## *SGA needs your help*

The Student Government Association is working on an ambitious Oktoberfest program, which they hope will generate a lot of money for a "Safe Ride" program and potential entry in a national alcohol awareness contest which has a top prize of a \$20,000 scholarship for the winning school.

Ms. Debbie Duren, SGA president, said a lot of students and student groups are hard at work on Oktoberfest, with not much faculty/staff involvement yet. "I know they'd help us if they knew what we needed," she added.

What is needed is baked goods and grilling expertise. Cakes, pies, cookies, and candies will be sold in a Candyland General Store at Oktoberfest. Proceeds from the store and other fundraising activities will go to the "Safe Ride" campaign which needs \$2,000 to \$3,000 as start-up funding.

Ms. Duren said "Safe Ride" was developed elsewhere by the sexual assault task force. SGA wants to make the program available to USI students caught in a variety of emergency situations -- assault, vehicle breakdown, drinking incident, for example -- where a student needs a cab ride but has no money to pay for it. Their goal is to raise enough money to start "Safe Ride" for the spring semester.

SGA and Welborn are sponsoring this year's Oktoberfest, slated from 12 noon to 4 p.m. on Sunday, October 22, in the Outdoor Education area. There will be the usual array of free games and

### Names in the news:

Mr. Michael K. Aakhus, USI professor of art, and Mr. Gordon Brotherston, Indiana University professor of Spanish and Nahuatl who spent a year in Mexico researching for a book, have created "Amoxitli - An Artist Book" under a grant from the Indiana Humanities Council for Hoosier projects featuring "Mexico in the 20th Century." Amoxitli is Nahuatl for book. The best-known Nahuatl speakers were the Aztecs of the Central Valley of Mexico. The Aakhus/Brotherston collaboration presents an insight into Aztec culture and tradition, using 16th century transcriptions. The exhibition can be seen at the Purdue University Calumet Bicentennial Art Gallery, Hammond, Indiana, through September 27, and later will be displayed at Mathers Museum at Indiana University. An opening reception for the artists will be held from 2 to 4 p.m. Sunday, October 15, at Mathers.

Mr. Larry D. Goss, professor of Engineering Technology, has had a paper entitled "Presentation of Visual Problems Using an Expanded Coded Plan Technique" accepted for presentation at and inclusion in the proceedings of the 50th annual Mid-Year Meeting, Engineering Design Graphics Division, American Society for Engineering Educa-

tion. The meeting will be held November 5-7 in Ames, Iowa, and will feature a special exhibit of historic drafting equipment and teaching materials. Mr. Goss has been asked to contribute some significant items to the exhibit from his collections of slide rules, teaching aids, and antique books.

Five artists, including three from the USI faculty, have created "Hands-On Art," one of three exhibitions which will open with a reception for the artists at 7 p.m. Friday, September 22, at the Evansville Museum of Arts and Science. The USI artists -- Mr. Chet Geiselman and his wife Ms. Anita D. Powell, both art lecturers, and Mr. David M. Huebner, Art Workshop supervisor and lecturer -- worked on the exhibition with Ms. Amy Musia and Mr. Jon Siau. The museum commissioned the exhibition, which will become part of its permanent collection. It is accessible to children and the blind, with braille title cards included with the exhibit.

### Watch your driving!

Mr. Barry Hart, Safety and Security director, said a number of complaints have been registered about driving practices on the entrance ramp and Eickhoff Road during peak traffic hours.

Impatient motorists pass the sometimes long line of ramp-access traffic on the right, make a right turn onto Eickhoff Road, then a U-turn that gives them a straight shot into campus -- but causes longer traffic tie-ups and shorter tempers for those who patiently wait their turn.

Vanderburgh County sheriff's deputies,

after checking out the problem, began issuing citations. If you want to avoid a traffic ticket, be advised:

\* It is illegal to pass ramp-access traffic on the right.

\* It is illegal to make a U-turn on a divided highway.

Mr. Hart said county police will continue to monitor the situation and write tickets. (Note: Mrs. Sherrienne Standley, vice president for Advancement, has been monitoring the time in line; it ranges from three to five minutes -- ease up!)

Japan, "Valley Curtain" in Colorado, and the most recent, "Wrap Reichstag" in Berlin. Mr. Golden will direct Christo's next project, "Over the River."

Mr. Golden has the largest collection of the artist's pre-exhibit designs. It is currently on display at the Richmond (Indiana) Museum of Art. Dr. Hilary A. Braysmith, USI assistant professor of art history who is acquainted with Mr. Golden, is coordinating his visit.
