More than 1,000 eligible for degrees in USI Commencement

For immediate release
May 13, 1997

More than 1,000 students were eligible to receive master's, bachelor's, and associate degrees at the University of Southern Indiana's 1997 Commencement, held May 10 at Roberts Stadium.

The total included three who graduated summa cum laude with perfect 4.0 grade point averages, 40 who graduated magna cum laude, and 55 who graduated cum laude. (A total of 1,017 degrees were awarded to graduates, but seven students received bachelor and associate degrees and seven received degrees for double majors, leaving the total number of graduates at 1,003.)

Ann M. Stack, recently retired publisher of *Arts Indiana Magazine*, was the speaker and received an honorary Doctor of Letters degree from the University in recognition of her leadership in advancing the arts in Indiana. Other special honors were the bestowal of the National City Bank Distinguished Professor Award on Dr. James H. Bandoli of Mt. Vernon, Indiana, an associate professor of biology, and the President's Medal on Nicole Cable of Crown Point, Indiana, a chemistry major and the student member on the USI Board of Trustees who has accepted a fellowship to study for a doctorate in Purdue University's chemistry education program.

The summa graduates were Corey B. Kendall of Washington, Indiana, a pre-med biology major who recently received the USI Board of Trustees Distinguished Merit Award; Heather L. Rollett of Evansville, who completed her USI studies as an accounting major in December and was a finalist for the USI President's Medal; and Madonna Parady Wagner of Evansville, a mother of two who returned to school nearly 20 years after her high school graduation to earn a degree in occupational therapy.

*(The list of graduates and their home towns follows;
a key for degrees and other information can be found on the reverse side.)*
