the hearing.
2. The student will receive the court's verdict in writing.
3. The student will be informed that the verdict of the court are recommendations to an administrator and must be concurred by that administrator before actions can be formulated.
4. The student will be informed that an administrator will give the student the decision about what action is being taken in his or her case. This decision will be presented by an administrator who has not previously been involved in the case. See Administrative Hearing System 2, 3, 4, & 5.

Administrative Hearing System

1. At this interview the student has an opportunity to read the Continuity which is written by the hearing interviewer and which is a compilation of the material available in reports and from the hearing. The student may make corrections pertaining to material presented in the defense at the hearing.
2. The student will be informed of any restrictions placed on him/her.
3. The student will be made aware of the individuals notified of this action.
4. The student will again be informed of his/her right to file for appeal.
5. If necessary, the procedure for removal from a probationary status will be explained.

4.04 Types of Disciplinary Actions

The actions which may be taken when a student is charged with a violation of University regulations or public laws range from charges dropped up to and including expulsion from the University. The action taken depends upon the severity of the violation, the degree of involvement of the student, the individual circumstances of each case, the student's conduct record, and the student's academic progress.

- A. **Charges Dropped** - All written material pertaining to the individual is destroyed.
- B. **Conduct Warning** - A verbal warning is given, followed by a thorough discussion of University policies. Record is kept for one (1) calendar year. If student is not involved in any other conduct situation during the calendar year following the warning, the record is then destroyed.
- C. **Conduct Probation** - This action is a formal probationary status during which the student is removed from good standing at the University. The probation may carry additional stipulations. Record is maintained for three (3) calendar years after the date of the last action taken, then destroyed.

- D. **Strict Conduct Probation** - This action is a formal probationary status, very near suspension, during which the student is removed from good standing at the University. The probation may carry other restrictions and stipulations. Record is maintained for three (3) calendar years after the date of the last action taken, then destroyed.
- E. **Suspension** - This action indicates that a student is excluded from the University for one (1) or more semesters, depending upon the severity of the disciplinary situation. Record is maintained permanently.
- F. **Interim Suspension** - This action may be used to temporarily remove and exclude a student from the University community, when the student's action or threat of action indicates serious threat to the welfare and safety of persons or property. No hearing is necessary before the action is taken, but a regular hearing will be held within five (5) school days of the effective date. If the suspension stands, the record is kept permanently.

4.05 Appeals

- A. A decision of the Student Court System or an administrative hearing officer may be appealed by the defendant or university officials to the Campus Appeals Commission, provided that:
 1. The request for appeal is received by the Campus Appeals Commission within forty-eight (48) hours of the decision giving interview.
 2. There is a question concerning the constitutionality of the rule, regulation, or student law allegedly violated;
 3. The failure of due process is claimed;
 4. Significant new evidence is to be introduced;
 5. The appropriateness of recommended action is questioned;
 6. The Campus Appeals Commission has not previously heard another appeal of the same case.
- B. Decisions of the Campus Appeals Commission may be appealed to the President of Campus, who with the advice of the appropriate University officials or counsel shall have the final jurisdiction.
- C. The Campus Appeals Commission, consisting of an administrator, faculty member, and a student with one alternate appointed for each position, is a standing committee appointed by the President of Campus.

4.06 Violations of Regulations by a Student Organization

As in the case of a violation of a conduct regulation by an individual, a complaint may be filed accusing a student organization of a violation. Upon receipt of such a complaint, a charge will be given to the president or highest ranking officer in the organization, an administrative or student Court hearing will be conducted, and a decision will be given and disciplinary action taken. All proceedings will parallel those provided by Sections 4.01 through 4.05 of this part for the due process disposition of complaints lodged against individuals. The filing of charges against and taking disciplinary action with a student organization does not preclude the filing and taking of disciplinary action with individuals involved in the same violation(s).

4.07 Types of Disciplinary Action Which may be Taken With a Student Organization

A. Charges Dropped

1. The charge may be dropped if there is insufficient evidence to support the charge.

How to avoid 'The Sting'

By Donna Myers

ISUE has several fall orientation leaders. You've probably met an AMIGO, but there are others in a variety of colors, sizes and shapes. You may meet one or more in the parking lots, on the walks, in the grass, or the playing fields, tennis courts, or even in the woods, and they leave a lasting impression. Of course I am talking about our numerous Fall bee and hornet population. If you are highly allergic, and stings are either life-threatening or cause debilitating pain and swelling, you probably already know how to protect yourself from stings. Here are some common sense suggestions anyway:

1. Wear light-colored clothing such as khaki, light green, tan or white that doesn't leave an abundance of skin exposed.
2. Avoid perfumes, aftershave, and perfumed deoderants, soaps and hairsprays. Remember, bees are attracted to sweet smells and bright colors.
3. Avoid lingering near food and food containers outdoors. Bees particularly like opened soft drink cans.
4. Avoid cutting across grassy fields, especially if you are barefoot or sandal foot. Bees have also been known to fly up pant legs here on campus.
5. If you buy an insect repellent, be sure it contains "DEET", such as Cutter Insect Repellent.

If, despite these precautions, you get stung, please don't ignore it. Come immediately to Health Services. Immediate treatment minimizes the pain, swelling

and danger of more serious reactions. Some treatments that aid pain and swelling are:

1. Ice, baking soda paste, and antihistamines.
2. Paste of meat tenderizer with papain.
3. Hot water--uncomfortable, but not hot enough to burn--120°-130° (short circuits itching reflex).

For multiple stings or generalized itching, try:

1. 1 cup Aveeno Oatmeal in a tub of lukewarm water; soak for 10-20 minutes. Caution: slippery tub.
2. 1 cup cornstarch to 4 cups of water; mix thoroughly; add to the lukewarm water; soak 20-30 minutes.

Insurance: Are you sure you are covered?

If you think you are covered by your parents' hospitalization plan, maybe you should check again, especially if you just turned 18 or 21 years of age, moved into your own apartment, or are carrying less than 13-15 hours this semester. Many insurance plans both group and private, specify that "dependents" are: under 18 years of age, living at home, or under 21 years of age and a full time student, usually defined as at least 13 hrs./semester or quarter.

ISUE Student Insurance is an option available, though not paid for by student fees as on some campuses. The price is reasonable:

Student Only	\$59.00
Student & Spouse	136.00
Student, Spouse and Dependent Children	181.00
Student & Children	104.00
Maternity optional and not available with Student Only policy	60.00
Prices per year; policies effective August 28, 1979 through August 28, 1980.	
Additional information available in Health Services office located in the Administration Building, Room 30, between Forum and Blue Room, or call Donna Myers at 464-1807.
