***Southern Indiana Review* available in June**

The 1998 edition of University of Southern Indiana's arts and literary journal, *Southern Indiana Review*, will be available in area bookstores in early June.

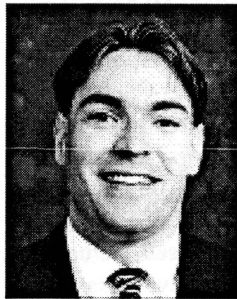

This is the fifth issue of the ...*Review*, which showcases a cross-section of emerging and established writers and artists. Their work includes poetry, fiction, non-fiction, photography, and other art work.

Many of the 25 writers and eight artists are affiliated with USI or the RopeWalk Writers Retreat. Ms. Teresa Kramer, editor of the literary journal, explained that the ...*Review* relaxed its submission requirements this year to allow work from outside USI. She said, "The ...*Review*'s goal is to become a voice of the American Heartland, by presenting the work of writers with Midwestern roots or those whose themes represent this area."

A *Southern Indiana Review* celebration will be held at Barnes & Noble Bookstore at 624 S. Green River Road from 1 p.m. to closing on June 27. The day will be filled with live music and readings.

Of the writers published in this issue, several will read their work through the course of the day. Participating are Ms. **Judy Buckman**, lecturer in English; Ms. **Anne Laker**; Mr. **Jim McGarrah**, student; Mr. **C. Lynn Kinkade**; Ms. **Linda Neal Reising**; Mr. **Scott Saalman**; and Ms. **Mary Jane Schenk**, administrative assistant, Office of the President.

USI hosts asthma camp for area youths

USI will host an asthma camp for children with asthma ages 6 to 11, from 9 a.m. to 3 p.m. Monday - Friday, June 1 - 5.

Project director **Julie St. Clair**, instructor in nursing, attended an asthma workshop last year in Henderson, and decided to arrange a similar workshop, in Evansville. She said that, "Statistics show a steady national increase in the past ten years in the number of asthma cases and the level of severity." St. Clair said that asthma has become a major national health issue with seven percent of young people ages 18 and under experiencing various degrees of asthma.

After receiving a grant for this project from the Foundation for Community Health, she began working with other local health professionals to arrange this week of activities for children with asthma.

Co-director **Gina Schaar**, instructor in nursing, will participate throughout the program as camp nurse. She is prepared to manage any health care issues and administer emergency procedures should the need arise. Co-director **Barbara Miller**, director of the Daniel Wertz after-school day care program, scheduled many safe activities for participants as well as a daily educational program to teach them more about asthma and improve personal management. Camp counselors will be USI students majoring in respiratory therapy or nursing.
