1. Minutes of November 6, 1985 Meeting

2. Report from Vice President Reid

Vice President Reid gave a brief overview of the Bachelor of General Studies program. The Commission notes that a Bachelor of General Studies is consistent with programs on other state campuses. This program allows an occupational studies option and an individual major option. Funding will begin at earliest next fall, but advising can begin for 46 hour general education requirements. It has not been decided yet who will do the advising. Funding has been requested for two positions: a coordinator and a faculty member.

Vice President Reid announced that we will have to do another North Central Association self-study for accreditation in 1986-87. Dr. Reid said that President Rice is working up a committee to do the self-study which will be chaired by W. Everett and R. Reid. Dr. Reid feels we should shift the focus of this self-study to student life to see how USI is contributing to student growth and development.

Vice President Reid said that the USI Foundation is purchasing the Griese apartments. This will add space for 300 more students.

Vice President Reid announced that the Graduate Council approved two courses for Industrial Management. The Commission for Higher Education has been doing a study on access of graduate programs. Of the six largest service areas, Evansville has least access to graduate programs. The commission placed high priority on providing support for graduate programs in the Evansville area. Business, Nursing, Education, Public Administration and Engineering are recommended for M.S. programs. Associate and B.S.N. should be available.

After some discussion, the motion was made by W. Hibbitts and seconded by O. Ozete to approve the English 285 course as modified. The motion passed unanimously.

The motion was made by J. Bandoli and seconded by R. Englert to approve the deletion of Humanities 301, Humanities 302, and Humanities 490. The motion passed unanimously.

The motion was made by C. Price and seconded by J. Bandoli to approve the Music 202 course as modified. The motion passed unanimously.

### 4. Old Business

The Spring Faculty Meeting was discussed. J. Bandoli asked if handouts were going to be distributed before the meeting, and Dr. Reid said they would be.

The Distinguished Professor-of-the-Year program was discussed. H. Dunn will give a Humanities Forum this spring, and the specific date will be finalized no later than next week. J. Bandoli presented minutes from the March, 1983 Faculty Council meeting that the Fall Faculty meeting is the time recommended for the Distinguished Professor Award address.

E. Marting asked whether the scheduling of two wine and cheese mixers (one in February and one in March) was too close together. After some discussion, everyone agreed that since the mixers would attract different audiences they were not too close together.

### 5. New Business

C. Bertram sent a memo to E. Marting stating that an error was made in the minutes from Session No. 2. The correct program title is Physival Education and Wellness.

### 6. Announcements

S. Donaldson has completed her duties as secretary, and C. Price will be the secretary for next semester.

7. Establishing Time for Next Meeting

The next meeting will be Wednesday, January 15, 1986 at 3:30 p.m.
