

**For immediate release  
July 2, 2001**

## **USI offering children's summer enrichment courses**

University of Southern Indiana's Super Summer Session II will begin Monday, July 9, and there's still time to register children for classes in the weeklong enrichment program.

Morning and afternoon classes will be available at Crossroads Christian Church, Outer Lincoln and Epworth Road. Children enrolling in both morning and afternoon classes should bring their own nonperishable lunches and drinks. Free lunchtime supervision will be provided.

The registration fee is \$80 for each course. Receive a \$5 discount - for a total payment of \$155 - when registering the same child in both morning and afternoon classes.

Ten classes remain open. Planets, Rockets, and Outer Space has reached its enrollment capacity so registration for that course is closed.

The class schedule follows:

### **USI Supper Summer II**

(Grades referred to are the grades to be entered this fall.)
