

INDIANA STATE UNIVERSITY EVANSVILLE

"Equal Opportunity and Affirmative Action Employer"

UNIVERSITY NOTES. VOL. X NO. 7 OCTOBER 22, 1975

Editor, Kathy Will; Associate Editor, Julie Gaul

**AMERICAN ISSUES FORUM.** ISUE Professor of Geology/Geography, *Frank Stanonis*, and the President of the local chapter of Indiana Civil Liberties Union, *Charles Berger*, will be the next two featured speakers in the ISUE sponsored American Issues class offered each Wednesday. Individual sessions of the class, offered in conjunction with the Bicentennial observance, are open to the public. The class

begins at 6:00 p.m. in Room A126.

*Dr. Stanonis* will be discussing, "Who Owns the Land?" under the broad topic "The Land of Plenty" on October 22, 1975, and *Mr. Berger* will review "Freedom of Speech, Assembly, and Religion" under the broad topic "Certain Unalienable Rights" on October 29, 1975.

**PROSPECTIVE STUDENT AND PARENT DAYS.** The first two of four Prospective Student and Parent Days are scheduled on October 23 and October 24 at ISUE. Prospective Student and Parent Days are designed to acquaint high school juniors, seniors, and their parents with college life, and in particular, a college career at ISUE. On each Prospective Student and Parent Day, different academic divisions are emphasized and students interested in that curriculum can learn all about the area. The schedule this year is as follows:

Thursday, October 23

Humanities, Social Science, Engineering Technology

Friday, October 24

Education, Science/Mathematics

Tuesday, November 11

Allied Health, Business, and persons undecided on a major

Wednesday, April 14

All Divisions will be available for students

A regular Prospective Student and Parent Day will include a morning session with the Chairman of each Division discussing course requirements and career opportunities in their area, a tour of the campus, lunch provided for the students and parents, and a short afternoon meeting on admission requirements, costs, and financial aid. The sessions are open to high school juniors and seniors and their parents. The Prospective Student and Parent Days are sponsored by the Admissions Office.

**HUMANITIES FORUM.** "No Smoking, People Are Trying to Breathe" is the topic of the October 24 Forum by *Kenneth Vance*, Assistant Professor of Communications. *Mr. Vance* will emphasize the need for protecting non-smokers in view of the increasing scientific evidence which indicates that being forced to breathe tobacco smoke is indeed harmful to health. The University's role regarding this preventative health question will be raised and suggestions will be offered as to what one can do to remedy America's top air pollution problem, smoking. The session

**HUMANITIES FORUM, CONTINUED.** will begin at 11:00 a.m. in the Library Rare Books Room. Meetings generally do not exceed one hour in length and include ample time for questions.

**COLLEGE NIGHT.** College Night, a program for high school juniors and seniors and their parents who are interested in information about all phases of college life, will be held on October 29, 1975 at 7:30 p.m. at Indiana State University Evansville. College Night is sponsored by the Evansville-Vanderburgh School Corporation.

College representatives from approximately 40 institutions of higher education are expected to participate in College Night this year. College representatives provide information about admission procedures, campus housing, academic standards, student life and financial aid for their particular institution. Six states will be sending college representatives to College Night. Those states are Colorado, Tennessee, Indiana, Illinois, Kentucky, and Missouri.

Junior and senior college bound students from all Evansville high schools and area high schools will meet with college representatives in three separate 35 minute sessions. The first session will begin at 7:30 p.m. Harold Calloway, ISUE Financial Aids Director, and James Dawson, U of E Financial Aids Director, will conduct three sessions on the different aspects of financial aid available to college students in Room A126 during College Night.

**UE - ISUE CONFERENCE.** The University of Evansville and Indiana State University Evansville will host the Region 9 Conference of the Association of College Unions-International on October 31, November 1 and 2, 1975. The theme of this year's conference is "Come Alive in 75." Conference delegates will attend workshop sessions in many areas, including Outdoor Education, which will be featured on the ISUE campus Saturday, November 1, 1975 at 3:30 p.m. The Conference delegates will be dressed in jeans and complementary "Grubbies," ready for high adventure. All Adventure Education activities are group ones, involving problem solving and trust in other group-interaction. These activities are designed to awaken self-awareness and self-in-group awareness. They provide a chance for delegates to interact, to react to challenges, and to realize a group reaction.

That evening, Saga Food Service will cater a barbeque on the University Center Mall, followed by a square dance. Colleges and universities from Indiana, Illinois, and Tennessee will be represented, as well as a variety of program oriented exhibitors which will enhance the two day conference.

**ALUMINUM CANS TO BE RECYCLED.** On Saturday, November 1, the Aluminum Company of America, Newburgh, will open an aluminum can collection center at Warrick Operations. The center will be open from 9:00 a.m. to 1:00 p.m. each Saturday. Through this program, the Aluminum Company of America will be buying empty all-aluminum cans from the public for 15 cents a pound. All-aluminum cans do not have a side seam, have a rounded bottom and are non-magnetic. The cans collected at Warrick each Saturday will be processed locally, melted and converted into more aluminum can sheet.

