SENIOR FULBRIGHT-HAYS PROGRAM FOR 1973-74

The Committee on International Exchange of Persons announces that applications for senior Fulbright-Hays awards for university lecturing and advanced research during 1973-74 in over 75 countries are now being accepted. The booklet on the program for this period is available on request to the Committee, (2101 Constitution Avenue, Washington, D.C. 20418), and it may be consulted at the office of the Faculty Fulbright Adviser, John B. Stabler on the Terre Haute Campus.

Application requirements include: U. S. citizenship; for lectureships, college or university teaching experience; for research awards, a doctorate or, in some fields, recognized professional standing as demonstrated by faculty rank, publications, compositions, exhibition record, etc.

July 1, 1972, is the deadline for applying for most of the announced research awards, and it is the suggested date for filing for lectureships.

Senior Fulbright-Hays awards generally consist of a maintenance allowance in local currency to cover normal living costs of the grantee and family while in residence abroad, and roundtrip travel for the grantee (transportation is not provided for dependents). For lecturers going to most non-European countries, the award includes a dollar supplement, subject to the availability of funds, or carries a stipend in dollars and foreign currency, the amount depending on the assignment, the lecturer's qualifications, salary, and other factors.
