**SUVON LISTING.** Attached to this week's University Notes is the latest compilation of Indiana cities which can be reached on the SUVON line. The cities are listed in alphabetical order for your convenience. Dial "8" to get the SUVON line, then dial the number beside the listed city before dialing the number you wish to reach in that city. There should rarely be a reason when these cities would be called on the regular Indiana Bell long distance system, yet on this month's ISUE telephone bill some 5% of the toll charges were a result of calls made to these Indiana cities. Any questions regarding SUVON or regular telephone service should be directed to the Purchasing Department, extension 1847.
