Mr. Costello also has received fellowships from the National Endowment for the Arts and the Illinois Arts Council.

**Mr. Mike Carson**, professor of creative writing and literature at the University of Evansville and a published poet, will give a poetry reading in a Humanities Forum at 10 a.m. Monday, November 24, in UC 353. Mr. Carson has taught creative writing at UE

His topic will be "From White House Days to Day-Time Soaps" for the 11 a.m. lecture at the Executive Inn. Tickets are \$35.

**PARENT ALERT.** University Notes is passing along this "Parent Alert" issued by the Office of Education, Lake Union Conference of SDA at Berrien Spring, Michigan, dealing with items which would attract children but in reality are a new way of selling LSD. Police say a form of tattoo called "blue star" is readily available in some areas of the United States. It is a small sheet of white paper containing blue stars the size of a pencil eraser. Each "star" is impregnated with LSD and can be removed from the paper to be placed in the mouth. Absorption also can occur through

the skin by handling the tattoo paper. There also are brightly colored paper the size of postage stamps which have pictures of Superman, Mickey Mouse, and other Disney characters, as well as butterflies, clowns, etc. The stamps are packed in a red cardboard box with a picture of Mickey Mouse and wrapped in foil in a clear, lock-type bag. They come in five sheets, with 100 perforated 1/4-inch-square stamps. A child could happen upon these items and have a fatal "trip." It also is feared that little children could be given a free "tattoo" by older children. It is important that all parents be alerted in case a child is involved.

**SMOKING POLICY REMINDER.** In September, a campus-wide smoking policy was adopted. The intent of the policy is to promote and maintain a clean and healthy environment for students, employees, and visitors in all areas of the University buildings. Efforts have been made to accommodate the needs of smokers and non-smokers by providing areas for smoking and non-smoking. A section of the policy addresses the posting of "No Smoking" signs. The signs have arrived and will be posted within the next few weeks. Implementation of the policy has been for the most part very successful. However, continued success requires thoughtfulness and cooperation on the part of both smokers and non-smokers. Please remember, in the event of a conflict, the rights of a non-smoker to protect his or her health and comfort will take precedence over another person's desire to smoke.

**SPENCER FELLOWSHIP PROGRAM.** The National Academy of Education will award up to 25 Spencer fellowships for 1987-88. Persons in education, the humanities, and the social and behavioral sciences may apply; the proposal must describe research in which relevance to education is apparent. **HUMANITIES FILM SERIES.** "The Collector" (1965, 119 minutes) Director: William Wyler; cast: Terrence Stamp, Samantha Eggar, Maurice Dallimore, Mona Washbourne. This eerie love story, based on the John Fowles novel about a lottery winner whose new wealth allows him to realize his obsession of "collecting" a beautiful woman, raises serious questions about life and art and the effort to "possess" what is beautiful. The film will be shown at 2 and 6 p.m. Tuesday, November 11, in Forum I; it is free and open to the public.