**ALUMINUM CANS TO BE RECYCLED, CONTINUED.** Aluminum is the most valuable material found in any significant quantity in our waste stream. Its scrap value is about ten times the salvage of any other packaging material. In addition, aluminum can be recycled time and time again since it does not deteriorate. The benefits of aluminum can recycling are significant. Litter is reduced and solid waste disposal is simplified. Also, people will benefit financially from their ecological efforts...a good program for either individual or group efforts.

**CIVIL LIBERTIES AND CRIME CONTROL FORUMS.** A series of public forums dealing with the desired balance between civil liberties and necessary crime control will be held in the Old Court House Building November 4, 11, 18, and 25. The historical evolution of Constitutional freedoms and various bills pending in the U.S. Congress dealing with civil liberties and crime control will be considered.

A \$1,600 grant from the Indiana Committee for the Humanities has been awarded to the project, which is sponsored by Indiana State University Evansville, Public Action in Correctional Effort, and the Southwestern Indiana Civil Liberties Union. *Walter Hopkins*, Associate Professor of Sociology, is project director.

**INDIANA H.E.W. CONFERENCE.** The Indiana H.E.W. Conference will be held on November 5, 6, and 7 at the Executive Inn. All Project Directors and their staffs are asked to attend. Two basic questions which will be focused on throughout the Conference are:

- 1) What are you doing to foster school desegregation?
- 2) What are you doing to foster equal educational opportunity?

Persons interested in attending the Conference should contact *Glenn Kinzie*, Director, In-Service Institute in Human Relations, 423-9535.

**HISTORIC COMMUNAL SOCIETIES CONFERENCE.** The Historic Communal Societies Conference will be held on November 6, 7 and 8 at Kentucky's restored Shaker Village at Pleasant Hill. The Conference is being sponsored by the Interim Committee on Historic Communal Cooperation, the History Department at Indiana State University Evansville, and Shakertown at Pleasant Hill, Inc.

The purpose of the Conference is to establish communication and cooperation among those who are studying, restoring and preserving historic communes. The Conference aids the development of historic communal sites by the dissemination of information regarding funding, physical restoration and preservation, and the interpretation of these communities to the public. In addition to its annual meeting, the Conference intends to stimulate interest in communal societies through publications, tourist information and the collection of archival material. All who are interested in the many contributions of historic communal societies to the American heritage are invited to attend and participate in the Conference. Persons interested in attending should contact *Donald E. Pitzer*, Director, for registration and room reservation information.

**SECRETARIES OF ISUE SELLING BICENTENNIAL MEDALLIONS.** Quality keepsakes of the Bicentennial are being sold by the Secretaries of ISUE to raise money for 1976 scholarships. The keepsake is an antique solid bronze coin designed in pendants and key chains. Each coin is individually registered with its own number and a certificate of registration is enclosed with each coin. The certificate of registration is to be returned by the customer to the Commemorative Mint. The registration feature is usually found only in more costly sterling silver and gold coins.

According to *Mrs. Judy Beck*, Co-Chairman of the Special Projects Committee of the Secretaries of ISUE, "Persons want to be a part of the Bicentennial, we have found. They want to become involved in making this celebration just as important today as it was almost 200 years ago. The Bicentennial coin can be passed on for generations to come, saying, 'I celebrated the Bicentennial.'" *Mrs. Alma LaFontaine* is also serving as Co-Chairman of the Project, and she explained that the coins are on sale at ISUE.

**CLERICAL/SUPPORT STAFF BICENTENNIAL PROJECT.** A Library Display Project has been approved by the Clerical/Support Staff Bicentennial Committee and will begin January 1, 1976. According to *Margaret Jones*, Chairman of the library project, the displays will feature "The History of the Secretary," to be displayed during January, February, and March; "History of ISUE," April, May, and June; "Military Service," July, August, and September; and "History of Evansville," October, November, and December. If anyone has an interesting item to display pertinent to any of these four subjects, please contact *Mrs. Jones*, Ext. 324.

**ISUE CHEERLEADERS CHOSEN.** Six Indiana State University Evansville coeds have been named to the cheerleading squad for the ISUE Eagles. Leading the ISUE fans in cheers this year will be freshman Joanne Wildt, freshman Ann Lachowecki, freshman Debby Sue Wahl, senior Vera Chanley, freshman Diane Stratman, and sophomore Debra Ann Wilson. The cheerleaders will be on hand for all ISUE Eagles home games at Central Arena. The first game will be December 6, 1975.

**COMPLIMENTARY SEASON BASKETBALL TICKETS.** The Athletic Department wishes to notify the administration, faculty and staff of ISUE that upon request, they will be given two complimentary reserved bench seats for the basketball season. It should be noted that this does not include chairback seats. Every attempt is being made to sell the limited number of chairbacks available. Any administrative, faculty or staff member wishing to purchase chairbacks should notify the Athletic Office as soon as possible. For your convenience in securing your complimentary tickets or purchasing additional tickets, fill out the form attached to the end of University Notes and return to the Athletic Department.

