ARTS/HUMANITIES SOCIETY ORGANIZED AT USI. The USI Society for Arts & Humanities has been organized as a division of the USI Foundation to ensure greater visibility and support for the University's arts and humanities programs. **Dr. James Blevins**, chairman of the Division of Humanities, said the society was developed over the summer by a group of people interested not only in the enhancement of existing programs -- the Humanities Forum, Enlow Distinguished Scholar, Faculty and Student Art exhibitions, and USI Theatre -- but in broadening USI's arts and humanities efforts for the benefit of the community. "Liaison is needed to assure that we know what the community wants and needs and that the community knows our needs and how they can be supported. We believe the involvement of more people will benefit both the University and southern Indiana," Dr. Blevins said.

The Society has elected **Mr. Robert Carithers**, an Evansville businessman, as the first chairman; **Mr. Edward Johnson**, Evansville attorney, vice chairman; and **Mrs. Susan Partenheimer** of Princeton, Indiana, secretary. A membership drive will be one of the early efforts. Membership will be offered in categories of collegiate, \$5; individual, \$15; family, \$25; contributing, \$50; and patron, \$100. Dr. Blevins said funds will be earmarked for such specific goals as enhancement of the Humanities Forum and USI Theatre programs, art exhibitions, and the Enlow Distinguished Scholar series, along with initiating Artist-, Writer-, Theatre Director-, or Scholar-in-Residence and other faculty and student development programs. A long-term goal may be the establishment of an Art Center on the USI campus. Persons interested in becoming members of the Society may contact any of the officers or Dr. Blevins for details.

NAMES IN THE NEWS. **Dr. Dona Frost**, USI professor of business, was elected to a four-year term on the 15-member Administrative Board, the governing body for Delta Kappa Gamma Society, at the organization's international convention August 4-10 in Indianapolis. The professional organization for women educators, headquartered in Austin, Texas, has 162,000 members and awards 22 international scholarships annually. Dr. Frost has been chairman of the society's Personnel Committee for the past four years.

Dr. Robert E. Gehring, associate professor of psychology, was first author of a paper presented at the August 24 meeting of the American Psychological Association in Washington, D.C. "Recall of Enacted Events with Verbal or Visual-Imagery Rehearsal" presented data in support of the hypothesis that the most efficient informational learning involves pictorial presentation plus student imagination as a study strategy.

"The Owenite Tradition in America," written by **Dr. Donald E. Pitzer**, professor of history, has been published in Japanese translation as a chapter in Robert Owen and the Co-Operative Movement (Tokyo, 1986) by the Robert Owen Association of Japan. Dr. Pitzer also has been appointed to the board of directors of the Fellowship for Intentional Community, a new national association to promote the study and dissemination of information on current communal living in America.

NEW FACES. Mr. **Dean Ramond Hall** has joined the Admissions Office staff as a counselor/recruiter for minority students. A graduate of Central High School and the University of Evansville (business marketing), he has been a math aide at Delaware Elementary School since September 1985, and a retail clerk at Gus Doerner Sporting Goods since January 1985. He previously was a financial specialist with the City of Evansville's Department of Metropolitan Development. Mr. Hall enjoys all sports, writing, music, and photography.

The exhibition, which also will travel to Bloomington and Indianapolis, will be enhanced by a free slide lecture by Mr. Whorrall, covering his travels and experiences with the artists. The lecture will be at 7 p.m. Wednesday, September 10, at the Atheneum in New Harmony. A reception will follow at the New Harmony Gallery.
