Dedicated to Leah and Maddox

Introduction

Catherine Starfinger is my Great-Great-Great-Aunt. She was first married to Herman Severin Seng. Together they had five children – Herman Peter, Elizabeth, Anna Maria, Sophia and Stephan. After Herman died at the early age of 36, in August 1858, Catherine second married my GGG Uncle Joseph Schell in October 1858. Together Joseph and Catherine had two daughters, Appolonia and Christina. After Joseph Schell died in Dec 1863, Catherine third married John Schwindel. They had one daughter, Katherine.

In 2015, I wrote a book, The Schell Family of Ferdinand, Indiana, and organized the Schell Family Reunion, held at Ferdinand, Indiana for June 2015. At that reunion attended by 105 people, numerous family members asked about the Seng family. There were several marriages among the Schell and the Seng families. Many were curious if they were also related to all the Sengs. Well, I did not know how the answer to that query.

So, thereafter, I began researching the Seng family too. It was a challenge because some records for the patriarch had the name Herman Seng and others had the name Severin Seng. The Seng name was also recorded as Song or Sing. It wasn't crystal clear if Herman and Severin were two different people, or brothers, cousins, or if even related. With diligence, I found other sources that indicated Herman and Severin were indeed the same person. Additionally, church or government records had Catherine's name as Katherine Stahlringer or Catherina Steuernagel. With the records having been handwritten, transcriptions led to unintentional misspellings.

This book is a listing of the descendants of Herman Severin Seng. It is not 100% inclusive of all Seng descendants, but is my attempt to find the first three generations, using available public records. Obituaries often list the surviving close relatives and those who preceded in death. The obituaries were used to identify the past generations and the future generations.

The descendant report is given in a specific format. It is an indented text outline showing descendants of the source couple for a specified number of generations. Descendant reports don't have graphic elements — such as boxes or lines. Herman Severin Seng is the source person and is assigned the number 1.

As an example, is:

```
| | | | | (6) 1.1a.2.4.1.1a Kenneth Joseph Schaefer*1941,2005
| | | | |   b. 21 Sep 1941, Jasper, Dubois County, IN
| | | | |   d. 31 Jan 2005, Santa Claus, Spencer County, IN
| | | | |   bur. 3 Feb 2005, St. Nicholas Cemetery, Santa Claus, IN
| | | | |   & Barbara Marie May1944
| | | | |   b. abt 1944, Indiana
| | | | |   m. 22 Jun 1991, St. Meinrad, Spencer County, IN
```

Moving up the vertical connecting front bars "I" helps one find the parents. The more generations down from Herman Severin Seng, the more bars. The number in parenthesis is the generation prefix and indicates the individual's generation from Herman Severin Seng. The identifying genealogy code used the legal outline method and is assigned to each descendant. Descendants with more than one spouse will automatically receive a lowercase alphabet letter suffix for each of their marriages. The first marriage has the letter "a". A second marriage would use the letter "b" in the code. As an example, "1.3.2.5" means "the 5th child of the 2nd child of the 3rd child of the source Herman Seng." The descendant's name is in bold type. An asterisk after the person's name indicates additional marriages. The superscripts are the sources of information for that person. Birth, marriage, death, burial and spouse information are provided.

Sources of information are provided after the report. A People Index is given for the genealogy codes.

All the best to those researching the Seng family.