**CURRICULAR COMMITTEE ACTION.** The Curricular Committee has given its initial approval for curricular changes in the Divisions of Education, Humanities, and Science and Math and the Allied Health and Engineering Technology areas.

## CURRICULAR COMMITTEE ACTION, CONTINUED.

### Allied Health Science petition:

#### New Course:

AH 411 Health Care Systems Management

### Division of Education petitions:

#### Courses to be Modified:

EDU 366 Tests and Measurements  
EDU 392 Teaching the Social Studies in the Elementary Schools  
EDU 453 Supervised Teaching (first course)  
EDU 454 Supervised Teaching (second course)  
EDU 493 The Teaching of Reading in the Junior and Senior High School

### Division of Humanities petitions:

#### Courses to be Deleted:

GER 371 The German Novelle  
GER 373 German Drama  
GER 375 German Lyrical Poetry  
GER 377 The German Novel  
GER 378 Goethe's Faust  
GER 413 Medieval and Early Modern German Literature  
GER 418 Contemporary German Literature  
GER 423 German Morphology and Phonology  
GER 424 German Syntax  
GER 425 History of the German Language  
GER 480 Special Topics in the German Language

#### Courses to be Modified:

ART 323A Jewelry  
ART 323B Jewelry  
ART 423A Jewelry and Silversmithing  
ART 423B Silversmithing  
GER 101 Beginning German I  
GER 102 Beginning German II  
GER 201 Review German  
GER 211 German Conversation and Readings  
GER 221 German Conversation and Readings in the Social Sciences  
GER 231 German Conversation and Readings in Science and Math  
SPA 103 Conversational Spanish

### Division of Science and Mathematics petitions:

#### Courses to be Modified:

AST 470 General Astronomy  
GEO 233 Conservation of Natural Resources

#### New Course:

LS 276 Nutrition

## CURRICULAR COMMITTEE ACTION, CONTINUED.

### Technology petitions:

#### New Courses:

TEC 101	Technology Computations
TEC 110	Technology Seminar
TEC 210	Technology Seminar
TEC 121	Graphics and Communication Drawing I
TEC 122	Graphics and Communication Drawing II
TEC 123	Descriptive Geometry
TEC 125	Electrical and Electronic Drafting
TEC 131	Technology Computer Programming
TEC 141	Statics
TEC 245	Strength of Materials
CET 121	Surveying
CET 181	Law, Safety, and Estimating
CET 222	Route Surveying, Topography and Mining
CET 231	Hydraulics and Sanitation
CET 251	Structural Analysis and Design
CET 271	Construction Materials
CET 281	Soils and Foundation
EET 121	D. C. Circuits

EET 291	Electrical Project
MET 111	Materials and Processes
MET 131	Thermodynamics
MET 231	Heating, Ventilation and Air Conditioning
MET 241	Applied Fluid Mechanics
MET 251	Power Systems
MET 261	Instrumentation and Measurement
MET 271	Machine Design
MNT 221	Ventilation and Drainage
MNT 231	Geology and Rock Mechanics
MNT 241	Mine Plant Design
MNT 251	Mineral Processing

### NEW FACES.

STEPHEN NED TIMMEL of Wisconsin has accepted the temporary position of Desegregation Specialist with the In-Service Human Relations Institute. He will be working in Gary, Indiana under the direction of Dr. Glenn Kinzie. Dr. Timmel's graduate work was completed at the University of Wisconsin where he received both his masters and doctorate degrees. Since 1974, Dr. Timmel was a family therapist dealing with marital and family therapy focusing on school problems. Previously he worked as project director with Tomorrow's Youth in Wisconsin.

## CAFETERIA MENU.

Wednesday, October 22

- 1) Fried Chicken
- 2) Spaghetti with Meat Sauce

Thursday, October 23

- 1) Stromboli Day
- 2) Chopped Steak with onion
- 3) Spanish Macaroni

Friday, October 24

- 1) Fish Filets
- 2) Barbecued Beef
- 3) Liver and onions

Sunday, October 26

Buffet -- 11:00-1:30

Monday, October 27

- 1) Roast Turkey and Dressing
- 2) Lasagna

Tuesday, October 28

- 1) Taco Day
- 2) Hot Beef Sandwiches
- 3) Spaghetti with meat sauce

Wednesday, October 29

- 1) Fried Chicken
- 2) Beef Chop Suey

**POSITIONS AVAILABLE.** The following positions are available as of October 16, 1975. Indiana State University Evansville is subject to the requirements of Executive Order 11246 and is an affirmative action employer. All interested persons are encouraged to apply. Contact the Personnel Office to apply except where otherwise indicated.

### FACULTY POSITION

Accounting  
Faculty person

Division of  
Business

Teaching experience, doctoral degree preferred, will consider masters. Teach undergraduate and MBA courses. Position available August 25, 1975. Apply to Dr. Kenneth Settle, Chairman, Div. of Business.
