Crisis counselor to lecture:

Dr. Chrys J. Harris of Greenville, South Carolina, an expert on critical incident stress debriefing (CISD), will be a guest lecturer for Mr. Gary May's social work class at 8 a.m. Friday, June 23, in the Orr Center (room 2036). Mr. May has invited

members of the area CISD team and other social work classes to attend the lecture, and is opening the session to the public. CISD has powerful implications for preventing future mental health problems for trauma survivors and caregivers. Addressing the difficulties immediately allows people to reframe intense emotion as "normal" vs "abnormal" and permits them to "own" the reactions and minimize negative consequences. "Debriefings" have been done in a variety of natural and man-made disasters.

USI summer tours:

The Office of Continuing Education is sponsoring trips to Memphis in July and Chicago in August, offering treasures from the Imperial Tombs of China, the Broadway-bound musical version of *Victor/Victoria* with Julie Andrews in her original role from the movie, and a comprehensive Claude Monet retrospective. Call the Office of Continuing Education, extension 1989, for information.
