USI TO GET \$200,000 FOR HIGH-TECHNOLOGY CENTER

A Technical Assistance Center is expected to be established at USI by early 1990 through a \$200,000 appropriation approved by the Indiana Corporation for Science and Technology.

Dr. David L. Rice, USI president and a member of the Corporation Board, noted few southern Indiana businesses have taken advantage of corporation grants, available since it was established in 1982 to foster high-technology research. The USI center "will offer an exciting opportunity to raise awareness of the availability of research grants in southern Indiana," Dr. Rice said.

The USI Technical Assistance Center will be southern Indiana's link to a statewide network of consultants who help

small and medium-sized businesses study and implement high-tech approaches, officials said. It will be closely associated with faculty members from the USI School of Science and Engineering Technology and the School of Business.

Assistance will be available from a network of 500 consultants associated with other technical assistance centers at Purdue and Indiana State universities. **Dr. M. Edward Jones**, associate vice president for Academic Affairs, said the most common assistance initially will be helping manufacturing operations adapt computer-aided design into their manufacturing process. He said the USI Center will allow faculty and area companies to explore areas of common interest in research, technology transfer, and other issues related to improved manufacturing processes.

SYDNEY BERGER LECTURER. Dr. George C. Herring, a University of Kentucky professor who is a recognized Vietnam War historian, will be the first Sydney Berger Lecturer on Wednesday and Thursday, November 29 and 30, at USI. The program originally was scheduled last spring and had to be postponed. Dr. Herring will deliver a public lecture on "Vietnam, American Foreign Policy, and the Uses of History" at 7:30 p.m. on November 29 in Forum I. He will lecture on "Vietnam as History" in a history class at 9:30 a.m. November 30 in Forum III, also open to the public.

The Sydney Berger Lecture will become an annual event at the University to encourage public discussion of social and religious issues. The lecture was established through an anonymous donation honoring the late Evansville attorney as an outstanding citizen and former part-time faculty member at USI. The committee selected Dr. Herring as an appropriate opening lecturer, commemorating the 25th anniversary of the Gulf of Tonkin episode and the escalation of American

involvement in the Vietnam War.

Dr. Herring is the author of *America's Longest War: The United States and Vietnam, 1950-1975*, published in 1985 by Knopf and now in its second edition. **Dr. Darrel E. Bigham**, USI professor of history who is using the book in his classes, said it is "the most comprehensive study to date of American involvement in the Vietnam war. Dr. Herring has received critical acclaim for its balance."

Dr. Herring is chairman of UK's Department of History, was the University's 1988 Distinguished Professor, and is 1989 president of the Society for Historians of American Foreign Relations. He has been at the University of Kentucky since 1969 and previously taught at Ohio University. He is a graduate of Roanoke College and the University of Virginia. Dr. Herring's other publications have included *Aid to Russia, 1941-1946: Strategy, Diplomacy, the Origins of the Cold War*, published in 1973 by Columbia University Press; *The Diaries of Edward R. Stettinius, Jr., 1943-1946*, published in

1975 by New Viewpoints; *The Secret Diplomacy of the Vietnam War: The Negotiating Volumes of the Pentagon Papers*, published in 1983 by the University of Texas Press; and *The Central America Crisis*, published in 1985 by Scholarly Resources. He also has had articles published in the *Journal of American History*, *Political Science Quarterly*, *Diplomatic History*, *Virginia Quarterly Review*, and *Military Affairs*. He was editor of *Diplomatic History* from 1982 to 1986.

For information, contact **Ms. Connie Weinzapfel**, Gallery director, 682-3156.

Mr. Davis' shadow boxes incorporate feathers, eggs, and bones which reflect his avocation of raising poultry for competition. The elegant collages of **Mr. Fraser** combine leaves, book pages, and drawing to suggest the collection of historical data. **Ms. Parsley** creates elaborate collages which usually are built around old photographs, with use of beads, lace, and velvet giving them a Victorian feeling. **Ms. Solovic's** complex works are colorful, comic social commentary with titles like "The 4 Bs of America: Baseball, Bingo, Bowling, and Beer."

CALENDARS AVAILABLE. The 1990 Success calendar refills now are available in the USI Bookstore.

PAYROLL REMINDER. For those with direct deposit, your pay is deposited into your bank account after banking hours on the scheduled pay date, NOT the day you receive your check stub. Normally, the stub will arrive at your home a day before payday. However, when payday falls on Tuesday (as happened with this past monthly and adjunct pay), your check stub will arrive on the Saturday before. This occurs because the bank mails the stubs the same day it processes the payroll, which is two working days before the actual pay date.
