USI ATHLETIC DIRECTOR DUTIES ASSUMED BY DONALD BENNETT

Dr. Donald Bennett, USI Vice president for Student Affairs, will assume additional responsibilities as athletic director at the University, effective Fall Semester 1991. Athletic director duties were held by Dr. Larry Arp, who is joining the USI School of Business as full time associate professor of business. Dr. Arp has been athletic director in addition to teaching part time since 1987.

USI athletic programs have administratively reported to Bennett since they were initiated at USI in the late sixties. Some reorganization of administrative units will be made July 1, the beginning of USI's fiscal year, to accomodate the addition of athletic director duties.

The athletic program has ten USI athletic teams that compete in the Great Lakes Valley Conference. They are men's and women's basketball and tennis, men's baseball, men's cross county, men's golf, men's soccer, women's softball, and women's volleyball.
