Daniel, professor emeritus at the University of Missouri, will be the featured speaker Saturday morning, April 13, in the main session of the Fourth Annual Mid-America Undergraduate Psychology Research Conference (formerly the Tri-State UPRC) in the University Conference Center. Dr. Daniel will discuss "The Teaching of Psychology: Reflections of an Editor and Teacher."

The conference will get under way at 8:30 a.m. Saturday, with registration. Student presentations will start at 9 a.m. There will be a moderately priced buffet luncheon. A reception will be held at 7 p.m. Friday, April 12, in the conference center for early-arriving participants. For further information, call Dr. Joseph J. Palladino, assistant professor of psychology, at extension 1719.

SGA ELECTIONS. Congratulations to the new Student Government Association officers, elected last week to serve for the 1985-86 academic year. The newly elected student leaders include Eric R. Williams, sophomore, president; Rob Hon, sophomore, vice president; Mike Embrey, Jodie Schaefer, Keith Krietenstein and Pete Hillenbrand, upper division senators; Mike Cook, Stacey Riley, Kristi Mangum and Ken Zinn, lower division senators; Scott Whalen, business senator; Tracey Head, humanities senator; John East, engineering technology senator; Todd Duncan, allied health senator; Jon McShannog, social science senator; Karla Rothrock, science and mathematics senator, and Cindy Goad, education senator.

CONGRATULATIONS. The University family offers a special "Thank you" to its six Indiana Green Thumb participants -- Goldie Cochrum, Bonnie Hogue, Bill Martin, Manual Moss, Chester Pfeiffer and Zelma Stone -- with the announcement last week that ISUE was selected as the Project of the Month by the state organization. James M. Goen, director of Indiana Green Thumb (and brother-in-law of Judy Goen, administrative assistant to the president), said one of the more than 400 state projects and workers is selected each month for recognition of excellent performance on the job and assisting in the effort to improve the quality of the community and lifestyle for Hoosier residents. ISUE Green Thumb participants are involved in carpentry and maintenance activity around the campus, work that would be left undone if they were not there.

Green Thumb, Inc. is a community service employment program funded by the Department of Labor and sponsored by the National Farmers Union. It provides part-time work for low-income persons aged 55 and over at tax-supported institutions or nonprofit organizations. At ISUE, these workers are a great asset and would be greatly missed if they were gone.

DR. SUSAN WOLFE TO SPEAK AT HUMANITIES FORUM. Dr. Susan Smith Wolfe, a lecturer in ISUE's Division of Humanities, will be the featured speaker for a Humanities Forum at 1 p.m. Tuesday, April 9. She will speak on the evolution of the "Grotesque" in art and literature, with particular emphasis on its emergence in Germany. She also will demonstrate how recent experiments in the German-speaking theatre have added a new dimension to the "Grotesque," illustrating the presentation through slides and selected readings.

Dr. Wolfe came to ISUE from Washington State University in Pullman, where she and her husband -- Dr. Donald S. Wolfe, assistant professor of German at ISUE -- were both full-time faculty in the German Department. She received her Ph.D. from the University of Oregon, with a specialty in 19th and 20th century German drama. She also holds master's degrees in French and German literature. She currently teaches the upper division courses in German at ISUE and is working with her husband to build the ISUE German program.
