UNIVERSITY NOTES VOL. IX NO. 18 JANUARY 8, 1975

Editor, Kathy Will; Associate Editor, Judy Rogers

**MENTAL HEALTH DRIVE SUCCESSFUL,** Elaine Thompson, Executive Director of the Mental Health Association in Vanderburgh County, wrote, "Thanks so much for all you did in the Christmas gift drive for the mentally ill. We certainly appreciate your willingness to help those who cannot help themselves. The community response was much better this year than in previous years. Your contributions made a great impact on helping us reach our gift goal."

ISUE was one of the biggest contributors to the Adult Mental Health annual Christmas drive this year. Last year the entire community gave only 300 gifts; this year the goal of 2500 was reached and bettered. ISUE organizations that participated in the drive were: Secretaries Club, University Jaycees, the Physical Plant, and a variety of anonymous individuals. The Secretaries Club chose to donate about 150 gifts rather than exchange Christmas gifts among themselves. The University Jaycees contributed individual gifts and their time, money and personalities for several public service announcements for the Mental Health drive. These were seen on Channel 7.

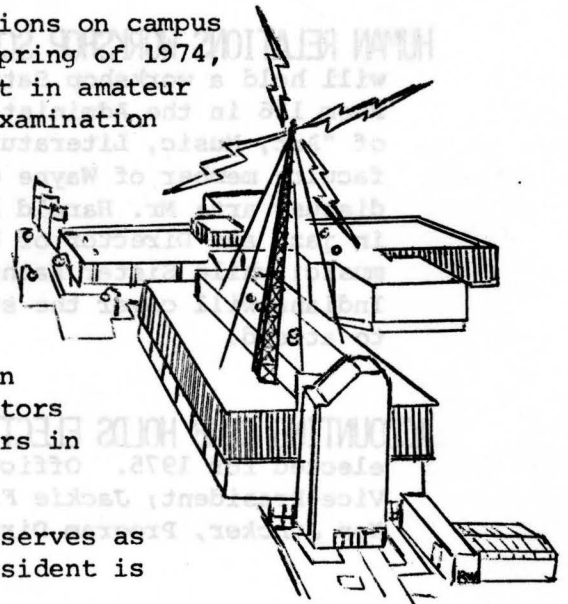

"As co-chairman I would like to thank each person who gave a gift for helping make this the best Christmas ever for the adult mental health patients in Vanderburgh County."

Pat Like, Staff Nurse

**CAMPUS ORGANIZATIONS.** One of the newest organizations on campus is the ISUE Amateur Radio Club. Organized in Spring of 1974, the Amateur Radio Club hopes to promote interest in amateur radio and assist members in preparing for FCC examination for amateur radio operator's license.

The Amateur Radio Club membership is small but growing, and the only specification for membership is an interest in the application of electronics and/or radio communication as a hobby. According to Randal Ward, President, the club plans to set up an operating station on campus and communicate with other amateur operators nationwide and worldwide, while assisting members in acquiring FCC licensing.

Howard Dunn, Associate Professor of Chemistry, serves as the organization's faculty advisor and Vice-President is Wendell N. Crim.
