| 1:00 p.m. | Division and/or committee meetings as notified by chairpersons. |

Classes convene at 8:00 a.m. Thursday, January 6, 1977.

1976 UNITED WAY CAMPAIGN CONTRIBUTIONS EXCEED 1975 TOTAL. The Indiana State University Evansville family has contributed \$3148 to the 1976 United Way Campaign. The contributions exceed the 1975 figure of \$3094 and exceed significantly the contributions of four years ago of \$2075. Sixty-two percent of the University personnel responded to reach this year's bench mark figure.

The ISUE United Way Program is directed by the ISUE United Way Committee whose members include **RALPH KENT**, **ROSEMARY NEWHOUSE**, **LARRY ARP**, **FRED DAUGHERTY**, and **ROBERT MAYS**.

A special note of thanks for their fine work and for all participants in the United Way program is certainly in order.

PEOPLE IN THE NEWS. **ROBERT E. MAYS**, Director of Student Teaching and Laboratory Experiences, recently wrote a monograph for Project Head Start entitled, Fifty Ways To Help Your Pre-school Child. This monograph is designed to help Head Start parents give new form to the aspirations that shape education in our time, through a wide spread renewal of concern for the quality and intellectual aims of education--with the hope, that someday, maybe, there will exist a well-informed, well considered, and yet fervent conviction that all concerned must work together, in order to "free the children."

The monograph will be made available to Head Start Centers across the nation.

NEW FACES. *ROBERT HARPER* is joining the administrative staff as Director of Counseling. He is a graduate of University of Evansville where he earned his baccalaureate and masters degrees.

For the past six years, *MR. HARPER* has been Associate Director of Admissions at the University of Evansville recruiting students, and coordinating the Harlaxton College Program in England.

MR. HARPER is a native of Evansville. He served in the U.S. Army for two years before joining the UE Admissions staff.

GEORGE R. EADIE has joined the faculty in engineering technology. Head of the Administrative Group of Illinois State Geological Survey since 1968, *MR. EADIE* is returning to full time academic work as Professor of Mining Engineering Technology.

MR. EADIE received his baccalaureate degree in Mining Engineering in 1949 from the University of Illinois. He worked in the coal industry until 1954 when he returned to the University of Illinois as a member of the staff. *EADIE* received the masters degree from Illinois in 1956 and the professional engineering degree of Engineer of Mines from the same school in 1957.

MR. EADIE is a registered professional engineer and has over ten years of engineering and management experience in the coal industry.
