985 eligible to graduate at USI Commencement

**For immediate release
June 1, 1995**

A record 985 students were eligible to receive master, bachelor, or associate degrees at the University of Southern Indiana's 1995 Commencement May 6, including two who graduated summa cum laude -- Chad J. Hartmann, a mathematics major who also was selected by the Student Academic Affairs Committee to receive the President's Medal, the highest award given a graduating senior, and Brent Auberry, a political science and history major who has been the student member on the USI Board of Trustees the past two years.

The two completed their college careers with perfect 4.0 grade point averages. Both attended USI under the Presidential Scholar program for Indiana high school valedictorians and salutatorians; both were valedictorians, Hartmann at Boonville (Indiana) High School and Auberry at Washington (Indiana) High School.

Also eligible for degrees are:
