

University of Southern Indiana UNIVERSITY NOTES

Kathy W. Funke, Editor • 812/465-7050 • Janice Perkins, Associate Editor

Vol. XXIX, No. 2 - September 2, 1994

Deadline: FRIDAY AFTERNOON

Founders Day to honor six professors

The 1994 Founders Day program will be held at 3:30 p.m. Thursday, September 15, in the UC Dining Room, where recognition will be bestowed on six professors who are celebrating 25 years with the University. The honorees will include:

Dr. Charles J. Bertram, professor of mathematics and education and compliance coordinator; Dr. Howard E. Dunn, professor of chemistry; Dr. Helen R. Sands, professor of communications; Dr. Robert M. Small, Jr., associate professor of education and educational psychology; Dr. Frank L. Stanonis, professor of geology and geography and chair of the department; and Dr. Michael D. Waitman, associate professor of English. All joined the USI faculty in September 1969 except Dr. Waitman, who began teaching at USI in January 1969.

Dr. Bertram was chair of the old ISUE Division of Education for 14 years, teacher certification director for nine years, and for many years has been an Indiana examiner for the National Council for Accreditation of Teacher Education and the Indiana Teacher Education Standards Board. He is president of the Indiana Library and Historical Board, and former secretary of the Indiana Textbook Adoptions Advisory Committee of the State Board of Education. He has been faculty representative to the NCAA and Great Lakes Valley Conference since 1974 and has been a high school basketball referee for more than 20 years. Dr. Bertram received an A.B. from the University of Evansville, M.S. from Southern Illinois University-Carbondale, and Ph.D. from Indiana University.

Dr. Dunn was chosen by his colleagues to receive the 1985 National City Bank Distinguished Professor Award. A magna cum laude graduate of William Jewell College, he received a Ph.D. at the University of Illinois in organic chemistry and accepted a position at Phillips Petroleum in exploratory research. In four years with Phillips, he submitted 142 ideas, did lab work on 20 of them, and had U.S. patents issued on 16. Since coming to USI, Dr. Dunn has patented a commercial water purification sys-

tem and discovered a new class of organic compounds, and has done research in brain receptor site studies and a new anticonvulsant drug. He and Dr. Benjamin P. Miller, professor emeritus of physics, developed AIRMOD, a computerized atmospheric dispersion modeling program which they believe will temper the impact of an industrial chemical release or spill. The program allows emergency planners to preview the extent and speed of the spread of spilled or released fumes, making the development of efficient evacuation plans possible. The two professors worked on the program for 12 years.

Dr. Sands received a B.S. in elementary education from the University of Vermont and M.S. and Ph.D. from SIU-Carbondale, where she was a graduate fellow and graduate assistant. She taught elementary school in Vermont prior to coming to the Midwest. At USI, she and Ms. Mary A. Schroeder, assistant professor of communications, have for many years coordinated the annual speech contest for Tri-State high school students.

Dr. Small, who plans to retire in December, is described as a teacher with thorough advising skills, particularly with transfer students. He helped set up the pilot program for teaching field experience, particularly

Senator Coats to visit campus

U. S. Senator Dan Coats will visit the USI campus between 1 and 3 p.m. Thursday, September 15. His plane is expected to land about 12:30 p.m., so the first event probably will be held about 1:15 p.m. Plans are being made for a meeting with Dr. H. Ray Hoops, University president; a public reception in the Orr Center lobby; and a lecture in Dr. Walter W. Jermakowicz's class. Ms. Cindy Brinker, assistant vice president for Business Affairs, is handling details.

in private schools. Dr. Small is a past chair of the Faculty Senate and Teacher Education Committee, was a sponsor for the Student Education Association, and was an academic testing and special placement consultant for Evansville-Vanderburgh and Mt. Vernon school districts. He received a B.A. degree from the University of Evansville, M.S. in education from Indiana University, and Ed.D. from Ball State, where he was a doctoral fellow.

Dr. Waitman earned B.A., M.A., and Ph.D. degrees and was a teaching fellow at St. Louis University; he recently received a second master's degree in religious studies from Vanderbilt University and has a special interest in Eastern religions. His University activities have included coordinating the Religion and the University noon discussion group and representing USI on the Evansville Campus Ministries. He teaches both humanities and English and is faculty advisor for the English honorary, Sigma Tau Delta.

Dr. Stanonis was chair of the Division of Science and Mathematics (1973-79) and resumed the position in early 1988, then

became dean of the School of Science and Engineering Technology when reorganization occurred.; he stepped down as dean this past summer. Dr. Stanonis took a one-year leave of absence in 1976 to serve as commissioner for Environmental Quality for the Commonwealth of Kentucky. He also operated a geological and exploration consulting firm in Henderson before joining USI. Dr. Stanonis received his B.S. and M.S. degrees from the University of Kentucky and his Ph.D. from Pennsylvania State University.

Welcome --

Ms. Amy Denham has joined the staff as a security officer. A USI elementary education student, she previously was a student security officer.

Mrs. Claudette L. Giscombe has joined the faculty as a biology instructor. She is a naturalized citizen who received an A.S. from West Indies College, Jamaica; a B.S. in biological science from Andrews University in Michigan, and M.S. in education from Long Island (NY) University. She has taught at Northeastern Academy in New York and Kingsway High School and West Indies College in Jamaica.

Mr. Craig Martin, a Presidential Scholar and a star player with the USI Eagles' 1993-94 No. 2 team in NCAA Division II, has been named graduate assistant coach. He succeeds **Mr. Brent Baker**, who recently became an assistant coach at the University of Tennessee-Martin. Mr. Martin, a '94 magna cum laude business administration graduate, was a four-year letterman with the USI Eagles. He won the Great Lakes Valley Conference (GLVC) Richard F. Scharf Paragon Award presented to male and female players who demonstrate athletic excellence and achievement, character, and leadership.

Changes --

Mr. Juzar Ahmed, formerly a computer maintenance technician who has earned an M.B.A. at the University, has been promoted to academic services analyst...**Mrs. Laura M. Berry**, resident life program coordinator in student housing, has been promoted to assistant director of housing...**Dr. Scott A. Gordon**, a new faculty member, is

MDA benefit

WSWI radio station will sponsor its annual benefit for the Muscular Dystrophy Association, assisted by co-sponsors CAB and Martin Electronics.

The program from 8 p.m. to 12 midnight Saturday, September 3, in the UC Dining Room will feature three local bands who have members attending USI -- Big Jon 350, Luna Clara, and Kunga Sludge.

Admission will be \$3 a person, with proceeds going to MDA. WSWI deejays will spin records during breaks. For information, call **Mr. Matt Martin**, WSWI music director and benefit chairman, extension 1836.

an assistant professor of botany, not an instructor as was listed last week.

If there have been other changes around the University, please let us know -- call extension 7050 or extension 1999, or e-mail it to KFUNK or PERKINS.

Names in the news: **Dr. Charles T. Barber**, chair of the Philosophy and Political Science Department, and his wife **Ms. Carolyn L. Roth**, lecturer in art, recently returned from a two-week trip to three European capitals: Vienna, Austria, Prague, Czechoslovakia, and Berlin, Germany. **Dr. Barber** presented his paper, "Democratization in Federal Systems: Integration or Disintegration?" at the 16th World Congress of the International Political Science Association, held August 21-25 in Berlin.

Meet the candidates

The Student Government Association and the West Side Improvement Association are co-sponsoring a "Meet the Candidates" night at 7 p.m. Wednesday, September 14, in the UC Dining Room. The University community is invited to meet and hear remarks from candidates for Vanderburgh County offices and for the 8th District congressional seat.

He led a panel discussion of "Federalism: Consultative or Consensual." An abstract of his paper was published in *International Political Science Abstracts*, Vol. 44, No. 4, supplement.

Preparing for his fall International Organizations course, **Dr. Barber** interviewed officials of six groups in Prague and Vienna: the Conference on Security and Cooperation in Europe (CSCE), International Atomic Energy Agency (IAEA), Organization of Petroleum Exporting Countries (OPEC), United Nations Industrial Development Organization (UNIDO), UN Information Office, and UN Relief and Works Agency for Palestine Refugees in the Near East (UNRWA).

Dr. Michael E. Goggin, assistant professor of physics, is the co-author of an article, "Chaos is not an artifact of finite-digit arithmetic," published in the June issue of the *American Journal of Physics*. The article demonstrates that numerical precision is not the source of sensitivity in chaotic systems. **Dr. Goggin** also attended the summer meeting of the American Association of Physics Teachers, held August 8-12 at the University of Notre Dame.

Mrs. Pam B. Koob, assistant professor of nursing, has completed 12 Certificate in Management courses to earn the Advanced Certificate in Management in Extended Services, while **Mrs. Pamela S. Hurley**, Computer Center secretary, and **Mrs. Mary Alice Weigand**, University Division secretary, have completed six courses to earn the Certificate in Management.

University core curriculum: The General Education Committee has received the following petition for an added course: DTHY 401 Clinical Management I for Category D: Synthesis. Anyone wishing to comment on the petition should send comments in writing to **Dr. John H. Gottcent**, coordinator of General Education, extension 1750. The petition will be considered at the committee meeting at 3 p.m. Friday, September 23, in SC294.

Conflicts of interest: Under the Indiana "conflicts of interest" law, faculty and administrative staff members are required to file disclosure statements stating any financial interest which the individual may have

in any University contract or purchase. The responsibility for filing disclosure statements rests on the person with the potential conflict. Copies of the Conflicts of Interest: Compliance Disclosure Requirements and the disclosure statements are available in the office of the vice president for Business Affairs. Direct questions to Mr. Richard Schmidt, vice president for Business Affairs, extension 1849.

Concert Choir: Mr. Daniel R. Craig, director of music, would like to remind the singers in the University community that the new concert choir now is rehearsing from 1 to 2 p.m., three times a week, preparing for a concert by semester's end. The program is offered for credit (classes started Monday, August 29), but anyone who wants to sing is invited to join them in rehearsals. Call Mr. Craig, extension 1736, for information.

Mr. Craig also directs the Mid-America Singers and Band, now in rehearsal for their first fall performance, a concert October 15 on Rice Plaze for the Family Day program. Mr. Craig also is working on concert tours for the group, including participating in the PSI Powerful Performance series of benefit concerts in Hoosier high schools.

OSHA rules videoconference: A videoconference on OSHA Confined Space Regulation Enforcement will be aired at 11:45 a.m. Wednesday, September 14, in the Conference Center, co-sponsored by Extended Services and the Evansville Area Safety Council (EASC). OSHA training personnel will be featured and will explain the OSHA definition of a permit-required confined space -- whether defined by location, equipment, or materials -- and the OSHA position on hazardous-ventilation procedures, space reclassification, program requirements and recordkeeping, and rescue requirements.

A local panel discussion will follow the videoconference, involving representatives of IOSHA, the Indiana Department of Labor's Bureau of Safety, Education, and Training (BUSET), and EASC. Mr. Wilder Allen of Southern Indiana Gas & Electric Co. will moderate the panel; panelists will be Mr. Bill Pfister and Mr. Bill Miller of BUSET and Mr. Joe Green of OH&H Corporation.

Tryouts slated --

Baseball Coach Mike Goedde has announced that tryouts will be held at 3 p.m. Tuesday, September 6, at the baseball field. Interested students may call extension 1943 for information.

Women's basketball Coach Chancellor Dugan reports students interested in walk-on tryouts for women's basketball should attend a meeting at 3 p.m. Tuesday, September 6, at the Physical Activities Center. Call extension 1895 for information.

