

**EMPLOYEE BLOOD PRESSURE CLINIC.** Coronary disease is by far the #1 killer of adults in the United States! Each year over 1 million deaths are attributed to some form of cardiovascular disease. One of these is hypertension. 22,950,000 Americans have hypertension, but only one-half of them know it. High blood pressure (hypertension) is a silent, mysterious killer . . . silent because it has no characteristic symptoms. One in every six adults has some elevation of blood pressure, which can result in

stroke, congestive heart failure, kidney disease and is a major risk factor in coronary artery disease. High blood pressure can be detected by a simple test. Once diagnosed, effective treatment is available which can be administered by a physician or other professionals working under direction of a physician. The ISUE Health Service wants to help you detect any problems with hypertension. Please come in and have a reading taken on March 17, 1977 from 8:00 a.m. to 12:00 noon or 1:00 p.m. to 6:00. All information will be kept in strict confidence. For further information call extension 1807.

**UNIVERSITY OUTREACH.** Ten faculty members of Indiana State University Evansville are participating in a lecture/discussion series for women funded by a grant from the Indiana Committee for the Humanities. The series, University Outreach: Issues in Contemporary Society, is being offered through the ISUE Office of Continuing Education.

Five cities and Evansville have been chosen as sites for University Outreach. The other locations are Mt. Vernon, Newburgh, Tell City, Petersburg, and New Harmony. Various organizations in each of these locations will co-sponsor the series which will begin the week of March 20 and continue through April.

University Outreach will offer important and complex issues of current interest in stimulating, thought-provoking discussion. Many of the sessions will be offered in private homes.

Faculty members participating in University Outreach are ALDO CARDARELLI, Associate Professor of Education; ANNE DENNER, Instructor of Life Science; MIKE DENNER, Professor of Life Science; HOWARD DUNN, Associate Professor of Chemistry; HOWARD GABENNESCH, Assistant Professor of Sociology; MARIE HANKINS, Assistant Professor of Chemistry; WALTER HOPKINS, Associate Professor of Sociology; CHARLES PETRANEK, Assistant Professor of Sociology; THOMAS RIVERS, Assistant Professor of English; and JANET WYATT, Instructor in Psychology.

Topics to be covered include education, food additives, genetics, world food population, cancer, drugs, college students and sexuality, inequality in America, energy crisis, crime in American society, the family, censorship, communications in the family, and women's liberation.

Brochures further explaining University Outreach that give the schedule of the lectures are available in the Office of Continuing Education.