The videoconference is being presented via satellite by the OSHA Training Institute and the Hazardous Materials Training and Research Institute. The registration fee for the four-hour program (videoconference and panel discussion) is \$100 (\$75 each for three or more registering together) and includes lunch, a break, and materials. Call Extended Services, extension 1989, for information or to register.

Historic New Harmony: The free craft demonstration series will feature open-hearth cooking on Saturday, September 3, at the Double Log Cabin. Ms. Jean Hadley, a Posey County resident, will conduct the demonstrations from 9 a.m. to 12 noon and 1-4 p.m., and will cook a meal typical for the period of the 1775 log cabin.

Register to vote: Mrs. Suzanne A. Nicholson, director of Development, is certified to register voters for the November election in Evansville/Vanderburgh County. If you are a new resident or have moved, Mrs. Nicholson offers a convenient way to become eligible to vote. Among offices to be decided are several county positions and the 8th District congressional seat.

Ellis invitation: Saturday, September 3, will be USI Day at Ellis Park and track officials have invited all students, faculty, and staff to be special guests at the races. By showing a University identification card, you will receive free general admission and free parking. The staff at Ellis Park made this offer in appreciation for the cooperation experienced with the USI Athletic Department in advertising and with the Alumni Association in arranging a special day in the Sky Theater.

Back the USI athletes: The Secretaries and Associates Club would like everyone to back USI ball teams by purchasing USI earrings or lapel pins. The earrings are \$5 a

pair, available in post or clip; the lapel pin is \$3. The supply is limited so let Mrs. Janet Duncan, extension 1848, or Mrs. Joyce Babillis, extension 1816, know how many you want.

Season tickets: October 1 is the deadline to renew your seating for 1994-95 USI Eagles basketball games at the Physical Activities Center. Season tickets which have not been renewed by that date will be released and reassigned. If you want to confirm or change your seats, or if you are not a season ticketholder and want to be, call the USI Athletic Office, extension 1846, to work out details.

Sports this week - Cross country - men's and women's teams will host the USI Alumni Race; the men run at 9 a.m., the women at 9:45 on Saturday, September 3.

Men's Golf - USI in the Eastern Illinois Invitational at Charleston, Tuesday, September 6.

Soccer - the Eagles will host the annual Alumni Game at 7 p.m. Friday, September 2, and will host Oral Roberts at 4 p.m. Monday, September 5.

Tennis - the women's team will play DePauw at 3 p.m. Thursday, September 8, at DePauw.

Volleyball - the Eagles will enter the California (PA) University Classic Friday and Saturday, September 2-3, then play at Ashland (Ohio) University at 7 p.m. Friday, September 9.

Don't be afraid to talk to yourself -- it's the only way you can be sure someone is listening.

The following positions are available for September 2, 1994. The University of Southern Indiana is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. Interested individuals should contact the Human Resources Office, FWA166, extension 1844. Each job has been assigned a reference number. When applying for positions please use the reference number.

FACULTY/ADMINISTRATIVE

Dean - A4016 - School of Science and Engineering Technology

Full-time administrative position available January 2 to serve as chief academic and administrative officer of the School which includes Biology, Chemistry, Engineering Technology, Geosciences, and Mathematics departments. Requirements include earned doctorate from accredited institution in a discipline within the School; demonstrated record of teaching and scholarly accomplishments that support appointment at advanced rank with tenure; experience in and commitment to developing undergraduate and graduate programs; experience in planning and budget management with successful record of obtaining external funds; ability to work with faculty within the School and University with emphasis on encouraging cooperation and collaboration among diverse disciplines; and commitment to understanding/responding to community needs and interests. Letters of application are requested by October 14, but will be accepted until position is filled; submit letter of application, resume, and names and addresses of three professional references to Dr. Robert L. Reid, Vice President for Academic Affairs.
